THE following orders of the Government of Bengal in the Department of Education are hereby notified for general information :—“Under section 22, read with section 21, sub-section (3) of the Indian Universities Act, 1904 (VIII of 1904), as amended by the Calcutta University Act, 1921 (VII of 1921), the Government of Bengal are pleased to order that with effect from the commencement of the session 1925-26 the Feni College shall be affiliated to the University of Calcutta in Philosophy to the B. A. Pass Standard.”

J. C. GHOSH, Registrar

SENATE HOUSE, the 28th April 1925.

N.B.—This cancels all rules published before 1925.

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

1. Two classes of students are admitted for study in the College :—

(a) "Regular class" or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University and the provinces of Assam and Central Provinces, and those who come from the Dacca University and Board as provided for in rule 4.

(b) "Military class" (only students of European or Anglo-Indian parentage are admitted to this class). (See separate prospectus for military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service

2 The minimum preliminary qualification for admission to the (a) "Regular class" is the Pass certificate of the I. Sc. Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz., in English, Physics, Chemistry and Botany.

3. The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on the 5th October and closes on the 31st March.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list —

	Rs	A
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	4	0
Total	86	8

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, and 6 candidates by the Inspector-General, Civil Hospitals, Assam, 3 candidates of the Dacca University and 3 candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (a) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under Rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs 80 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M B Examination shall pay fees for the whole session at the following rates in one instalment :—

						Rs
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to military students, shall be Rs 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of college fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No 601 of the 7th December 1880

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as regular students

20. The following is the curriculum of the College —

Regular students.

First year (one Summer term and one Winter term).

Physics, Chemistry, Botany, Zoology, and Practical Classes in all these subjects, Test examination in all the subjects will be held during the course of the first year classes, and the students who fail in these examinations will not be sent up for the Preliminary Scientific M. B. Examination. Those students who are sent up for the Preliminary Scientific M. B. Examination but fail twice in one year in the said examination will be transferred to the Membership course of the State Medical Faculty of Bengal after the second chance.

N.B.—The first year's course also includes Anatomy in which there will be a class test examination during the course, upon which will depend the promotion of a student to the second year class

Second year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Practical Pharmacy and Dissections to be followed by examinations for award of College scholarships with class examination during the course. Students failing to pass the class examination in Anatomy will not be eligible for any scholarship and will not be promoted to the third year class.

Third year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Organic Chemistry, Dissections and Practical classes in Physiology and Organic Chemistry with the usual class examination in the

above subjects for scholarships, medals and certificates of honour of the College Students who fail four times in two years at the First M. B. Examination will not be allowed to go on with the M. B. course, but they may take up the Membership course of the State Medical Faculty of Bengal.

A B—Both in Preliminary Scientific M. B. and First M. B. Examinations "failure" means and includes "failure to pass" and "failure to appear".

Fourth year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Pathology, Medical Jurisprudence, Hygiene, Dental Surgery, Hospital Practice (12 months), Clinical Methods and 20 Demonstrations, Practical Surgery and Bandaging and 30 Demonstrations, with class examinations at intervals in all the subjects.

Fifth year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Hygiene, Ophthalmic Surgery, Operative Surgery, Mental Disease, Practical Pathology and Bacteriology, Practical Midwifery and 20 Demonstrations, Hospital Practice (12 months) with class examinations at intervals in all the subjects.

Sixth year (one Summer term and one Winter term).

Medicine, Special Classes and Hospital Practice (12 months), to be followed by the Final M. B. Examination.

21. The following are the scholarships and rewards obtainable by students.—

- (a) Ten College scholarships of Rs 12 each tenable for one year, together with free tuition, are awarded to ten students on the result of the Test and Scholarship examinations at the end of the first year class, provided such students also pass the Preliminary Scientific M. B. Examination of the Calcutta University at the first attempt
- (b) Ten College scholarships Rs 12 each, tenable for the one year, together with free tuition, are awarded to ten students on the results of the second year's Scholarship and Test examinations.
- (c) Ten scholarships of Rs. 12 each, tenable for three years, together with free tuition, are awarded to ten students on the results of the Scholarship and Test examinations of the third year class, provided such students also pass the First M. B. Examination of the Calcutta University.

NOTE.—Only students of Bengal are allowed to compete for these scholarships. Forty per cent is the pass mark of the class examination and 60 per cent is the pass mark of the Scholarship examination. All scholarships are granted subject to good conduct and satisfactory progress.

- (d) Six Government scholarships (one for each year) of the value of Rs 25 will be awarded to the female students of the regular class who do not get the Dufferin or other scholarship.

(e) Moshin scholarships—

Six stipends of the value of Rs. 15 each tenable in the Medical College, Calcutta, are annually awarded by the Director of Public Instruction from the Moshin Endowment Fund to deserving poor Bengali Muhammadan students in the following manner :—

Two scholarships on admission, tenable for one year only, on the result of the I.Sc. Examination.

Two scholarships tenable for two years on the result of the Preliminary Scientific M. B. Examination.

Two scholarships tenable for three years on the result of the First M. B. Examination.

- (f) A limited number of stipends will be granted to Muhammadan students of straitened circumstances who must prove to the satisfaction of the Principal that they are poor deserving Bengali Muhammadan students.

22. If on account of the death, resignation or dismissal of any College scholar, a scholarship falls vacant, such scholarship will be awarded to the next best student in the list of the last Scholarship examination, or to such other student as the Principal may consider fit.

23. Holders of the College scholarships, any other Government scholarship or Trust Funds scholarships administered by Government are not eligible for the Durg Charan Laha Scholarship. Similarly, a student already holding a scholarship, either on the result of the University examination or granted by Government, is not eligible to compete for the College scholarships.

24. Regular students, who at any time are referred for a second year of study in all the subjects of one curriculum, are thereby rendered ineligible for any of the stipendiary scholarships awarded by the Government of Bengal. They are however eligible for the special scholarships and class prizes and medals and certificates of honour of the College.

25. Certificates of honour, to the number of three in each subject, may be awarded by the Professors, subject to the sanction of the Principal, to such students who have not obtained the medal but are deemed worthy of it.

Sheriff's Sale Proclamation.

TO be peremptorily sold pursuant to an order of the High Court of Judicature at Fort William in Bengal made in the Ordinary Original Civil Jurisdiction in suit No 839 of 1910 (Dooly Chand vs Gobinda Das Pitty) and dated 21st July 1922 by the Sheriff of Calcutta in his sale room in the Court House, on Friday, the 5th day of June 1925, at 12 o'clock noon, the following property belonging to the defendant judgment-debtor.

All that partly two storied and partly one storied messuage or dwelling house together with the piece or parcel of land thereunto belonging and on part whereof the same is erected and built containing by estimation 15 cottahs more or less and known as No 1, Shyam Square, East (formerly No 16-1, Ram Kanta Bose's Street), in Sootanooty in the Northern Division of the town of Calcutta and bounded as follows — On the north by the premises No 2, Shyam Square East (formerly No 16-1-1, Ram Kanta Bose's Street) on east partly by the house and premises No 110, Shyam Bazar Street and partly by the house now or formerly of Babu Radha Raman Kar and Radha Gobinda Kar and partly by the house now or formerly of Akshoy Charan Mukherjee and on the south and west by a public road

From searches made in the office of the Registrar of Assurances, Calcutta, from the year 1865 to the 20th day of April 1925, it appears that the abovenamed property is subject to the following encumbrances —

(1) Mortgage, dated the 4th August 1909, from Gobinda Das Pitty to Nundo Lal Roy and others to secure repayment of Rs 61,000 with interest at 8 per cent per annum and cost, and registered at the Calcutta Registry Office in Book No 1, volume 48, page 226-235, being No 1941 of 1909

(2) Further charge, dated the 24th February 1910, from Gobinda Das Pitty to Nundo Lal Roy and others to secure repayment of further sum of Rs 3,000 with interest at 8 per cent per annum and costs and registered at the Calcutta Joint Sub Registry Office in Book No 1, volume 9, pages 249-253 and being No. 625 of 1910

(3) Second mortgage by way of additional security, dated the 25th May 1912, from Gobinda Das Pitty to J. C Galstaun and another to secure repayment of Rs 20,000 and registered at the Calcutta Registry Office in Book No 1, volume 42, page 212 and being No 1195 of 1912

That by a decree of this Court made in this suit and dated the 14th day of June 1921 the plaintiffs were directed to execute a reconveyance in respect of the said premises and the draft reconveyance is ready but has not yet been executed

The sum for the recovery of which the sale has been ordered is Rs 65,359-9-11 with interest on Rs 59,947-9-8 at the rate of 6 per cent per annum from 1st April 1920 till realization and the costs and expenses of and incidental to taking out this execution and those of this suit which have not yet been taxed

The conditions of sale may be inspected at the office of the Sheriff of Calcutta on any day before the sale and will be produced at the time of the sale

DACCA, the 30th April 1925.

H. D. BANERJI, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 29th April 1925.

Summary.—During the week the rainfall was generally moderate to heavy. It has benefited the standing crops and the agricultural operations generally in West Bengal, while in East and North Bengal excessive rain has interfered with the sowing and weeding of jute and paddy, especially in low land tracts. The average price of common rice for the province has risen by about 0·39 per cent. as compared with that of the previous week.

(Public.)

NOTIFICATION.

No F 453-24—I, dated Simla, the 13th June 1925—In exercise of the powers conferred by rule 6 of the Devolution Rules, the Governor-General in Council, with the previous sanction of the Secretary of State in Council, is pleased to direct that the transfer of all the transferred subjects in the province of Bengal shall be suspended with effect from the 13th June 1925 to the 21st January 1927.

H. TONKINSON,

Secretary to the Government of India.

RESOLUTION.

No F. 453-24—II, dated Simla, the 13th June 1925.—The decision that the transfer of all transferred subjects in the province of Bengal shall be suspended from the 13th June 1925 until the 21st January 1927 has been announced in the notification of the Government of India in the Home Department No. F. 453-24—I (Public), dated the 13th June 1925, and the Governor-General in Council takes this opportunity of stating the reasons which have led the Government of India and the Secretary of State in Council to this decision.

2. The present Bengal Legislative Council met for the first time on the 21st January 1924. On the 24th March 1924 the Council rejected the demand for the salaries of Ministers by 1 vote. A motion, which was equivalent to a vote of censure, had, however, been moved in the same Council on the 20th February 1924 and had been rejected. The Ministers accordingly did not consider the vote of the 24th March as a vote of censure, and they were prepared to continue in office without salary. His Excellency the Governor of Bengal also accepted the view that the decision of the Council on the 24th March did not necessarily represent its considered opinion, either in regard to the personnel of the existing Ministry or in regard to the question whether any Ministers should be appointed at all. It was therefore decided to resubmit the matter for the reconsideration of the Council at its next meeting, and meanwhile the Ministers continued in office. A supplementary demand for the salaries of Ministers was placed before the Council on the 26th August 1924 and was rejected by 68 votes to 66. The Ministers then resigned and His Excellency the Governor assumed charge of the administration of the transferred subjects under the Transferred Subjects (Temporary Administration) Rules.

3. On the 17th February 1925, the Council by a majority of 75 to 51 votes carried a resolution recommending that a provision be made for the salaries of Ministers in the budget for the year 1925-26. Nawab Bahadur Sayid Nawab Ali Chaudhuri Khan Bahadur and Raja Manmatha Nath Ray Chaudhury were appointed to be Ministers on the 14th March 1925 and at the same time an official announcement was issued to the Press, of which the following is an extract—

"In order that there may be no misunderstanding, it is perhaps desirable to explain in advance what view the Government will take of the action of the Council in certain eventualities—

- (1) If the demand for Ministers' salaries is again rejected *in toto* the Government will regard this as an indication that the Council refuses to provide salaries for any Ministers. In that case His Excellency will apply to the Government of India to retransfer all the transferred subjects under Devolution Rule 6, and, if this is done, Bengal would thereafter be governed by a Governor in Council. Any motion to reduce the salaries of Ministers to less than Rs 3,000 a month will similarly be regarded by Government as a refusal on the part of the Council to provide adequate salaries for any Ministers, and, if carried, will have a similar result.
- (2) If a motion to reduce the amount payable to Ministers by any sum between Rs 1,000 and Rs 2,000 per month is carried this will be accepted by Government as the figure at which the Council desires to fix the remuneration of Ministers.
- (3) If a motion to reduce the amount payable to Ministers by a nominal sum between one rupee and Rs. 100 is carried this will be regarded by Government as indicating a vote of censure on the Ministers who will then resign and others will be appointed in their place. The opinion of the Council on their successors can be expressed either by a nominal reduction of Rs 100 in one of the demands for transferred subjects which has still to be voted or later when a supplementary demand is made in the next session for the nominal sum which has been reduced."

On the 23rd March 1925, the Council by a majority of 69 to 63 again rejected the demand for the salaries of Ministers, though during the discussion of the motion for the demand the Hon'ble Sir Hugh Stephenson made it clear that the total rejection of the demand would be interpreted as indicating that the Council did not desire to have any Ministers at all. The Ministers then resigned and on the 25th March His Excellency the Governor again resumed charge of the administration of the transferred subjects under the Temporary Administration Rules.

4. The present Bengal Council has therefore on three occasions decided to provide no salaries for Ministers, though the issue was very definitely put before it on the last occasion. It is clear that the administration of transferred subjects by the Governor under the Temporary Administration Rules cannot continue indefinitely, as such an arrangement is neither suitable nor intended as a permanent form of administration. In these circumstances the Government of India and the Secretary of State have no alternative but to accept the thrice expressed desire of the existing Legislative Council that there shall be no transferred subjects in Bengal. For this reason the suspension of transfer has been directed for the life-time of the present Council, i.e., up to the 21st January 1927, which is three years from the date upon which the Council first met. Though the transfer has been suspended up to the 21st January 1927, this does not of course mean that the suspension of transfer may not be terminated on an earlier date should the existing Council indicate its desire to secure reconsideration of the position or should its term of office be brought to a close before that date.

H. TONKINSON,

Secretary to the Government of India.

Now, therefore, the Governor in Council, in exercise of the power conferred by section 3 of the Criminal Tribes Act, 1924 (VI of 1924), hereby declares the said gang to be a criminal tribe for the purposes of that Act

No 1573Pl—The 6th May 1925—In exercise of the power conferred by section 10 of the Criminal Tribes Act, 1924 (VI of 1924), the Governor in Council hereby directs that every registered member of "Aji Shaikh's gang", which has been declared by notification No 1572Pl, dated 6th May 1925, to be a criminal tribe, shall, in the prescribed manner, report himself at fixed intervals and notify his place of residence, any change or intended change of residence, and any absence, or intended absence from his residence

No 1576Pl.—The 6th May 1925.—Whereas the Governor in Council has reason to believe that a gang of burglars and dacoits, ordinarily residing in the jurisdiction of police-stations Kharagpur and Debra, in the district of Midnapore, and commonly known as "Debi Param's gang" are addicted to the systematic commission of non-bailable offences

Now, therefore, the Governor in Council, in exercise of the power conferred by section 3 of the Criminal Tribes Act, 1924 (VI of 1924), hereby declares the said gang to be a criminal tribe for the purposes of that Act

No 1577Pl—The 6th May 1925—In exercise of the power conferred by section 10 of the Criminal Tribes Act, 1924 (VI of 1924), the Governor in Council hereby directs that every registered member of "Debi Baram's gang" which has been declared by notification No. 15/6Pl, dated 6th May 1925, to be a criminal tribe, shall, in the prescribed manner, report himself at fixed intervals and notify his place of residence, any change or intended change of residence, and any absence or intended absence from his residence

No 1744Pl—The 11th May 1925—The following draft of amendments which, in exercise of the power conferred by section 11 of the Indian Motor Vehicles Act, 1914 (VIII of 1914), read with section 21 of the General Clauses Act, 1897 (X of 1897), the Governor in Council proposes to make in the rules regulating the use of motor vehicles in the Bengal Presidency other than in Calcutta (including suburbs) and the municipality of Howrah, is hereby published for the information of persons likely to be affected thereby

II. The draft will be taken into consideration on or after the 28th June 1925, and any objection or suggestion received by the undersigned with regard thereto before that date will be duly considered —

Amendments

I. *Insert* the words "or motor vehicle" between the words "train" and "has" in the first sentence of rule 55 (1) in Part V (II) of the said rules (additional rules applicable to the Darjeeling district)

II. *Substitute* the following for rule 55 (2) in Part V (II) of the said rules —

55 (2). "At the starting station of a motor vehicle no proceed order shall be issued over any section until all trains and motor vehicles proceeding in the opposite direction which have not been warned, have arrived at the starting station of the motor vehicle. If no train is on its way from the next station the driver may proceed and on his so doing the station master shall take steps immediately to advise the next two stations ahead of having started in order that drivers of subsequent trains and motor vehicles may be made aware of there being a motor vehicle on the section. This rule applies to all motor vehicles and motor cycles with or without side-cars"

No. 258T 1 I —The 6th May 1925—In supersession of this department notification No. 1411Ind, dated the 23rd August 1922, the following revised rules for admission to the Government Weaving Institute, Hooghly, Serampore, are published for general information.

2 The next session in the first year class of the higher classes and in the artizan classes commences in July 1925.

G S DUTT,

Secretary to the Government of Bengal.

Rules for admission to the Government Weaving Institute, Serampore.**Object for which the Institute is established.**

The Weaving Institute has been established with the object of giving technical instruction in the best and latest methods of hand-weaving, of extending a knowledge of the mechanical improvements which make the modern hand-loom so vastly more effective, an instrument than the primitive looms still widely used by weavers in Bengal, and so of strengthening and reviving the weaving industry in this country.

With these objects in view two distinct grades of instruction are given, forming higher and lower classes, respectively—

- (1) To young men of fair education, who may be trained as teachers, managers and organisers of the weaving industry. These form the higher classes,
- (2) To actual hand-loom weavers. These form the lower or artizan classes.

The institute is staffed and administered by the Bengal Government. It is managed by the Principal under the general control of the Director of Industries, Bengal.

RULES FOR THE HIGHER CLASSES

1 The number of admissions to these classes in each year is limited to 75. Twenty-five per cent of the seats will ordinarily be reserved for Muhammadan students, the claims of eligible candidates in excess of this number will be considered on their merits.

2 Candidates for admission must have passed the School Final Examination, Science Side, or the University Matriculation Examination or have been trained in one of the Technical Schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard

3 The session begins in the third week of July. All applications for admission should reach the Principal by the first week of June and should furnish the following particulars —

- (a) Name, address and occupation of father or guardian.
- (b) Race and religion.
- (c) A medical certificate showing that the applicant is in good health.
- (d) Educational qualifications
- (e) A certificate of good moral character from the last Head Master or Principal.
- (f) An attested certificate of age of the candidate.

4 Six scholarships of Rs. 15 each a month will be awarded to students of the first-year class on the results of a special examination held shortly after the commencement of the session. Five scholarships of Rs. 15 each a month will be awarded to the students of the second-year class and four scholarships to the students of the third-year class on the results of the annual examination of the first and second-year classes, respectively, of the previous year. Of these, two scholarships in the first-year class, one in the second-year and one in the third-year will be reserved for Muhammadans.

These scholarships are intended for Bengalee students or students domiciled in Bengal, and they will not be awarded to those holding District Board or other stipends. Should, however, there be an insufficient number of qualified candidates to fill the scholarships reserved for any particular denomination or creed, the vacant scholarships may be awarded to deserving candidates from other sects.

5 Students to whom scholarships have been awarded will not ordinarily be allowed to hold their scholarships for the succeeding years if they fail to pass the annual examinations.

6 Students joining the higher classes will have to sign an undertaking to the effect that they intend to make weaving their profession after the completion of their training. They may be required to refund the amount of any scholarship they have received if they leave before completion of their first year's course.

7 The course of study in these classes extends to three years. Students are required to attend at least 75 per cent of the working days.

8 Students who pass the examination at the end of the third year's course will receive a diploma entitled "Associate of the Government Weaving Institute, Serampore", and signed by the Principal of the Institute and the Director of Industries, Bengal, or his representative.

9. The course of studies for the three years is given in detail below —

First year's course.

- (a) Practical weaving
- (b) Sketching of textile machinery.
- (c) Model drawing
- (d) Freehand drawing.
- (e) Preparation of yarn.
- (f) Textile fibres and spinning
- (g) Fabric structure.
- (h) Design and analysis of cloth
- (i) Principles of colour
- (j) Practical mathematics
- (k) Mensuration.
- (l) Chemistry
- (m) Weaving mechanism
- (n) Weaving and spinning calculations

Second year's course

- (a) Practical weaving.
- (b) Preparation of yarn
- (c) Engineering drawing.
- (d) Design and analysis of cloth
- (e) Fabric structure.
- (f) Weaving mechanism.
- (g) Historic ornament.
- (h) Spinning
- (i) Theory and practice of dyeing and printing.
- (j) Workshop practice
- (k) Mechanics
- (l) Weaving and spinning calculations

Third year's course.

- (a) Practical weaving.
- (b) Practical dyeing, bleaching and printing.
- (c) Design and analysis of cloth.
- (d) Fabric structure
- (e) Engineering drawing.
- (f) Workshop practice
- (g) Testing of yarn and laboratory work.
- (h) Construction of works.
- (i) Spinning
- (j) Weaving mechanism.

RULES FOR THE LOWER CLASSES.

1. These classes are intended primarily for the benefit of Bengal weavers, but weavers from other provinces also will be admitted to them.

2 The session will ordinarily begin in the first week of July. Application for admission will ordinarily be considered in the month of June, but admission will also be made at other times at the discretion of the Principal.

3. The number of admissions to the lower classes is limited to 50.

4. Twenty-five scholarships of Rs 6 each per mensem, tenable for one year are provided for these classes. The scholarships are not expected to suffice for the entire maintenance of the pupils and District Boards, Municipalities and other public bodies when sending nominees should supplement the scholarships provided so as to bring them up to at least Rs 12 a month, which is roughly estimated as the cost of maintenance. The extra amount required at any time may be ascertained from the Principal on enquiry.

5. Application for admission should reach the Principal through the authorities of the District Boards, Municipalities, Industrial Schools or other bodies or institutions which provide the applicants with scholarships.

6. The course of study in these classes extends to one year and instruction will be given through the medium of the vernacular.

7. The course of studies is as follows —

- (a) Practical weaving.
- (b) Freehand drawing.
- (c) Design and analysis of cloth
- (d) Practical dyeing, bleaching and printing

CALCUTTA, THE 6TH MAY 1925

RESOLUTION—No 246T-A.I

IN 1918, the Government of Bengal approved the proposal for the establishment of a Government Research Tannery in Calcutta and appointed a committee consisting of five members, which eventually came to be known as the Board of Directors of the Calcutta Research Tannery, for the purpose of advising and assisting the Director of Industries in the management of the Tannery, without any limit of time as to the term of office of the members appointed. The Board was reconstituted in 1921 with the same number of members.

2. The Tannery being a technical institution dealing with problems arising in the tanning industry, it has been considered desirable to reconstitute the Board again on a more popular basis with a view to securing the representation on the Board of men directly associated with the tanning and hide industries in Bengal. The Government of Bengal (Department of Agriculture and Industries) are accordingly now pleased to reconstitute the Board with the following members —

- (1) Director of Industries, Bengal, *Chairman*
- (2) Dr Sir Nilratan Sarkar, Kt, M D
- (3) Mr L R. Sutcliffe of Messrs Ford & Co, Calcutta
- (4) Mr Dost Muhammad of 10, Damzen Lane, Calcutta
- (5) „ N C. Hatton, of the Bengal Tanneries, Limited
- (6) Director of Industries, Bihar and Orissa

3. The members (other than those appointed *ex officio*) will hold office for a term of two years.

ORDER.—Ordered that the Resolution be published in the *Calcutta Gazette* and that copy be forwarded to the members of the Board and to the Director of Industries, Bengal, for information.

By order of the Government of Bengal
(Department of Agriculture and Industries),

G. S. DUTT,
Secretary to the Government of Bengal.

PEACE TREATY

Simla, the 20th April 1925

No. 634P T—The following notices are published for general information —

By a Convention, between the United Kingdom, France, Italy and Japan, signed in Paris on November 23, 1923, it was agreed, to devote jointly, to the reparation of the damage, suffered by their nationals, the sums in gold referred to in article 58 of the Treaty of Lausanne, and, by the same Convention, the British Government agreed to devote, to the same purpose, the 5 per cent. Turkish Treasury Bills (1911) of the nominal value of £ 846,100, which the British Treasury had purchased from the holders in 1914, and, by the same Convention, it was further agreed, that a Commission should be set up, within one month of the coming into force of the Treaty of Lausanne, to assess damages, suffered by the nationals of the Contracting Powers, *i.e.*, as follows —

- (a) Direct damage in respect of persons or property (other than that referred to in sub-section 2 of article 6 of the Convention) suffered on territory which was Ottoman on the 1st August, 1914, or at sea, between the 1st August 1914, and the 6th August 1924, as the result of any act or negligence of the Turkish Government, including damage resulting from measures of requisition, sequestration or confiscation and, also, direct damage suffered on the same territory, between the dates named as the result of any acts of war, whatever party may have been the author of such acts,
- (b) Direct damage caused by the fire of Smyrna, to the rights and property of the nationals of the Contracting Powers (but subject to the terms of paragraph (b) of sub-section 1 of article 6 of the Convention),
- (c) The damage referred to in paragraphs (a) and (b) suffered, on territory remaining Turkish, at the date of the coming into force of the Treaty of Lausanne, by Ottoman Companies in which the nationals of the Contracting Powers had a preponderating interest on the 1st August 1914, (but, subject to a deduction of the value of advantages of an economic character referred to in sub-section 1 of article 6 of the Convention).

By the same Convention the Commission is precluded from dealing with claims in respect of the following categories of damage:—

- (a) Indirect damage, including deprivation of the use of property and loss of profits;
- (b) Claims relating to amounts payable by the Hellenic Government in accordance with the Convention of the 24th July 1923,
- (c) The claims of concessionary companies, on account of the utilisation by the Turkish Government, of their property, or of their services, which are to be settled by the Turkish Government, as provided in the Protocols and Declarations forming part of the Turkish Peace Settlement.

This Commission was duly set up on the 6th August 1924, and has established its headquarters in Paris, where it is now prepared to receive claims from nationals of the Contracting Powers (including persons protected by the Contracting Powers in cases where the patent of protection is of a date prior to the 1st August 1914)

Such claims, together with all documents and evidence in support thereof, should be sent to the Commission, addressed to the Delegate of the nationality concerned, at the headquarters of the Commission, 66, rue Boissière, Paris (XVI ème) France, and should reach the delegate concerned not later than the 6th August 1925, (the last day for the reception of claims provided by article 5 of the Convention).

66, rue Boissière, Paris (XVI ème),

France, December 10th, 1924

At a plenary session of this Commission held on December 10, 1924, it was decided that the following persons of British nationality, including persons under British protection whose patent of protection is of a date prior to August 1, 1914, should be deemed to have complied with article 5 of the Convention between the United Kingdom, France, Italy and Japan, signed in Paris on November 23, 1924, *videlicet* —

- 1 Those who have already made claims to and received an acknowledgment from the Reparation Claims Department of the Board of Trade, London, but not including those who have made claims to the Public Trustee and the Foreign Claims Office
- 2 Those who have already made claims to the British Foreign Office, India Office, the Government of India or the Government of any British Dominion, Colony, Dependancy or Mandated Territory, and have received an acknowledgment from the authority concerned
- 3 Those who have already made claims to the French authorities in Syria and have received an acknowledgment from such authorities
- 4 Those who have already made claims to the Office des Biens et Intérêts Privés, 146, Avenue Malakoff, Paris, and have received an acknowledgment thereof

Persons who have already made claims to any of the authorities above mentioned may nevertheless make fresh claims, if they desire to do so, or may add to, or remodel, or otherwise modify their existing claims, and, in that event should signify their desire in that behalf to "The British Delegate, 66, rue Boissière, Paris (XVI) France," stating to what authority their existing claim was made and the reference number allotted thereto

Copies of the Convention of November 23, 1923, can be obtained from the British Embassy and Consulate in Paris, the British embassies, legations and consulates in Central Europe and the Near East, or from H. M. Stationery Office, Adastral House, Kingsway, London, W. C. 2

NOTIFICATION

Simla, the 30th September 1886

No 1433—In exercise of the power conferred by section 139 of Act XXVI of 1881 (the Negotiable Instruments Act, 1881, as amended by Act II of 1885), the Governor-General in Council is pleased to make the following rules for the guidance and control of Notaries Public appointed under that Act, and fixing the fees payable to those Notaries —

1. Notaries Public shall, in transacting business under the Act, use the forms set forth in the Appendix to this notification

2. Besides recording declarations of payment for honour (section 113), Notaries Public shall, following the practice existing in the Presidency towns, also register notings and protests made by them. No particular form of register is necessary for these purposes, but Notaries Public shall keep a substantial blank book in which to enter copies of all the letters which they may write presenting bills for acceptance or payment or better security, of all *bills** noted or protested, or paid for honour, together with all endorsements thereon (including that made by themselves, to the effect that the bill has been noted or protested for non-acceptance or non payment or want of better security), and of all the protests made by themselves and of all declarations made by payers for honour. Notaries Public shall further, after examination of each entry in the book, affix their signature thereto, and, where demand of acceptance or payment or better security was made by a clerk, shall cause him to affix his signature also to the entry relating to the demand

3. The book shall be known as the Notarial Register, and the pages thereof shall be numbered consecutively

4. Every Notary Public shall permit the District Judge, or such officer as the Local Government from time to time appoints in this behalf, to inspect his register at such times not oftener than twice a year, as the District Judge or officer may fix

5. When the original instrument is in an oriental language, any noting or protest or entry in his register which has to be made in respect of the instrument by a Notary Public may be made either in that language or in English

6. In making presentments of bills or notes, Notaries Public shall observe the provisions of Chapter V of the Act

Provided that it shall not be necessary for a Notary Public to allow the drawee of a bill of exchange time for deliberation as provided by section 63

7. Every Notary Public shall use a plain circular seal, bearing, if he has been appointed by name, his name and the name of the local area within which he has been appointed to exercise his functions and the circumscription "Notary Public", and, if he has been appointed by virtue of his office, the name of his office and the local area within which he has been appointed to exercise his functions and the circumscription "Notary Public"

8. Every Notary Public shall have an office at such place within the local area for which he has been appointed as may be approved in this behalf by the District Judge

9. Notaries Public shall charge fees at the rates mentioned below, namely —

(1) For noting an instrument—

					Rs	Rs
If the amount of the instrument does not exceed	..	1,000	2			
If it exceeds Rs. 1,000, but does not exceed	...	5,000	3

Ditto „ 30,000, ditto	...	50,000	7			
Ditto „ 50,000, ditto	8			

*In cases where the language of the bill is unknown to the Notary Public, and where it is impossible to find any one acquainted with the language of the bill to copy it into the register, an entry in the register of an abstract of the bill will be sufficient

(2) For protesting an instrument—

		Rs	Rs
If the amount of the instrument does not exceed	.	1,000	6
If it exceeds Rs 1,000, but does not exceed	...	5,000	7

Each candidate for the prize shall be required to send to the undersigned three type-written or printed copies of his thesis or record of work under a distinguishing motto. The name of the candidate must also be forwarded at the same time in a sealed envelope with the motto outside.

The thesis for the prize must reach the undersigned not later than the 30th November 1925

Every candidate shall further be required to indicate generally in the preface to his thesis, and specially in notes, the sources from which his information is taken, the extent to which he availed himself of the work of others, and the portions of the thesis which he claims as original. He shall also be required to state whether his research has been conducted independently, under advice, or in collaboration with others, and in what respects his investigations appear to him to tend to the advancement of knowledge

By order of the Hon'ble the Vice-Chancellor and Syndicate,

A C. ROSE, *Controller of Examinations*

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

1 Two classes of students are admitted for study in the College —

(a) "Regular class" or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University and the provinces of Assam and Central Provinces, and those who come from the Dacca University and Board as provided for in rule 4.

(b) "Military class" (only students of European or Anglo-Indian parentage are admitted to this class). (*See separate prospectus for Military students*)

The admission to this class is regulated by the Director-General, Indian Medical Service

2 The minimum preliminary qualification for admission to the (a) "Regular class" is the Pass certificate of the I Sc Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz, in English, Physics, Chemistry and Botany

3 The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on the 5th October and closes on the 31st March

4 All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list —

					Rs.	A.
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	4	0
Total	86	8

5 The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, and 6 candidates by the Inspector-General, Civil Hospitals, Assam, 3 candidates of the Dacca University and 3 candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6 (a) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 125 in two instalments, viz. Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9 The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

						Rs.
For one subject	25
For two subjects)	...	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14 The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16 The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, i.e., he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17 Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18 The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19 Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as regular students.

20. The following is the curriculum of the College —

Regular students.

First year (one Summer term and one Winter term)

Physics, Chemistry, Botany, Zoology, and Practical Classes in all these subjects, Test examination in all the subjects will be held during the course of the first year classes, and the students who fail in these examinations will not be sent up for the Preliminary Scientific M. B. Examination. Those students who are sent up for the Preliminary Scientific M. B. Examination but fail twice in one year in the said examination will be transferred to the Membership course of the State Medical Faculty of Bengal after the second chance.

N.B.—The first year's course also includes Anatomy in which there will be a class test examination during the course upon which will depend the promotion of a student to the second year class.

Second year (one Summer term and one Winter term)

Anatomy, Physiology, Materia Medica, Practical Pharmacy and Dissections to be followed by examinations for award of College scholarships with class examination during the course. Students failing to pass the class examination in Anatomy will not be eligible for any scholarship and will not be promoted to the third year class.

Third year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Organic Chemistry, Dissections and Practical classes in Physiology and Organic Chemistry with the usual class examination in the

above subjects for scholarships, medals and certificates of honour of the College Students who fail four times in two years at the First M.B. Examination will not be allowed to go on with the M. B. course, but they may take up the Membership course of the State Medical Faculty of Bengal

N.B.—Both in Preliminary Scientific M.B. and First M.B. Examinations "failure" means and includes "failure to pass" and "failure to appear"

Fourth year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Pathology, Medical Jurisprudence, Hygiene, Dental Surgery, Hospital Practice (12 months), Clinical Methods and 20 Demonstrations, Practical Surgery and Bandaging and 30 Demonstrations, with class examinations at intervals in all the subjects

Fifth year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Hygiene, Ophthalmic Surgery, Operative Surgery Mental Disease, Practical Pathology and Bacteriology, Practical Midwifery and 20 Demonstrations, Hospital Practice (12 months) with class examinations at intervals in all the subjects.

Sixth year (one Summer term and one Winter term).

Medicine, Special Classes and Hospital Practice (12 months), to be followed by the Final M.B. Examination.

21. The following are the scholarships and rewards obtainable by students —

- (a) Ten College scholarships of Rs 12 each, tenable for one year, together with free tuition, are awarded to ten students on the result of the Test and Scholarship examinations at the end of the first year class, provided such students also pass the Preliminary Scientific M.B. Examination of the Calcutta University at the first attempt.
- (b) Ten College scholarships of Rs 12 each, tenable for one year, together with free tuition, are awarded to ten students on the results of the second year's Scholarship and Test examinations
- (c) Ten scholarships of Rs 12 each, tenable for three years, together with free tuition, are awarded to ten students on the results of the Scholarship and Test examinations of the third year class, provided such students also pass the First M.B. Examination of the Calcutta University.

NOTE—Only students of Bengal are allowed to compete for these scholarships. Forty per cent is the pass mark of the class examination and 60 per cent is the pass mark of the Scholarship examination. All scholarships are granted subject to good conduct and satisfactory progress

- (d) Six Government scholarships (one for each year) of the value of Rs. 25 will be awarded to the female students of the regular class who do not get the Dufferin or other scholarship.

(e) Moshin scholarships—

Six stipends of the value of Rs. 15 each, tenable in the Medical College, Calcutta, are annually awarded by the Director of Public Instruction from the Moshin Endowment Fund to deserving poor Bengali Muhammadan students in the following manner :—

Two scholarships on admission, tenable for one year only, on the result of the I.Sc. Examination.

Two scholarships, tenable for two years, on the result of the Preliminary Scientific M. B. Examination.

Two scholarships, tenable for three years, on the result of the First M.B. Examination.

- (f) A limited number of stipends will be granted to Muhammadan students of straitened circumstances who must prove to the satisfaction of the Principal that they are poor deserving Bengali Muhammadan students.

22 If on account of the death, resignation or dismissal of any College scholar, a scholarship falls vacant, such scholarship will be awarded to the next best student in the list of the last Scholarship examination, or to such other student as the Principal may consider fit.

23. Holders of the College scholarships, any other Government scholarship or Trust Funds scholarships administered by Government are not eligible for the Durga Charan Laha Scholarship. Similarly, a student already holding a scholarship, either on the result of the University examination or granted by Government, is not eligible to compete for the College scholarships.

24. Regular students, who at any time are referred for a second year of study in all the subjects of one curriculum, are thereby rendered ineligible for any of the stipendiary scholarships awarded by the Government of Bengal. They are, however, eligible for the special scholarships and class prizes and medals and certificates of honour of the College.

25. Certificates of honour, to the number of three in each subject, may be awarded by the Professors, subject to the sanction of the Principal, to such students who have not obtained the medal but are deemed worthy of it.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remittance or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta

DEPARTMENT OF AGRICULTURE, BENGAL.

Third and Final Forecast of the Spring Oilseed Crops of Bengal, 1924-25.

[NOTE.—On an average of the five years ending 1922-23, the area under linseed in Bengal has represented some 45 per cent, and that under rape and mustard 15.9 per cent of the total area under these crops in British India.]

Character of the season.—As reported in the preceding forecast, the weather during the early stage of the crops was not generally favourable. Dry weather during the month of December, however, improved the prospects, but occasional untimely rain with hail between January and the middle of March adversely affected the mature crops to some extent. Subsequently dry weather was helpful to the harvesting of the late crops. On the whole the season has been a fair one for the crops this year.

Acres.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is small. The total area under these crops (excepting sesamum, for which separate forecasts are issued) is returned at 884,600 acres this year as against 882,500 acres in the corresponding forecast of last year.

Outturn.—From the District Officers' estimates the provincial outturn of the different oilseed crops works out at 75 per cent of the normal as against 72 per cent in the corresponding forecast of last year.

Taking 5½ maunds as the normal rate of yield per acre for linseed, 6 maunds for rape and mustard, and 4½ maunds for other oilseeds, the total yield of the crops for the province is estimated at 144,000 tons this year as against 137,800 tons last year.

Director of Agriculture, Bengal.

H. D. BANERJI, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 6th May 1925.

Summary.—During the week the rainfall was generally light to moderate. Field operations for jute and paddy continue favourably in the West Bengal Districts. In East and North Bengal the sowing and weeding of jute and paddy are in full swing, but the recent excessive rain has interfered with the operations in places, especially in the low-land tracts. The prospects of standing crops are generally satisfactory except in places in North and East Bengal where young jute and paddy plants have been damaged to some extent by the excessive rain. The average price of common rice for the province has risen by about 1·98 per cent. as compared with that of the previous week.

GOVERNMENT OF BENGAL.**POLITICAL DEPARTMENT.****Police.**CALCUTTA, THE 18TH MAY 1925**RESOLUTION—No. 1814Pl.**

Revised draft rules under the Indian Poisons Act 1919, were published for criticism in notification No. 1571Pl., dated the 9th May 1924. As a result of the opinions received it was decided that revision of the rules as a whole on more radical lines is necessary, and the following small Committee was appointed to advise on the lines to be adopted :—

Major-General R. Heard, C.I.E., I.M.S., Surgeon-General with the Government of Bengal.

Major T. C. Boyd, F.R.C.S.I., Chemical Examiner to the Government of Bengal.

F. Bartley, Esq., Deputy Commissioner of Police, Calcutta

A. Lunan, Esq., Messrs. Bathgate & Co., Calcutta

Narayan Chandra Bose, Esq., Messrs B K Paul & Co., Calcutta

The rules have now been redrafted in accordance with the recommendations of this Committee and are published again for criticism. Their main feature is that poisons are now divided into three categories subject to different degrees of restriction, on the lines of the practice in the United Kingdom. The full restrictions under the old rules only apply to the poisons included in Schedule I; and this list has been extended in accordance with technical advice. It includes opium and other poisons which are subject to the Excise law and which are treated as poisons in the United Kingdom. It is not, however, intended to establish dual control over the custody of such poisons under the Poisons Act as well as the Excise law. Licenses under the Poisons Act will be granted to all persons duly authorised by the Excise authorities to possess excisable commodities, and the only control over the possession of these poisons will be that at present established by the Excise Department.

Certain changes in detail have been introduced with a view to meeting the convenience of chemists. For instance, no stock register is now required for the consumption of poisons issued to a chemist's dispensary. It is proposed to restrict the grant of licenses under the Poisons Act in future to persons holding a compounder's license or employing licensed compounders, but discretion is left to the licensing officer to relax these qualifications for special reasons. The difficult question of patent medicines has been dealt with by placing in Schedule II all patent medicines which contain poisons enumerated in Schedule I, so that the fact that a patent medicine contains a poison will not necessitate an unnecessary degree of precaution in handling it. It has also been made clear that the detailed restrictions in these rules apply only to the retail trade.

ORDER.—Ordered that this resolution be published in the *Calcutta Gazette*.

By order of the Governor in Council,

L. BIRLEY,

Chief Secretary to the Government of Bengal.

NOTIFICATION.

No. 1815Pl.—*The 18th May 1925*—The following draft of rules which in exercise of the power conferred by section 2, sub-section (1) of section 8 and sub-section (3) of section 9 of the Poisons Act, 1919 (XII of 1919), the Governor in Council proposes to make in supersession of all previous rules on the subject, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st July 1925 and any objection or suggestion received by the undersigned with regard thereto before that date will be duly considered.

Draft Rules.**PART I.*****Poison and restrictions on retail sale thereof.***

1. The substances specified in Schedules I, II and III appended to these rules shall be deemed to be poisons for the purposes of the Poisons Act, 1919 (hereinafter referred to as the act) and these rules

2 The following restrictions shall apply to the retail sale of poisons specified in Schedule III, namely —

Every vessel, package or covering containing such poison shall be labelled with—

- (i) the name of the poison,
- (ii) the words 'poisonous' and 'not to be taken' distinctly printed both in English and the vernacular, and
- (iii) the name and address of the vendor

3. The following restrictions shall apply to the retail sale of poisons specified in Schedule II, namely —

- (i) All the restrictions mentioned in rule 2 applying to poisons specified in Schedule III,
- (ii) no such poison shall be sold except by a firm or a person holding a license granted under rule 5,
- (iii) when any such poison is sold it shall be securely packed in a closed receptacle or packet and every such receptacle or packet shall be labelled by the vendor with a red label bearing the name of the poison in English and the vernacular and the name and address of the vendor together with the date of sale, and
- (iv) every sale of such poisons shall, so far as possible, be conducted by the license-holder in person, or where the license-holder is a firm or a company, through or under the supervision of an accredited representative of such firm or company.

4 The following restrictions shall apply to the retail sale of poisons specified in Schedule I, namely —

(i) All the restrictions mentioned in rules 2 and 3 applying to poisons specified in Schedules II and III.

(ii) A license-holder shall not sell any such poisons to any person unless he is personally known to him or is identified to his satisfaction. He shall not sell any of the said poisons to any person who appears to him to be under the age of 18 years or to any person who does not appear to him to be in full possession of his faculties, or to any wandering mendicant.

(iii) Before the delivery of such poison an entry shall be made in the poison register of—

- (a) the date of the sale,
- (b) the name and address of the purchaser,
- (c) the name and quantity of the poison,
- (d) purpose for which it is required, and
- (e) the signature of the purchaser.

(iv) The vessel, package or covering containing such poison shall be labelled with—

- (a) the name of the poison,
- (b) the word "poison" both in English and the vernacular, and
- (c) the name and address of the vendor.

(v) Every license-holder shall maintain a stock and sale register in the form appended to these rules, in which he shall enter the sales of poisons specified in the schedules to these rules. Separate pages shall be allotted in the register for each item of poison and the license-holder shall enter thereon side by side all stock and sales of poisons. The register shall be totalled and balanced daily and initialled by the license-holder himself or by his accredited representative, if the license-holder is a firm or a company.

Provided that poisons issued from stock to the dispensary on any day shall be entered as one item on the issue side of this register, no detailed stock register being maintained of consumption in the dispensary.

(vi) All such poisons which are kept for sale by the license-holder under these rules, shall be kept in a box, almirah, room or building (according to the quantity maintained) secured by lock and key, and in which no substance shall be kept other than poisons possessed in accordance with a license granted under the Act, and each of these poisons shall be kept within such box, almirah, room or building in a separate closed receptacle of glass, metal or earthenware. Every such box, almirah, room or building and every such receptacle shall be marked with the word "Poison" in red characters both in English and the vernacular, and in the case of receptacles kept for separate poisons with the names of such poisons.

Provided that poisons issued for use in a chemist's dispensary need not be kept under lock and key after such issue during dispensing hours, but should be kept on a separate shelf in the dispensary in bottles distinguishable by touch and colour from ordinary bottles. Notwithstanding anything contained in these rules the sale of the

following poisons shall be subject only to the restrictions under the Opium Act, 1878, and the Bengal Excise Act, 1909, and the rules framed thereunder except that the vendor shall be required to take out a license under rule 5, namely —

- (1) Cocaine.
- (2) Opium.
- (3) *Ganja*.
- (4) *Bhang*.
- (5) *Charas*.

PART II

Rules relating to licenses under the Act.

5. All licenses under the Act shall be granted by the District Magistrate or the Subdivisional Officer to—

- (a) persons already holding a license under the Act,
- (b) persons duly qualified as passed compounders or firms or companies employing persons duly qualified as passed compounders,
- (c) persons exempted for very special reasons from the possession of a compounder's certificate,
- (d) persons holding a license under the Opium Act, 1878, or the Bengal Excise Act, 1909, or the rules framed thereunder for the sale of the excisable articles mentioned in the second proviso to clause (vi) of rule 4

6. A license granted under rule 5 shall remain in force for one year from the date of issue unless such license is previously withdrawn, revoked, terminated or cancelled. Every applicant for the grant or a renewal of license shall make a written application to the District Magistrate or the Subdivisional Officer and such application shall bear a court-fee stamp of Rs 2

Provided that in the case of persons holding excise licenses, a poison license may be granted for the sale of poisons covered by the excise license on payment of a fee of Re 1

7. A license shall terminate on the death of a license-holder or, if granted to a firm or a company on the winding up or the transfer of the business of such firm or company

8. The District Magistrate or the Subdivisional Officer may for any sufficient cause revoke or cancel any license granted under rule 5. Provided that an appeal shall lie from the District Magistrate to the Commissioner or from the Subdivisional Officer to the District Magistrate against an order cancelling or revoking a license which has been granted, or refusing to renew an existing license

9. Any Magistrate, or any police officer or, medical or health officer duly empowered in this respect by the District Magistrate or by the Commissioner of Police in Calcutta, may at any time visit and inspect the premises of a license-holder, where any of the said poisons is kept for sale, and may inspect the stock found therein and the registers maintained under clause (v) of rule 4

10. A license-holder shall not sell powdered white arsenic to any person, unless the same is before the sale thereof, mixed with soot, indigo or Prussian blue in the proportion of at least half an ounce of soot indigo or Prussian blue to one pound of white arsenic and so on in proportion for any greater or less quantity, provided that where the District Magistrate or the Subdivisional Officer is satisfied that such arsenic is required for some purpose for which such admixture would, according to the representation of the vendor, render it unfit, the District Magistrate or Subdivisional Officer may authorise the vendor to sell without such admixture such quantity of white arsenic as he may think proper

11. The powers conferred by these rules upon a District Magistrate may be exercised in the town of Calcutta and its suburbs by the Commissioner of Police, Calcutta, and in a Cantonment by the Cantonment Magistrate

12. Except in the case of sale by a wholesale to a retail chemist all poisons in Schedules I and II shall, when sold wholesale, be labelled with the word "Poison" and the name of the seller.

NOTIFICATION.

No. 2086 G.—Under section 13 of the Bengal Village Self-Government Act (Act V of 1919), read with rule 39 of the rules for the election and appointment of members of union boards, the District Magistrate of Tippera has appointed Babu Radha Charan De to be a member of the Paharpur union board, police-station Muradnagar in the district of Tippera, in place of Jagat Chandra Bhomick, resigned.

J. N. ROY, *Commissioner (offg.)*.

CHITTAGONG DIVISION, CHITTAGONG, *the 12th May 1925.*

NOTIFICATION.

READ letter No. 1278 L.S.-G., dated the 5th March 1925, from the District Magistrate of Burdwan to the address of the Chairman of the District Board, Burdwan, bringing to the notice of the Board certain acts of grave misconduct on the part of the President of the Eral union board, Babu Bissesswar Raja.

Read also the proceedings of a special meeting of the Eral union board held on the 16th March 1925

Read also letter No. 191 V S.-G., of the 21st April 1925, from the Chairman of the Burdwan District Board

Order.

I have considered the views of the District Magistrate and of the District Board in this matter. There can be no doubt that the President, Babu Bissesswar Raja, has been realising illegal gratification from the chaukidars and dafadars of the union. The majority of the members of the union board, far from showing their disapproval of such conduct, have supported him in it by refusing to allow him to resign when called upon by the District Board to do so. I hold that the Eral union board is not competent to discharge its duties, and under section 56 (1) (a) of the Village Self-Government Act, I remove the President, Babu Bissesswar Raja, from his office both as President and as member, Eral union board

A. W. COOK, *Commissioner*.

BURDWAN DIVISION, CHINSURA, *the 12th May 1925.*

NOTIFICATION.

MYMENSINGH, the 5th May 1925.

MAINAMATI SURVEY SCHOOL.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The full course of instruction extends over two years: either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August, terminating on the 31st July of the following year.

4. The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5 It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements.

6 The qualifications for admission to the first year's course are —

- (a) A sound knowledge of elementary arithmetic.
- (b) Ability to write simple English and vernacular.
- (c) Fitness for arduous field-work.
- (d) A certificate of character from the head of the institution where he was last educated.

NOTE—Preference will be given to those who have passed the Matriculation Examination or received higher education.

7 The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases.

8 Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded.

9 Candidates who do not possess a fair knowledge of English will not be ordinarily promoted to the second year class.

10 All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5.

11. The following monthly fees, payable for twelve months, are charged. —

			Rs	A.	
School fees	3	0
House-rent	0	8
Reading room fees	0	2
Athletic fees	0	8
					Charged for eleven months in the year.

12. The full messing fees shall be charged every month during the school session, which is calculated to be about ten and-a-half months yearly.

13 The school remains closed on all gazetted holidays and for a long vacation for six weeks from about the middle of September. During the vacation every boarder shall pay a contribution not exceeding Re. 1 a month towards the cost of maintaining mess servants.

14 Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows —

			Rs	
Admission to school	2
Ditto hostel	2 (Hindu students only).
Ditto athletic club	1

16 Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

17 Shortly after admission each student must provide himself with a set of drawing instruments consisting of a pair of compasses, one bow-pencil, one drawing pen, a decimal scale, a rectangular protactor and a pair of set squares.

18 Each student must provide himself with his own bedding, including a mosquito-curtain.

MEDICAL COLLEGE OF BENGAL.

Rules for the guidance of students seeking admission.

- 1 Two classes of students are admitted for study in the College.—
(a) "Regular class" or those who enter for the full University course.

The admission to this class is restricted to students (male and female) who are natives of, or whose parents are domiciled in, the area within the territorial limits of the Calcutta University and the provinces of Assam and Central Provinces, and those who come from the Dacca University and Board as provided for in rule 4.

- (b) "Military class" (only students of European or Anglo-Indian parentage are admitted to this class) (See separate prospectus for Military students.)

The admission to this class is regulated by the Director-General, Indian Medical Service

2 The minimum preliminary qualification for admission to the (a) "Regular class" is the Pass certificate of the I Sc Examination of the Calcutta University with Physics and Chemistry, or any examination equivalent to it. In assessing the claims of those eligible for admission, special proficiency in those subjects particularly useful in the medical curriculum will be given the fullest consideration, viz., in English, Physics, Chemistry and Botany.

3 The Summer term commences on the 15th June and closes on the 19th September. The Winter term opens on the 5th October and closes on the 31st March.

4 All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office, on or before the 25th May, except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list—

	Rs.	A
Admission fee	20	0
Fees for Summer term	62	8
Athletic Club fee	4	0
Total	86	8

5 The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, and 6 candidates by the Inspector General, Civil Hospitals, Assam, 3 candidates of the Dacca University and 3 candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6 (a) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(b) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7 Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8 A regular student must pay an annual fee of Rs. 125 in two instalments, viz., Rs. 62-8 for the Summer term and Rs. 62-8 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 80 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment.—

	Rs
For one subject	25
For two subjects	50
For three or more subjects	75

13. Students taking up subjects outside the curriculum of the year in which they are studying shall pay Rs. 30 for each such subject including lectures and practical classes.

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 125 for the year in which they hold such scholarships. All holders of other scholarships, whether granted by other Local Governments, local bodies, or Dufferin Fund, shall pay the same fees as regular students.

20. The following is the curriculum of the College —

Regular students.

First year (one Summer term and one Winter term).

Physics, Chemistry, Botany, Zoology, and Practical Classes in all these subjects, Test examination in all the subjects will be held during the course of the first year classes, and the students who fail in these examinations will not be sent up for the Preliminary Scientific M. B. Examination. Those students who are sent up for the Preliminary Scientific M. B. Examination but fail twice in one year in the said examination will be transferred to the Membership course of the State Medical Faculty of Bengal after the second chance.

N.B.—The first year's course also includes Anatomy in which there will be a class test examination during the course upon which will depend the promotion of a student to the second year class.

Second year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Practical Pharmacy and Dissections to be followed by examinations for award of College scholarships with class examination during the course. Students failing to pass the class examination in Anatomy will not be eligible for any scholarship and will not be promoted to the third year class.

Third year (one Summer term and one Winter term).

Anatomy, Physiology, Materia Medica, Organic Chemistry, Dissections and Practical classes in Physiology and Organic Chemistry with the usual class examination in the

above subjects for scholarships, medals and certificates of honour of the College Students who fail four times in two years at the First M.B. Examination will not be allowed to go on with the M B course, but they may take up the Membership course of the State Medical Faculty of Bengal

N B —Both in Preliminary Scientific M B and First M B. Examinations "failure" means and includes "failure to pass" and "failure to appear"

Fourth year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Pathology, Medical Jurisprudence, Hygiene, Dental Surgery, Hospital Practice (12 months), Clinical Methods and 20 Demonstrations, Practical Surgery and Bandaging and 30 Demonstrations, with class examinations at intervals in all the subjects

Fifth year (one Summer term and one Winter term).

Medicine, Surgery, Midwifery, Hygiene, Ophthalmic Surgery, Operative Surgery Mental Disease, Practical Pathology and Bacteriology, Practical Midwifery and 20 Demonstrations, Hospital Practice (12 months) with class examinations at intervals in all the subjects

Sixth year (one Summer term and one Winter term).

Medicine, Special Classes and Hospital Practice (12 months), to be followed by the Final M.B. Examination.

21. The following are the scholarships and rewards obtainable by students —

- (a) Ten College scholarships of Rs 12 each, tenable for one year, together with free tuition, are awarded to ten students on the result of the Test and Scholarship examinations at the end of the first year class, provided such students also pass the Preliminary Scientific M B Examination of the Calcutta University at the first attempt.
- (b) Ten College scholarships of Rs 12 each, tenable for one year, together with free tuition, are awarded to ten students on the results of the second year's Scholarship and Test examinations
- (c) Ten scholarships of Rs 12 each, tenable for three years, together with free tuition, are awarded to ten students on the results of the Scholarship and Test examinations of the third year class, provided such students also pass the First M.B Examination of the Calcutta University

NOTE —Only students of Bengal are allowed to compete for these scholarships. Forty per cent is the pass mark of the class examination and 60 per cent is the pass mark of the Scholarship examination. All scholarships are granted subject to good conduct and satisfactory progress

- (d) Six Government scholarships (one for each year) of the value of Rs 25 will be awarded to the female students of the regular class who do not get the Dufferin or other scholarship.

- (e) Moshin scholarships—

Six stipends of the value of Rs 15 each, tenable in the Medical College, Calcutta, are annually awarded by the Director of Public Instruction from the Moshin Endowment Fund to deserving poor Bengali Muhammadan students in the following manner .—

Two scholarships on admission, tenable for one year only, on the result of the I.Sc. Examination.

Two scholarships, tenable for two years, on the result of the Preliminary Scientific M. B. Examination.

Two scholarships, tenable for three years, on the result of the First M.B. Examination.

- (f) A limited number of stipends will be granted to Muhammadan students of straitened circumstances who must prove to the satisfaction of the Principal that they are poor deserving Bengali Muhammadan students.

22. If on account of the death, resignation or dismissal of any College scholar, a scholarship falls vacant, such scholarship will be awarded to the next best student in the list of the last Scholarship examination, or to such other student as the Principal may consider fit.

23. Holders of the College scholarships, any other Government scholarship or Trust Funds scholarships administered by Government are not eligible for the Durga Charan Laha Scholarship. Similarly, a student already holding a scholarship, either on the result of the University examination or granted by Government, is not eligible to compete for the College scholarships.

24. Regular students, who at any time are referred for a second year of study in all the subjects of one curriculum, are thereby rendered ineligible for any of the stipendiary scholarships awarded by the Government of Bengal. They are, however, eligible for the special scholarships and class prizes and medals and certificates of honour of the College.

25. Certificates of honour, to the number of three in each subject, may be awarded by the Professors, subject to the sanction of the Principal, to such students who have not obtained the medal but are deemed worthy of it.

Sheriff's Sale Proclamation.

TO be peremptorily sold pursuant to an order of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction bearing date the 14th day of January 1925 (made in execution case No. 13 of 1924) wherein Trustees for the Improvement of Calcutta are the plaintiffs, and Sm Raj Lakshmi Dassi is the defendant, by the Sheriff of Calcutta in his sale room at the Court-house on Friday, the 19th day of June 1925, at the hour of 12 o'clock noon the following immovable property belonging to the defendant judgment-debtor —

A plot of land on Central Avenue, Calcutta, being plot 14A, Scheme VII in the Assessment Book of the Calcutta Corporation, containing an area of 2 cottahs 8 chitaks 3 square feet, and bounded on the north by a new 10 feet wide road, on the south by a new 40 feet wide road, on the east by Central Avenue and on the west by new road. From searches made in the office of the Registrar of Assurances, Calcutta, from the year 1922 to 1925 it appears that the above-named property is subject to no encumbrances. The amount for the recovery of which the sale has been ordered is the sum of Rs 587-3 and the costs of execution.

The condition of sale may be inspected at the office of the Sheriff of Calcutta on any day prior to the sale and will be produced at the time of sale.

High Court, Original Side, Sheriff's Office, dated the 14th day of May 1925.

PART V.

Acts of the Indian Legislature assented to by the Governor-General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 26th February, 1925, and is hereby promulgated for general information —

ACT NO IV OF 1925.

An Act to consolidate and amend the law to provide for the special protection in respect of civil and revenue litigation of Indian soldiers serving under special conditions.

WHEREAS it is expedient to consolidate and amend the law to provide for the special protection in respect of civil and revenue litigation of Indian soldiers serving under special conditions, It is hereby enacted as follows —

Short title, extent and commencement

1. (1) This Act may be called the Indian Soldiers (Litigation) Act, 1925.

(2) It extends to the whole of British India, including British Baluchistan and the Sonthal Parganas

(3) It shall come into force on the first day of April, 1925

Definition

2. In this Act, unless there is anything repugnant in the subject or context,—

(a) "Court" means a Civil or Revenue Court,

(b) "Indian soldier" means any person subject to the Indian Army Act, 1911;

VIII of 1911

(c) "prescribed" means prescribed by rules made under this Act, and

(d) "proceeding" includes any suit, appeal or application.

Circumstances
in which an
Indian soldier
shall be deemed
to be serving
under special
conditions

3. For the purposes of this Act, an Indian soldier shall be deemed to be or, as the case may be, to have been serving—

- (a) under special conditions when he is or has been serving under war conditions, or overseas, or at any place in Persia, Tibet, Afghanistan, Kashmir, Nepal or China, or with any unit the headquarters of which are situated at any place in Chitral, Waziristan, the North-West Frontier Province or British Baluchistan which is more than fifty miles distant by road from the nearest railway station ;
- (b) under war conditions—when he is or has been, at any time during the continuance of any hostilities declared by the Governor General in Council by notification in the Gazette of India to constitute a state of war for the purposes of this Act or at any time during a period of six months thereafter,—
 - (i) serving out of India,
 - (ii) under orders to proceed on field service,
 - (iii) serving with any unit which is for the time being mobilised, or
 - (iv) serving under conditions which, in the opinion of the prescribed authority, preclude him from obtaining leave of absence to enable him to attend a Court as a party to any proceeding, or when he is or has been at any other time serving under conditions service under which has been declared by the Governor General in Council by notification in the Gazette of India to be service under war conditions, and
- (c) overseas—in relation to any place in British India, other than Aden, when he is or has been serving in Aden or in any place outside India (other than Ceylon) the journey between which and British India is ordinarily undertaken wholly or in part by sea, and, in relation to Aden, when he is or has been serving in any place other than Aden

Particulars to
be furnished in
plaints, applica-
tions or appeals
to Court

4. If any person presenting any plaint, application or appeal to any Court has reason to believe that any adverse party is an Indian soldier who is serving under special conditions, he shall state the fact in his plaint, application or appeal.

Power of Col-
lector to inter-
vene in case of
unrepresented
Indian soldier.

5. If any Collector has reason to believe that any Indian soldier, who ordinarily resides or has property in his district and who is a party to any proceeding pending before any Court, is unable to appear therein, the Collector may certify the facts in the prescribed manner to the Court

Notice to be
given in case of
unrepresented
Indian soldier

6. If a Collector has certified under section 5, or if the Court has reason to believe, that an Indian soldier, who is a party to any proceeding pending before it, is unable to appear therein, and if the soldier is not represented by any person duly authorised to appear, plead or act on his behalf, the Court shall suspend the proceeding, and shall give notice thereof in the prescribed manner to the prescribed authority

Provided that the Court may refrain from suspending the proceeding and issuing the notice if—

- (a) the proceeding is a suit, appeal or application instituted or made by the soldier, alone or conjointly with others with the object of enforcing a right of pre-emption, or
- (b) the interests of the soldier in the proceeding are, in the opinion of the Court, either identical with those of any other party to the proceeding and adequately represented by such other party or merely of a formal nature.

Postponement
of proceedings

7. If, on receipt of a notice under section 6 the prescribed authority certifies in the prescribed manner to the Court in which the proceeding is pending that the soldier in respect of whom the notice was given is serving under special conditions, and that a postponement of the proceeding in respect of the soldier is necessary in the interests of justice, the Court shall thereupon postpone the proceeding in respect of the soldier for the prescribed period, or, if no period has been prescribed, for such period as it thinks fit.

Court may pro-
ceed when no
certificate
received

8. If, after issue of a notice under section 6, the prescribed authority either certifies that the soldier is not serving under special conditions or that such postponement is not necessary, or fails to certify, in the case of a soldier resident in the district in which the Court is situate, within two months or, in any other case, within three months from the date of the issue of the notice that such postponement is necessary, the Court may, if it thinks fit, continue the proceeding.

Postponement
of proceedings
against Indian
soldier on leave

9. When any document purporting to be signed by the Commanding Officer of an Indian soldier who is a party to any proceeding is produced by or on behalf of the soldier before the Court in which the proceeding is pending and is to the effect that the soldier—

(a) is on leave of absence for a period not exceeding two months, and is on the expiration of his leave to proceed on service under special conditions, or

(b) is on sick leave for a period not exceeding three months, and is on the expiration of his leave to rejoin his unit with a view to proceeding on service under special conditions,

the proceeding in respect of such soldier may, in any case such as is referred to in the proviso to section 6, and shall, in any other case, be postponed in the manner provided in section 7.

Power to set
aside decrees and
orders passed
against an Indian
soldier serving
under war or
special condi-
tions

10. (1) In any proceeding before a Court in which a decree or order has been passed against any Indian soldier whilst he was serving under war conditions or at any time after the 1st day of April, 1925, whilst he was serving under any special conditions, the soldier may apply to the Court which passed the decree or order for an order to set aside the same, and, if the Court, after giving an opportunity to the opposite party of being heard, is satisfied that the interests of justice require that the decree or order should be set aside as against the soldier, the Court shall, subject to such conditions if any, as it thinks fit to impose, make an order accordingly.

(2) No such application shall be entertained unless it is made within two months from the expiry of the first period of thirty days, after the date of the decree or order, or where the summons or notice was not duly served on the applicant, after the date on which the applicant had knowledge of the decree or order, during no part of which the soldier was serving under special conditions:

Provided that the provisions of section 5 of the Indian Limitation Act, 1908, shall apply to such applications

(3) When the decree or order in respect of which an application under sub-section (1) is made is of such a nature that it cannot be set aside as against the soldier only, it may be set aside as against all or any of the parties against whom it has been made.

(4) Where a Court sets aside a decree or order under this section, it shall appoint a day for proceeding with the suit, appeal or application, as the case may be.

Modification of
law of limitation
where Indian
soldier serving
under war or
special conditions
is a party

11. In computing the period of limitation prescribed by the Indian Limitation Act, 1908, or any other law for the time being in force for any suit, appeal or application to any Court any party to which is or has been an Indian soldier, the time during which the soldier has been serving under war conditions since the 4th day of August, 1914, or under any special conditions since the 1st day of April, 1925, shall be excluded.

IX of 1908

IX of 1908

Provided that this section shall not apply in the case of any suit, appeal or application instituted or made with the object of enforcing a right of pre-emption.

Power of Court
to refer question
as to whether
service was under
war or other
special conditions

12. If any Court is in doubt whether, for the purposes of section 10 or section 11, any Indian soldier is or was at any particular time serving under war or other special conditions, it may refer the point for the decision of the prescribed authority, and the certificate of that authority shall be conclusive evidence on the point.

Rule making
power

13. The Local Government, after consulting the High Court, may, by notification in the local official Gazette, make rules to provide for all or any of the following matters, namely —

- (a) the manner and form in which any notice or certificate under this Act shall be given ;
- (b) the period for which proceedings or any class of proceedings shall be postponed under section 7 ;
- (c) the persons who shall be the prescribed authorities for the purposes of this Act ,
- (d) any other matter which is to be or may be prescribed , and
- (e) generally, any matters incidental to the purposes of this Act

Power to apply
the provisions of
the Act to other
persons in the
service of the
Crown

14. The Governor General in Council may, by notification in the Gazette of India, direct that all or any of the provisions of this Act shall apply to any other class of persons in the service of His Majesty specified in such notification in the same manner as they apply to Indian soldiers

Repeal of Acts
IX of 1916 and
XII of 1924

15. The Indian Soldiers (Litigation) Act, 1918 and the Indian Soldiers Litigation (Amendment) Act, 1924, are hereby repealed.

IX of 1918
XII of 1924

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Indian Legislature received the assent of the Governor General on the 18th March, 1925, and is hereby promulgated for general information —

ACT No. XI OF 1925.

An Act further to amend the Indian Merchant Shipping Act, 1923, for certain purposes

WHEREAS it is expedient further to amend the Indian Merchant Shipping Act, 1923, for certain purposes hereinafter appearing, It is hereby enacted as follows — XXI of 1923

Short title

1. This Act may be called the Indian Merchant Shipping (Second Amendment) Act, 1925

Amendment of section 23, Act XXI of 1923

2. In section 23 of the Indian Merchant Shipping Act, XXI of 1923 (hereinafter referred to as the said Act),—

(a) in sub-section (1) for the words "Every pilgrim ship, proceeding from any port in British India other than Aden to any port in the Red Sea, shall touch at Aden and shall not leave", the words "Any officer empowered by the Local Government in this behalf may, by order in writing, require any pilgrim ship, proceeding from any port in British India other than Aden to any port in the Red Sea, to touch at Aden and not to leave" shall be substituted, and

(b) in sub-section (2), after the word "ship" the words "in respect of which an order has been made under this section" shall be inserted, and for the words "by this section" the words "under this section" shall be substituted

Amendment of section 204, Act XXI of 1923

3. In section 204 of the said Act, for the words "The authority at Aden empowered to grant the certificate required under section 203", the words "Where any pilgrim ship touches at Aden in compliance with an order made under section 203, the authority at Aden empowered to grant the certificate required under that section" shall be substituted

Amendment of section 205, Act XXI of 1923

4. In section 205 of the said Act, in clause (a) after the word "shall" the words "if so required by an order under section 203" shall be inserted, and for the words and figures "by section 203" the words "under that section" shall be substituted.

Insertion of new section 208A in Act XXI of 1923.

Conditions for securing return passages for pilgrims

5. After section 208 of the said Act the following section shall be inserted, namely —

"208A. No pilgrim shall be received on board any pilgrim ship at any port or place in British India for conveyance in the lowest class available on the ship, unless he—

(a) is in possession of a return ticket, or

(b) has deposited with the prescribed person such sum for the purpose of defraying the cost of a return ticket as the Governor General in Council may specify by notification in the Gazette of India.

Provided that this prohibition shall not apply in the case of any such pilgrim who has made a declaration on oath or affirmation in such form as may be prescribed, before an authority appointed in this behalf by the Local Government, that he does not intend to return to India within three years after the date of declaration."

Amendment of
section 209, Act
XXI of 1924

6. In section 209 of the said Act,—

(a) to sub-section (1) the following proviso shall be added, namely —

“ Provided that no pilgrim to whom the prohibition contained in section 208A applies shall be entitled to, or shall be provided with, a ticket other than a return ticket unless he has made the deposit required by that section ”, and

(b) in sub-section (2) for the words “ shall be entitled to the refund of any passage-money he may have paid, subject to any conditions or deductions which may be prescribed ” the following shall be substituted, namely —

“ shall, subject to any conditions or deductions which may be prescribed, be entitled to the refund of any passage-money which he may have paid, and of any deposit which he may have made in compliance with the provisions of section 208A, and if any pilgrim who has paid for a return ticket or made such deposit dies in the Hedjaz or on the voyage thereto, or does not return to British India before the expiration of one year from the date on which he paid for the return ticket or made such deposit the person nominated by him in writing in the prescribed manner or, if no person has been so nominated, his legal representative or the pilgrim himself, as the case may be shall, if the pilgrim was in possession of a return ticket, be entitled to the refund, subject as aforesaid, of half the passage-money paid by the pilgrim or, if the pilgrim had made a deposit, be entitled to the refund unconditionally of the whole of the deposit made by him.”

Insertion of
new section 209A
in Act XXI of
1924

7. After section 209 of the said Act the following section shall be inserted, namely —

Cost of return
journey of pil-
grims on ships
other than those
for which return
ticket is available

“ 209A (1) Port clearance shall not be granted from any port in British India to any pilgrim ship unless or until the master, owner or agent and two sureties resident in British India have executed in favour of the Secretary of State for India in Council a joint and several bond for the sum of ten thousand rupees, conditioned that, if any pilgrim who has been carried to the Hedjaz by that ship with a return ticket issued in British India within the previous eighteen months is owing to his inability to obtain accommodation on a ship for which the return ticket is available, detained at Jeddah for a longer period than twenty-five days from the day on which he presents his ticket to the British Consul at Jeddah, notifying his desire to embark for the return passage, the master, owner or agent aforesaid shall pay to the Local Government in respect of such pilgrim such sum not exceeding double the whole sum received by such master, owner or agent in respect of the return ticket as the Local Government claims as the cost of repatriating the pilgrim, together with a sum of one rupee for each day after the expiry of the twenty-five days aforesaid during which the pilgrim has been detained at Jeddah :

Provided that, for the purpose of computing the said period of twenty-five days, no period shall be taken into account during which the ship is prevented from carrying pilgrims on the return passage by reason of the port of Jeddah having been declared by proper authority to be infected or by reason of war disturbance or any other cause not arising from any act or default of the master, owner or agent.

(2) A certificate of such detention purporting to be made and signed by the British Consul at Jeddah shall be received in evidence in any Court in British India without proof of the signature or of the official character of the person who has signed the same.”

Amendment of
section 213, Act
XXI of 1923

8. In sub-section (1) of section 213 of the said Act,—

(a) after clause (o) the following clause shall be inserted, namely —

“(oo) the manner in which deposits shall be made for the purposes of section 208A, and any matter in respect of which provision is, in the opinion of the Governor General in Council, necessary or expedient for the purpose of giving effect to the provisions of that section ;”

(b) in clause (q), after the word “passage-money” the words “and of deposits made under section 208A” shall be inserted, and to the same clause after the words “pilgrimage” the words “and the refund of passage-money or deposits to the nominees and legal representatives of pilgrims who have died in the Hedjaz or on the voyage thereto, or to pilgrims who do not return to British India within the period provided in section 209 or to the nominees of such pilgrims and the manner in which persons shall be nominated for the purpose of entitling them to such refunds,” shall be added, and

(c) after clause (q) the following clause shall be inserted, namely :—

“(qq) the period after which unclaimed passage-money and deposits liable to be refunded shall lapse to Government, and the purposes to which sums so lapsing shall be applied”

L GRAHAM,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

THE following Act of the Indian Legislature received the assent of the Governor General on the 18th March, 1925, and is hereby promulgated for general information —

ACT NO. XII OF 1925.

An Act to provide for the better regulation of cotton ginning and cotton pressing factories.

WHEREAS it is expedient to provide for the better regulation of cotton ginning and cotton pressing factories, It is hereby enacted as follows —

Short title,
extent and com-
mencement

1. (1) This Act may be called the Cotton Ginning and Pressing Factories Act, 1925.

(2) It extends to the whole of British India (except Burma), including British Baluchistan and the Sonthal Parganas

(3) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Definitions

2. In this Act, unless there is anything repugnant in the subject or context,—

(a) "bale" means any pressed package of cotton of whatever size or density,

Final Forecast of the Wheat Crop of Bengal, 1924-25.

[NOTE.—On an average of the five years ending 1922-23, the area under wheat in Bengal has represented some 0.4 per cent of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (a) British India and (b) the territory now reported on has, in the five years ending 1922-23, averaged (a) 45.2 and (b) 14.1 per cent, respectively.]

Character of the Season.—As indicated in the preceding forecasts, the conditions were favourable, on the whole, up till the end of December. Later on occasional heavy showers during the months January to March, accompanied in places with hail, seriously damaged the mature crop especially in the important district of Malda which contains more than one third of the total area under wheat in the province. On the whole, the season has been unfavourable for the crop.

Acreage.—According to District officers' estimates, the total area sown is 126,400 acres this year as against 120,400 acres last year.

Outturn.—The provincial outturn, as worked out from district estimates, is 64 per cent. of the normal as against 62 per cent. last year. Taking the normal yield to be 8½ maunds per acre, the gross yield of the crop for the province is estimated at 24,800 tons this year as against 22,900 tons last year.

At the end of April the average wholesale price of wheat at the principal marts of the province was Rs. 6-4-6 per maund, or about 24 and 19 per cent. higher than the prices ruling at the corresponding periods of last year and the year preceding respectively. The average wholesale price of common rice at the principal marts, on the other hand, was Rs. 7-0-7 per maund, or about 23 and 22 per cent. higher than the prices ruling at the corresponding periods of last year and the year preceding respectively.

Director of Agriculture, Bengal.

Final Forecast of the Wheat Crop of Bengal, 1924-25.

District	Estimated normal area under the wheat crop	Estimated area under wheat		Estimated outturn as a percentage of the normal yield per unit of area.		Date on which the harvesting of the crop was begun this year and whether that date was early, normal or late.	Remarks by District Officers
		Last year (1923-24)	This year (1924-25)	Last year.	This year.		
1	2	3	4	5	6	7	8
	Acres	Acres	Acres				
Nadia	23,100	11,900	12,000	50	67	Latter part of March. Normal	There was no change in the weather condition since the submission of the third forecast. The outturn is much below the normal for want of rain at the time of sowing and thriving.
Murshidabad	85,500	21,300	27,800	58	67	Middle of March. Normal.	The increase in area as compared with last year is due to timely rain at sowing time. The weather was fair. The outturn is much below the normal owing to damage caused by hailstorm, fog and cloudy weather.
Jessore	3,800	700	700	50	50	March Normal	The weather was not favourable. The outturn is much below the normal owing to unfavourable condition of weather in January and February last.
Bardwan	1,600	1,500	1,700	75	83	Middle of March Normal	The increase in area compared with last year is due to favourable weather at the beginning. The weather was fairly favourable. The outturn harvested is about ten annas this year.
Birbhum	4,800	2,820	2,800	50	52	March Normal	The weather was favourable and the outturn is almost normal.
Bankura	6,500	3,200	4,800	88	88	Beginning of March Normal	The increase in area was due to favourable weather at sowing time. The outturn is below the normal owing to occasional rains and hailstorm since the latter part of March, which caused some damage in places.
Midnapore	800	500	800	75	84	March Normal	The weather was seasonable. The outturn is below the normal owing to want of full growth of the crop on account of paucity of rains at the sowing time.
Hooghly	400	900	200	58	83	Beginning of March Early	The decrease in area is due to revision of estimates. The weather was not favourable. The outturn is below the normal owing to damage to the extent of 2 annas due to unfavourable weather.
Rajshahi	18,800	9,200	9,500	50	75	March Normal	The weather was not favourable. The rains and hailstorm destroyed the crop to a great extent.
Dinajpur	1,300	1,800	1,700	49	55		The weather was not favourable. The outturn is much below the normal owing to unfavourable weather.
Jalpaiguri	800	600	600	83	75	Beginning of April. Normal	The weather was not favourable. The outturn is below the normal owing to damage caused by drought.
Darjeeling	2,900	2,500	2,500	92	92	Last week of April Normal	The weather was favourable.
Rangpur	3,400	3,400	3,400	100	100	First week of March Normal	The weather was favourable and a normal outturn has been obtained.
Bogra	100	800	800	50	50	March. Normal	The weather was favourable.
Pabna	8,800	4,600	6,000	58	83	Middle of March Normal	The increase in area compared with last year was due to favourable weather at sowing time. The weather was not favourable since the submission of the third forecast as heavy showers shortly before harvesting affected the crop adversely and damaged about two annas of the crop.
Malda	43,500	48,000	45,000	68	46	Latter part of March	The outturn is much below the normal owing to unfavourable weather at the beginning which retarded the growth of the crop. In the first week of March when the crop was flowering the rain damaged it severely and caused the crop very light.
Dacca	4,100	3,500	3,500	59	60	March Normal	The weather was favourable since the submission of the third forecast but some damage was done to the crop by hailstorm. The outturn is therefore below the normal.
Mymensingh	500	600	600	83	49	Middle of March Normal	The weather was fairly favourable.
Faridpur	2,700	2,700	2,800	52	82	Middle of March	The weather was fairly favourable. The outturn is below the normal as the weather conditions were not all along uniformly good.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 13th May 1925.

Summary.—During the week light to moderate rainfall was nearly general throughout the Presidency. Sowing of jute and paddy continues favourably in West Bengal and weeding is in full swing in East and North Bengal. The prospects of standing crops are generally hopeful. The average price of common rice for the province has risen by about 0·43 per cent. as compared with that of the previous week.

Dacca, the 21st April 1925

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for April 1925.

I **Character of the season.**—The weather was dry during the first week of the month, after which precipitation became general throughout the Presidency and heavy in parts of North and East Bengal. The usual rainfall statement is appended.

II **Progress of agricultural operations.**—The dry weather in the beginning of the month delayed sowings of jute and paddy. These operations were facilitated by the good subsequent rainfall except in places of North and East Bengal, where excessive rain caused further delay especially in the low land tracts.

III **State of standing crops.**—The condition of standing crops was generally satisfactory in East and North Bengal, while in West Bengal it was only fair.

IV **Prospects and probable outturn.**—The prospects of sugarcane, *tul*, jute and paddy were generally hopeful.

V **Damage to standing crops.**—Damage to young jute and paddy plants is reported to have been caused by excessive rain in parts of some low land tracts of North and East Bengal.

VI **Condition of agricultural stock.**—The condition of live-stock was, on the whole, satisfactory. Stray cases of cattle-disease, however, were reported from parts of Nadia, Jessore, Dinajpur, Rangpur, Dacca, Bakarganj, Tippera and Cooch-Bihar and Tripura States.

VII **Failure of pasturage and fodder.**—No insufficiency of fodder was reported from any part of the Presidency.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality fell in four, rose in eleven districts and remained stationary in the rest of the Presidency. It ranged from 5 seers per rupee at Tippera to 7 seers per rupee at Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair.

Director of Agriculture, Bengal.

**RESOLUTION ON THE REPORT ON THE WORKING OF THE CO-OPERATIVE
SOCIETIES IN BENGAL FOR THE YEAR ENDING 30TH JUNE 1924.**

GOVERNMENT OF BENGAL.

AGRICULTURE AND INDUSTRIES DEPARTMENT.

Co-operative.

DARJEELING, THE 16TH MAY 1925.

RESOLUTION No. 461 T—A. I.

READ—

The Report on the working of the Co-operative Societies in Bengal for the year ending 30th June 1924.

Administration.—Rai J. M. Mitra Bahadur held the office of the Registrar till the 10th January 1924, when he left for England to take charge of the Bengal Court of the British Empire Exhibition. Mr M Thorp, Deputy Registrar, then assumed charge of the department and held it for the rest of the year. The post of Deputy Registrar was abolished with effect from the 11th January 1924, the date on which Mr Thorp was appointed to act as the Registrar. The recommendation of the Bengal Retrenchment Committee that the post of Personal Assistant to the Registrar of Co-operative Societies should ordinarily be filled by a Sub-Deputy Collector instead of by a Deputy Collector was given effect to during the year. The long deferred division of the combined charge of the Presidency and Burdwan Divisions by the appointment of an Assistant Registrar for each was carried out during the year. The new arrangement should facilitate the growth of the co-operative movement in those two divisions, and should enable more effective supervision to be exercised over the societies already in existence. In accordance with the principle that the number of Sub-Deputy Collectors employed as Inspectors should be kept at its minimum, an additional post of departmental inspector was created to fill the place of Maulvi A M Arshad Ali appointed Personal Assistant. The question whether a further reduction in the number of Sub-Deputy Collectors employed in the department is practicable is now under the consideration of Government. The proposal for the revision of pay of the subordinate inspecting staff of the department has been approved, and it is proposed to give effect to it as soon as the financial situation permits.

It is gratifying to note that the central banks continue to take over gradually the cost of honorary organisers. While agreeing with the view expressed in paragraph 14 of the report that the work of organisation should be left more and more to extra departmental agencies so far as the credit movement in advanced areas is concerned, Government would reiterate the principle, already accepted by them in connection with the recommendation of the Provincial Retrenchment Committee on the subject, that departmental stimulation will still be necessary not only in developing special types of societies, but also in organising credit societies in areas still remaining undeveloped. At the same time His Excellency trusts that the training of non-official agencies in the work of organisation will be regarded as one of the most important duties of the officers of the Co-operative Department.

2. General Progress of the movement.—During the year under review the total number of societies of all kinds rose from 7,822 to 9,342 and the membership from 292,981 to 340,159, while the working capital increased from Rs. 4,33,63,800 to Rs. 5,07,66,290. It is satisfactory that in the general expansion of the movement the internal improvement of the societies has not been lost sight of: dishonest office bearers have been dismissed, refractory members expelled and steps have been taken for the realisation of bad debts and for splitting up unwieldy societies.

The Registrar again calls attention to the important part which the movement can play in encouraging habits of thrift among the rural population. It would seem that this aspect of co-operation is not yet fully realised by most central banks and it is to be hoped that no effort will be spared to encourage the poorer classes to make greater use of co-operative societies as depositories for their small savings, thereby not only effecting a permanent improvement in their economic condition, but also making available to the outside world of trade and commerce the accumulated savings of millions of agriculturists during their surplus season which usually coincides with the period of tightness in the money market.

3 Turning to details, co-operative organisations in the province may be broadly classified as follows—

I. Primary Societies—

- (a) Agricultural,
- (b) Non-agricultural, and

II Central Co-operative Organisations.

Steady progress has been made in all these directions during the year under review

(I) PRIMARY SOCIETIES.

(a) Agricultural Societies.

(i) **Credit Societies.**—Agricultural credit societies constitute 90 per cent of the total number of societies in the province

The number of this class of societies rose during the year under report from 7,011 to 8,368, their membership from 1,86,944 to 2,16,190, working capital from Rs 1,48,62,021 to Rs. 1,77,89,251, share capital from 7.03 lakhs to 10.27 lakhs and deposits from members from 6.98 lakhs to 7.83 lakhs. While there has been some increase in deposits from members, they still form but a small fraction of the total working capital, the societies mainly depending on central banks and outside deposits. The primary object of a credit society should be the promotion of thrift among its members, and the Registrar should take every possible step to inculcate this essential principle on the societies.

Another unsatisfactory feature of the situation is the unpunctual repayment of loans. The collections during the year amounted to 38½ lakhs and though the outstandings were reduced from 33.9 lakhs to 31.4 lakhs, this formidable sum still constitutes a real menace to the movement. Steps are being taken to effect internal improvement in the working of the societies and to secure closer supervision over their proceedings and His Excellency trusts that the central banks will actively co-operate with the department in carrying through these much-needed improvements.

(ii) **Agricultural purchase and purchase and sale societies.**—During the year the number of these societies rose from 21 to 22, membership from 4,147 to 4,441 and working capital from Rs 1,54,641 to Rs. 1,56,161. The profits made by these societies amounted to Rs 3,620 against Rs. 5,910 in the preceding year.

It is reported that the Sundarbans Supply and Sale Society, the only society of this type which has hitherto been a marked success financially, made a profit of only Rs 2,189 against Rs. 10,000 in the previous year. The main reason appears to have been a diminution in the volume of business, which consisted mainly of ordinary store transactions to the neglect of sale of the members' agricultural produce. Moreover, the prices of goods were fixed without reference to the actual cost of establishment and other charges. His Excellency the Governor trusts that this lesson will not be lost upon other societies. He also hopes that the experiments which are now being carried out in the organisation of paddy and jute sale societies in several districts will be attended with success.

(iii) **Irrigation Societies.**—This class of societies has developed considerably during the year. Their number increased from 114 to 173 (of which as many as 107 are in the Bankura district alone), membership from 4,689 to 7,376, and working capital from Rs. 77,658 to Rs. 1,29,598. The possibilities of these societies in the direction of solving the difficult problem of agricultural deterioration in the Western Bengal districts are very great. The Registrar roughly estimates that in many areas by means of adequate irrigation, production can be increased by 100 per cent. Moreover these irrigation societies dealing as they do, not only with stream schemes but also with tank schemes are indirectly serving the purpose of anti-malarial societies. Apart from the stream schemes for which there are special facilities in the districts of Bankura and Birbhum, the whole of Western Bengal affords splendid opportunities for the development of tank schemes. Financially these societies have hitherto been most successful and it is hoped that with the increased departmental staff for this class of societies which has now been sanctioned by the Legislative Council, the development of co-operative irrigation movement will be substantially accelerated.

(iv) **Co-operative Agricultural Associations.**—The number of this type of societies during the year rose from 11 to 16, but they have not as yet achieved any striking results. A new type of society called the Modern Co-operative Agricultural Association, Limited, was formed in the Presidency Division during the year under report, with a laudable, though ambitious programme. The main object of this society appears to be the solution of the vexed problem of middle-class unemployment by providing an agricultural colony for the middle-classes, with facilities for small plot cultivation and vocational education. The society unfortunately sustained a severe set back through the death of two of its principal sympathisers, Sri Ashutosh Mukherjee and Sri Ashutosh Choudhury. It is, however, hoped that the society will be able to surmount the initial difficulties under which it is still labouring, and its future career will be watched with interest.

(v) **Production and Sale Societies.—Milk Societies.**—These societies, which were formerly confined to the Barasat subdivision of the 24-Parganas district, have now spread into the Jessore district. During the year their number increased from 52 to 54, membership from 2,040 to 2,155, share capital from Rs. 1,936 to Rs. 2,774, reserve fund from Rs. 2,580 to Rs. 7,448, and profit from Rs. 4,846 to Rs. 11,054. All these societies are members of the Calcutta Milk Union, and their supply is almost wholly consumed in Calcutta. A sum of over a lakh was realised by the sale of the produce, and in spite of transport difficulties which stand in the way of a wider supply, these societies are proving more and more useful in solving the difficult problem of the milk supply of Calcutta.

(vi) **The Naogaon Ganja Cultivators' Co-operative Society, Limited.**—During the year the membership of this society increased from 3,221 to 3,617 and share capital from Rs. 33,710 to Rs. 40,670. The sale proceeds totalled Rs. 10,01,645 as against Rs. 10,84,947 in the preceding year. The slight decrease in receipts from sales was due to a fall in the demand owing to the influence of the temperance movement and also to an increase in the retail sale price. The society continued to maintain its charitable institutions.

(b) **Non-Agricultural Societies.**

These mainly fall under three groups, viz., Credit, Stores and Supply, and Miscellaneous societies.

(i) **Credit Societies.**—Their number rose during the year from 186 to 223, membership from 62,070 to 72,553, share capital from 22½ lakhs to 26½ lakhs, and working capital from 83 lakhs to 97 lakhs. The Registrar reports that the novel method of working adopted by the Tippera district civil court employees' co-operative relief Society has attracted notice from other parts of India. This society, with the object of promoting thrift among its members, enforces a compulsory deposit of Re 1 a month from every member and invests the proceeds

in the longest term deposit in the Comilla Central Bank. It is interesting to find that some of the Mehtars' societies, while fulfilling the primary object of ameliorating the economic condition of their members, have been successful in combating drunkenness.

(ii) **Stores and Supply Societies.**—The co-operative stores movement has made no progress. Their number during the year fell from 76 to 69 and membership from 12,997 to 12,416, while the sales were reduced from 7.90 lakhs to 6.69 lakhs. The loss incurred during the year amounted to Rs. 32,435. The main cause of this failure seems to be inefficient management which, not unnaturally, leads to distrust and lack of co-operation among the members. The Registrar has recently published a Stores Manual, which should be useful to societies of this class. A few of them are already doing useful work. The management of small stores dealing with the ordinary necessities of life should not present any insuperable difficulties and, if properly run, they should be of considerable benefit to their members.

(iii) **Miscellaneous Societies.**—The Dacca conch-shell workers' society, which was doing good work in resuscitating the old and renowned conch-shell industry of Dacca, had to be liquidated owing to the capitalistic spirit in which the society was being run. The Dacca industrial union has, however, succeeded in organising eight new societies among the Dacca conch-shell workers, and it is hoped that these societies will profit by the lessons of the liquidated society and manage their affairs in a truly co-operative spirit. Among other societies of this class may be mentioned the Madhaymagram Chican society, some of the products of which were taken to the British Empire Exhibition and found a ready sale there. Good work has been done by fishermen's and weavers' societies, and the latter have received a considerable impetus through the formation of industrial unions.

II.—CENTRAL CO-OPERATIVE ORGANISATIONS.

(i) **The Bengal Provincial Co-operative Bank, Limited.**—Satisfactory progress was made by this apex bank during the year. Its membership increased from 89 to 109, working capital from 34.73 lakhs to 36.77 lakhs, reserve and other funds from Rs. 66,238 to over one lakh, and its share capital from 3.59 lakhs to 4.57 lakhs. The amount of public confidence that the bank has now secured is shown by the fact that in spite of lower rates of interest, public deposits still continue to flow into it to an even larger extent than before. Satisfactory relations continue to subsist between the Provincial Bank and its constituent members, and the link between the financing of agriculture and that of trade and commerce has at last been forged by placing in the joint stock banks the surplus of co-operative money accumulated in the Provincial Bank during the slack season. Government are much indebted to Mr. S. R. Das, Advocate-General, who at considerable sacrifice of his time has held the post of Chairman of the Provincial Bank during the last two years.

(ii) **The Central Banks.**—Excluding the industrial unions the number of Central Banks increased by seven during the year. The total number of societies affiliated to these banks rose from 7,082 to 8,289, their working capital from Rs. 1,51,25,775 to Rs. 1,75,06,244, deposits from non-members being Rs. 1,10,21,456 against 97.78 lakhs in the previous year. The total collections from societies were 53.31 lakhs against 48.68 lakhs. The relations of the Central Banks with the village societies were generally satisfactory, but the Registrar's remarks as to the necessity of maintaining an efficient managing staff deserve attention.

(iii) **The Calcutta Central Co-operative Anti-malarial Society, Limited.**—This Central Society has now 204 societies affiliated to it as against 116 in the preceding year, but only 33 of these affiliated societies are registered under the Act. It is reported that one of the main reasons why most of these societies do not apply for registration is the liability of registered societies to pay audit fees. In recognition of the beneficent activities of those societies which, unlike other co-operative organisations, aim at benefiting not only their members but also the general public in their respective

localities, the Registrar exempted these societies from payment of audit fees for last year. His Excellency takes this opportunity of placing on record his high appreciation of the spirit which has prompted Rai Bahadur Dr. G. C. Chatterji to undertake the work of guiding this movement at considerable personal sacrifice.

4. Miscellaneous.—The Bengal Co-operative Organisation Society.—

This organisation continues to do useful work, but its activities are restricted to propaganda and publicity and it does not undertake actual organisation or the supervision and control of primary societies. These functions are now vested in the Central Banks which have generally discharged them satisfactorily so far, but the combination of all these functions in a financing body is obviously not an ideal arrangement, and the feasibility of these duties being ultimately taken over by a body other than and independent of the financing authority will be examined in connection with the proposal for the reorganisation of the Bengal Co-operative Organisation Society which has been engaging the Registrar's attention.

5. Attitude of the public.—His Excellency the Governor notices with pleasure that the sympathy of the public with the co-operative movement shows no sign of abatement. It is, however, reported that the general public are still inclined to regard the extension of co-operative institutions as largely a matter for departmental effort. It should be realised that unless voluntary organisations take the initiative in the field of co-operative organisation, the far-reaching possibilities of the movement for the moral and economic uplift of the population of the Presidency cannot be brought within the sphere of accomplishment.

6. The thanks of Government are due to Rai J. M. Mitra Bahadur and Mr. Thorp for their efficient administration of the department during the year. His Excellency has noticed with pleasure the good work done by the Assistant Registrars and particularly by Babu Susil Kumar Ganguli whose services have been specially commended by the Registrar. His Excellency also takes this opportunity of acknowledging the assistance received by the officers of the department from many non-official gentlemen who have freely given of their time and energy in furthering the progress of the movement, and also from those District and Subdivisional Officers who are reported to have given active help to the movement within their respective jurisdictions.

2 The revised Table of Fees shall come into force on the 1st June 1925

TABLE OF FEES UNDER THE INDIAN REGISTRATION ACT, 1908.

[N.B.—In these articles "section" means a section of the Indian Registration Act, 1908.]

1.—Ordinary Fees.

A (1) The fees payable for the registration of the documents described below shall be calculated on the following *ad valorem* scale according to the value of the right, title and interest affected, when such value is expressed in the document —

	Rs	A
When the value does not exceed Rs 50 ...	0	8
When the value exceeds Rs 50 but does not exceed Rs 100 ..	0	12
When the value exceeds Rs 100 but does not exceed Rs. 250 ...	1	0
When the value exceeds Rs 250 but does not exceed Rs. 500 ...	3	0
When the value exceeds Rs 500 but does not exceed Rs 1,000 ..	4	0
For every additional Rs 1,000 or part thereof ...	2	0

Description of documents.

Conveyances and bills of sale, deeds of gift or dower settlements, deeds of partition, leases, deeds of mortgage or instruments of further charge, bonds of all kinds except indemnity and security bonds, assignments of any interest secured by a bond or mortgage

deed, policies of insurance, bills of exchange and promissory notes, and generally all other documents* of the nature of those hereinbefore mentioned.

(2) When the value of the right, title and interest affected is not expressed in such documents, a fee of Rs 20 shall be payable.

Explanation—(1) In cases of conveyances and bills of sale where any consideration is expressed, such consideration, in the case of a deed of gift, the value of the property thereby disposed of, in cases of deeds of dower and settlement, the amount of dower and the value of the property settled; in the case of a document securing periodical payments, other than a lease, the amount payable for one such period in addition to any amount other than such periodical payments, paid or payable as consideration for such document, and in the case of bonds, mortgages and instruments of further charge, the amount thereby secured, shall be taken to be the value of the right, title and interest affected within the meaning of this article.

(2) In the case of leases as classified below, the amounts specified against each class shall be taken to be the value of the right, title and interest affected within the meaning of this article.—

Class of leases	Amount representing the value of right, title and interest affected
(a) A lease by which the rent is fixed, but in respect of which no premium or* fine is paid or delivered and no money is advanced, and which is granted—	
(i) for a period of less than one year, or	The total sum payable under the lease
(ii) for a specified period of one year or more, but not exceeding 10 years, or	An amount equal to the average annual rental.
(iii) for an indefinite period, or	An amount equal to two years' rent †
(iv) for a period exceeding ten years, or	
(v) in perpetuity	
(b) A lease which is granted for a fine or premium or for money advanced, and by which no rent is reserved	The amount of the fine, premium or money advanced
(c) A lease which is granted for a fine or premium or for money advanced in addition to rent reserved	The total of (1) the amount of the fine, premium or advance, and (2) the amount which would be calculated in the case of the lease under clause (a) if no fine, premium or advance had been paid or delivered

(3) In the case of partition deeds the value of the share or shares on which stamp duty is payable under article 45 in Schedule I to the Indian Stamp Act, 1899, shall be taken to be the value of the right, title and interest affected within the meaning of this article

Provided that—

- if a patta or lease† given to any raiyat, and the kabuliya or counterpart of such lease executed by such raiyat, be presented for registration at the same time, the fee payable for the registration of the patta shall be half of what would have been payable if the patta alone had been presented, and the fee payable for the registration of the kabuliya shall be equal to that payable for the registration of the patta,
- an instrument so framed as to come within two or more descriptions of the document enumerated above shall, when the fees chargeable thereunder are different, be charged with the highest of such fees,
- the fee on any instrument comprising or relating to several distinct matters shall be the aggregate of fees with which separate instruments, each comprising or relating to one of such matters, would be chargeable,

* The following classes of documents are included —

"An Acknowledgment or an ordinary Receipt for money received, (certificates of sale, Releases whereby a person renounces a claim against any specified property, not being the subject of previous registered encumbrance, Award directing a partition, Declaration of Trust of the nature of Settlement, Deeds for exchange of property, Transfer of lease for a consideration, Assignment by a partner of his share and interest to his Co-partners on the dissolution of partnership for a consideration" (vide Inspector-General of Registration's circular No 9, dated the 26th February 1915)

† The following instructions should be followed in calculating the two years' rent —

- In the case of leases for an indefinite period, the amount payable for the first ten years should be calculated and one fifth of the said amount should give the two years' rent
- In the case of leases for a period exceeding ten years, the total amount payable for the period mentioned in the leases should be calculated and then divided by the number which represents half the said period. Thus, if the lease be for twenty years, the two years' rent would be the total rent for twenty years divided by ten
- In the case of leases in perpetuity, the rent payable for the first fifty years should be calculated and then divided by 25. This would give the two years' rent (vide Inspector-General of Registration's circular No 2, dated the 9th January 1915)

† A lease should be *primæ facie* a raiyati lease, that is, a lease granted to a raiyat for purpose of cultivation, to entitle it to the benefit of the article.

- (d) when a document which has been executed by only some of the parties to it is presented for registration, the other parties or any of them may attend and execute the document and admit execution thereof without the payment of any further fee, so long as a certificate of registration has not been endorsed thereon and duly signed, sealed and dated under section 60, but if the registration of the document has been completed, it must be presented afresh for registration, and a second fee shall be payable; and
- (e) the fee leviable for the registration of a document purporting to give collateral or auxiliary or additional or *substituted* security, or security by way of further assurance, where the principal or primary mortgage is proved to the satisfaction of the registering officer to have been duly registered, shall be the same as for the principal or primary mortgage, if the same does not exceed Rs 4, but shall in no case be more than Rs. 4

B. The fee for the registration of a separate instrument acknowledging the receipt or payment of any sum of money, whether consideration on account of any deed of sale or mortgage, or rent on account of any lease, or other value expressed in any document, shall be calculated, according to the amount received, on the *ad valorem* scale fixed under article A

Provided that if any instrument referring to the same transaction has already been registered*, such fee shall not exceed Rs 4

C In the case of wills, fees shall be paid as follows —

	Rs
(i) For the deposit or withdrawal of a sealed cover containing a will	4
(ii) For opening such cover (in addition to the fee for copying the contents which shall be charged according to the scale laid down in article G for the granting of certified copies) ..	4
(iii) For the registration of a will† or authority to adopt when presented open	8

D The fee for the registration of an agreement for personal service shall be Re 1 only

E. The fee for the registration of any document not mentioned or described in any of the foregoing articles shall be Rs 2‡

Note — Proviso (c) and (d) to article A apply also to articles B, D and E.

F (1) Fees payable for searching the indexes and inspecting the registers shall be as follows —

	Rs. A.
(i) For the first year for each entry or document for which search of the indexes of a specified office is made ...	1 0
(ii) For every other year as aforesaid ..	0 8
(iii) For each register book 1, 2, 3 or 4 inspected ...	1 0

Provided that—

- (a) no fee for the search or inspection of the registers of any one office in respect of any one entry or document shall exceed Rs. 10,
- (b) no fees for the search or inspection of the registers of any one office in respect of any number of entries or documents relating to one and the same property shall exceed Rs 20, and
- (c) no fee for search shall be payable if in any application for a copy of an entry or for inspection of any entry, the nature of the document, the date of registration, the register and volume in which it is copied and its number in such volume are shown

* An instrument acknowledging the receipt of payment of any sum of money by way of consideration, rent or otherwise should be charged with registration fees on the *ad valorem* scale fixed under article A. Where such an acknowledgment or receipt is a *separate* or subsidiary instrument referring to the same transaction, then if the principal document has *not* been registered, the provision of paragraph 1 of article B should apply, i.e., fee on the *ad valorem* scale under Article A should be charged for the *separate* or subsidiary receipt. But if the principal document *has been* registered, then the fee should be calculated according to the proviso to article B, i.e., on the *ad valorem* scale in article A, subject to a maximum of Rs 4 (Vide Inspector-General of Registration's circular No 7, dated the 7th July 1914)

† "or revocation or cancellation of a will" (Vide Inspector-General of Registration's circular No 19, dated the 11th August 1915)

‡ The following classes of documents should be charged "E" fees —

"Release whereby the property, which had previously been the subject of a registered mortgage, is restored, Surrender of a Lease, Revocation of Trust and Settlement, Dissolution of Partnership and Reconveyance" (Vide Inspector-General of Registration's circular No 9, dated the 25th February 1913)

(2) Every application for the grant of a certified copy, except at the time of the registration of a document, shall, subject to proviso (c) above, be accompanied by the fee prescribed for searching the indexes.

G For making or granting copies of reasons, entries or documents before, on, or after registration, a fee shall ordinarily be charged at the rate of two annas for every 100 words in the vernacular character, and four annas for every 100 words in the English character.

Provided that, if an applicant requires such copies to be taken up in preference to other applications on which ordinary copying fee has been paid, an extra fee of two rupees or, if the copies exceed four pages of 300 words, of eight annas for each page, shall be charged on all copies so furnished.

II.—Extra or Additional Fees.

H For the registration by any Registrar (other than the Registrar of Calcutta) of any document under sub-section (1) of section 30, an extra fee equal to the ordinary fee or an extra fee of Rs 10, whichever is less, shall be charged.

I For the registration under sub-section (2) of section 30, by the Registrar of Calcutta, of any document relating to property, when no portion of such property is situated within his district, a fee of Rs 20 shall be charged.

J (1) The fee for the attendance, under section 31, of an officer at a private residence for acceptance for registration of any document or for acceptance for deposit of any will, shall be Rs 20.

(2) In addition to such fee, travelling allowance* shall be paid to the registering officer at the rate of four annas a mile for the actual distance to be travelled, provided that the place to be visited is more than one mile from the registration office.

Provided that, in towns where carriages are available on hire, registering officer, shall be paid carriage hire for two hours in lieu of travelling allowance, whether the distance travelled be greater or less than one mile.

K (1) Before the issue of a commission or before the registering officer or Magistrate personally proceeds to any dwelling-house or jail to obtain evidence as to the voluntary nature of the execution of a power-of-attorney under sub-section (3) of section 33, and before the issue of a commission or before the registering officer personally proceeds to any dwelling-house or jail for the examination of any person under sub-section (2) of section 38, the following fees shall be paid on account of persons exempted from appearance —

(a) for every person exempted on account of bodily infirmity, for every person confined in jail, and for every *purdanashin* lady exempted by law from personal appearance in Court, Rs 5, and

(b) for every person, other than a *purdanashin* lady, who is exempted by law from personal appearance in Court, Rs 20.

(2) In addition to such fees, travelling allowance shall be paid in every case to the registering officer or the Magistrate or the person to whom the commission has been issued, as the case may be, at the rate of four annas a mile for the actual distance to be travelled, provided that the place to be visited is more than one mile from the Court or registration office.

Provided that in towns where carriages are available on hire, the registering officer or the Magistrate or the person to whom the commission has been issued, shall be paid carriage hire for two hours in lieu of travelling allowance, whether the distance travelled be greater or less than one mile.

Notes referring to article H, I, J and K

(i) When two or more copies of a document executed by the same parties are presented for registration at the same time, an ordinary fee shall be payable for each copy but any extra or additional fee which is payable under article H, I, J or K shall be charged as for one document only, no matter how many copies of that document may be presented for registration.

(ii) No extra fee shall be payable under article H when a document is registered by a Registrar, acting as Sub-Registrar, or by a Registrar in consequence of the Sub-Registrar, by whom it should be registered under section 28, being a party interested in the transaction to which such document relates.

(iii) Where two or more persons who execute the same document or documents relating to the same transaction present it or copies thereof for registration at one and the same time and at a private residence under section 31, or where the registering officer or Magistrate examines or issues a commission for the examination of two or more such persons at one and the same time under section 33 or section 38, as the case may be, only one fee under article J for the attendance of the registering officer or one fee

* Travelling allowance mentioned in articles J (2) and K (2) should be levied from co-operative societies, their officers or members in respect of documents registered. Vide Inspector General of Registrars' circular memorandum No 10, dated the 8th September 1914.

under article K for the attendance of the registering officer or the Magistrate or for the issue of the commission, as the case may be, shall be charged so far as those persons are concerned.

L The fees chargeable for authenticating or attesting the execution of a power-of-attorney shall be as follows —

			Rs.
(i)	For a special power	..	2
(ii)	For a general power	...	4

M. *For every copy of memorandum of a document to be forwarded to another office under sections 64, 65, 66 or 67, there shall be paid an extra fee equivalent to that payable under article A, B or E

Provided that the fee for a copy shall not exceed Rs. 20 and the fee for a memorandum shall not exceed Rs. 2.

N. Besides the fees payable under articles A, B, C, D and E there shall be paid for the registration of every document of such length as to occupy more than two pages of the register, an extra copying fee at the rate of eight annas for every page or part thereof in excess of the first two pages.

Mode of Calculation.

Assuming 300 words to the page, such copying fee may be calculated by counting the number of words in the documents or, if no such calculation is made by the party presenting the document, the registering officer shall estimate the number of pages likely to be thus charged for, but the fee shall in every case be payable on presentation, and in case of miscalculation the document shall not be returned until any deficiency in the fee levied is made good

Example — A conveyance is presented for registration containing 1,350 words. If the party presenting the document certify to this fact, the registering officer will at once proceed to charge a fee for three pages ($1,350 - 600 = 750$), i.e., Rupee 1-8 annas. If the number of words is not known, the registering officer may charge for two extra pages, or Rupee 1 only, and the deficiency of eight annas must be made good before the document is returned

O When a document remains unclaimed for more than one month after completion of registration, a fee of eight annas shall be charged for every month or part of a month beyond the first month after such completion. The total amount of such fees shall not exceed Rs. 10 in any case

P When a document remains unclaimed for more than one month after refusal of registration, a fee of eight annas shall be charged for every month or part of a month beyond the first month after such refusal. The total amount of such fees shall not exceed Rs. 10 in any case.

Note referring to articles O and P

A Registrar is empowered to remit, in whole or in part, the fees chargeable under articles O and P in any case in which it appears to him that the realization of such fees would be clearly productive of injustice or hardship

† *Exemptions* — The following classes of documents are exempt from the payment of registration and, in the case of (6), of copying fees —

- (1) documents executed by or on behalf of, or in favour of, Government on which, as such, no stamp duty is leviable under the law for the time being in force [vide section 3, proviso (1) of the Indian Stamp Act, 1899],
- (2) security bonds and penalty bonds executed in favour of Government or local authorities by public servants of all classes, and their sureties,
- (3) bonds executed by non-gazetted or menial officers of Government for the due performance of their duties and bonds or mortgage deeds executed by private parties as security for the performance of their duties by such officers;
- (4) mortgage bonds executed by Government officers in favour of Government as security for building advances,
- (5) instruments executed by persons taking advances under the Agriculturists' Loans Act, 1884, or by their sureties as security for the repayment of such advances; and
- (6) copies of entries, documents or maps required by Government officers for *bona fide* public purposes.

* The fee for a copy should be designated M (a), and that for a memorandum M (b)

† Any instrument executed by an officer or member of any co-operative society and relating to the business thereof is exempt from the payment of registration fees

All fees payable by or on behalf of any co-operative society are remitted by the Governor-General in Council (vide Government of India, notification No. 376, dated the 24th April 1914)

CALCUTTA, THE 23RD MAY 1925.

RESOLUTION—No. 1225 Mis.

WHILE the remission of the provincial contribution to the Central Government for a further period of three years will leave only a small surplus, it is most desirable to undertake without further delay new recurring expenditure in the Transferred Departments. In this connection the Government of Bengal have for some time had under consideration the enhancement of registration fees—a course which was recommended by the Bengal Retrenchment Committee, who were of opinion that an immediate doubling of such fees would be fully justified. In all provinces registration fees are regarded as a legitimate source of revenue, and the Governments of Madras and Bihar and Orissa have recently raised the fees within their provinces. The Government of Bengal have, therefore, decided to raise the fees with effect from the 1st June 1925. As it is not proposed to change the *ad valorem* fee under Article A of the Table of Fees under the Indian Registration Act, 1908 (XVI of 1908), in cases where the value of property does not exceed Rs 250, the increase in the fee rates will not be felt by the poorer classes.

2 The whole of the additional income thus realised, which is expected to amount to 10 lakhs during the current year and to 12 lakhs in subsequent years, will be made available for expenditure on new recurring schemes in the Transferred Departments and the Bengal Legislative Council will be asked to vote supplementary grants on this account at the next session.

ORDER—Ordered that the resolution be communicated to the Inspector-General of Registration, Bengal, for information and for communication to District Registrars. Ordered also that the resolution as well as a notification promulgating the increased rates of fees be published in the *Calcutta Gazette* for general information.

By order of the Government of Bengal
(Department of Education),

Secretary to the Government of Bengal (offg).

NOTIFICATIONS.

No. 3887J.—The 23rd May 1925—In exercise of the power conferred by section 65 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Governor in Council is pleased to appoint Babu Pratap Chandra Bagchi, a member of the Arua union board in the district of Dacca, to be, during his term of office as such member, a member of the union bench within the jurisdiction of the said union board for the purposes of that section.

No. 3888J.—The 23rd May 1925.—In exercise of the power conferred by section 73 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), the Governor in Council is pleased to appoint Babu Pratap Chandra Bagchi, a member of the Arua union board in the district of Dacca, to be, during his term of office as such member, a member of the union court within the jurisdiction of the said union board for the purposes of that section.

No. 3901J.—The 25th May 1925.—In exercise of the power conferred by clause (a) of sub-section (2) of section 48 of the Bengal Children Act, 1922 (Bengal Act II of 1922), and with the previous approval of the Governor General in Council, the Governor in Council is pleased to make the following rules for the detention of children and young persons under arrest or remanded or committed for trial in Howrah :—

Howrah.

Rules.

1 The House of Detention in Howrah shall be the place ordinarily set apart under the provisions of sections 18 and 19 of the Act.

Classifications of inmates.

2 (1) Boys and girls shall be kept separate.
(2) So far as in the opinion of the Superintendent of the House of Detention is possible, the inmates shall be further classified according to age and character.

Management and discipline.

3. (1) The Superintendent shall take every precaution against the exercise of bad influence by inmates of bad character upon other inmates. An older inmate of bad character must never be alone in the company of younger children.

(2) The inmates shall have separate beds, with a sufficiency of cubic space. They shall wear their own clothing, unless on sanitary grounds this is undesirable. If necessary, they shall be supplied with plain useful clothing.

(3) The inmates shall be supplied with plain wholesome food.

(4) Provision shall be made for the suitable instruction of inmates.

(5) Suitable occupation shall be found for inmates. The employment shall include work of an industrial nature. Suitable books shall be provided.

(6) Moral training shall be given.

(7) An inmate who is unruly may be detained in segregation in a light room or light cell.

(8) The inmates, unless segregated for unruly behaviour under sub-rule (7), shall be allowed not less than two hours daily for recreation and exercise.

(9) Each inmate shall, on or shortly after admission, receive a bath and shall be thoroughly cleansed. The inmates' clothing, where necessary, shall be cleansed. A girl's hair may not be cut short, except on sanitary grounds, on the special instructions of the Medical Officer.

(10) In the case of an inmate under remand or waiting trial, a parent, relative, or friend of the inmate or a qualified legal practitioner (who should only see the inmate in the presence of the parent, relative, or friend who engages him) shall be allowed to visit the inmate once or oftener, if necessary, for the proper submission of the case to the Court.

(11) The Superintendent shall be furnished by the Magistrate of Howrah with the name of a doctor who can be summoned when necessary. The doctor shall also make periodical visits.

(12) In the case of the serious illness of any inmate notice shall be sent to the parents or near relatives and special visits allowed. Notice shall be sent to the parents or near relatives of the removal of any inmate from a place of detention.

(13) In the case of the death of any inmate, the circumstances of the case shall be reported to the Magistrate of Howrah, as the case may be, and the parents or near relatives shall be informed.

(14) The Superintendent shall keep accounts, in such form as the Local Government may direct, of the expenditure incurred for the maintenance of the inmates and shall send the same regularly to the Magistrate of Howrah.

(15) The Superintendent shall keep a journal of admissions and discharges, and of every event of importance connected with the detention. The journal shall be open to the visitors when called for.

(16) All books and journals of the place of detention shall be open to inspection by the members of the Visiting Board, or any officer deputed by them or by the Government or the Magistrate of Howrah.

4 (1) The control and management of the House of Detention shall be vested in a Visiting Board of which the Chairman shall be the District Magistrate of Howrah.

(2) The following officers and such others as Government may from time to time appoint in this behalf will be *ex officio* members of the Visiting Board, namely :—

- 1 The District Magistrate, Howrah, President.
- 2 Superintendent of Police, Howrah.
- 3 The Civil Surgeon, Howrah.
- 4 The Sadar Subdivisional Officer, Howrah, Secretary.

(3) The Local Government may also appoint as members of the Visiting Board persons of either sex who are likely to take an interest in the welfare of the inmates and are willing to accept the duty. The number of such members shall ordinarily be limited

to nine and they shall hold office for two years, but any member may be reappointed at the discretion of Government on the expiry of that period if he or she is desirous of continuing in office.

(4) The Board shall make rules for the transaction of its business

5 For special reasons the Magistrate of Howrah in pending cases or the Court may, instead of sending a child or young person to the House of Detention, order his detention in an approved institution or commit him temporarily to the charge of an approved person in a place approved by the Magistrate of Howrah or the Court.

No. 3908J.—The 25th May 1925—Under rule 4(3) of the rules regarding the management and discipline of the House of Detention in Howrah, published with notification No. 3901J, dated the 25th May 1925, the Governor in Council is pleased to appoint the undermentioned ladies and gentlemen as members of the Visiting Board for the control and management of the House of Detention at 21, Khetra Mitter Lane, Salkia, Howrah, for a period of two years —

No. 102T-P.H.—The 11th May 1925—Mr. G. B. Williams, Chief Engineer, Public Health Department, is allowed leave on half average pay for one day under article 81 (d) of the Fundamental Rules, in extension of the leave granted to him under the orders of the 8th October 1924

No. 117T-P.H.—The 14th May 1925.—Dr R. N. Cohen, M.B., F.R.C.S., Medical Inspector of Schools, is allowed an extension of leave on full pay under subsidiary rule 275 (a) of the Fundamental Rules for eight days with effect from the 2nd April 1925.

No. 1063P.H.—The 22nd May 1925—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, the Governor of Bengal makes the following rules subject to which the Commissioners of the Midnapore Municipality may allow communication pipes to be laid down from the service pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only.—

Rules

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow the owner or occupier of any holding paying a water-rate imposed under the provisions of part VII of the Bengal Municipal Act, 1884, on the annual value of such holding when such annual value is not less than Rs. 50 or such higher amount as may be fixed from time to time by the Commissioners at a meeting, to lay down communication pipes from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions.—

1 The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same in a printed form to be supplied free of cost at the municipal office, and the work must be commenced within three months from the date of sanction, failing which the sanction shall be deemed to be withdrawn, and a fresh application and sanction shall be required.

2 Before any work is commenced every such owner or occupier must pay to the Commissioners a sum equal to one-third of the annual valuation of his holding, or in case where the one-third of the valuation is below Rs. 100, a sum of Rs. 100, or such fee as the Commissioners at a meeting may from time to time direct for each new connection, and a fee of Re 1 for each addition to, or alteration in, an existing connection, such fee to be in addition to all other costs and charges imposed under these rules.

3 Each holding must have a separate connection, and extensions from the communication pipe of one holding to another shall not be permitted.

Provided that a connection may be allowed from a common communication pipe if such pipe is laid in a street or common passage, and a separate stop-cock and meter is fixed to each such connection.

Provided that no holding shall have more than one separate connection, but that if in any case the Commissioners are satisfied that an adequate supply in any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner and occupier of the holding in respect of which the connection is required must pay the entire cost of the connection including the supply and fixing of the fittings referred to in rule 8, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from the work of making such connection.

5 The owner or occupier of the holding to which a connection has been given must at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition, or which may be necessitated by any change in the municipal water-works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6 (1) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) No work shall be carried out under sub-rule (1) except under the supervision of a municipal officer.

7 No connection shall be allowed to the rising main except with the permission of the Commissioners at a meeting.

8. A holding connection shall comprise the following parts or fittings.—

- (a) a brass or gun-metal ferrule inserted in the main supply-pipe;
- (b) a galvanized iron communication pipe from the ferrule to the meter;
- (c) a stop cock and its surface box,
- (d) a meter,
- (e) service pipe from the stop-cock to the taps, and
- (f) taps

9. (1) All fittings referred to in rule 8 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fittings for the approval of the Chairman, and any fitting so presented may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

10 The holding connection, when fitted in position, must be capable of standing a pressure of 110 feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

11 The size of the ferrule and the diameter of the communication pipe referred to in clauses (a) and (b) of rule 8 and the number of the taps shall be fixed in accordance with the annual valuation of the holdings as follows:—

Annual valuation	Size of ferrule	Diameter of communication pipe	Number of taps
Under Rs. 200	1"	1"	2
From Rs. 200 to Rs. 499	1"	1"	3
" Rs. 500 to Rs. 899	1"	1"	4
" Rs. 900 to Rs. 1,199	1"	1"	5
" Rs. 1,200 to Rs. 1,499	1"	1"	6
" Rs. 1,500 to Rs. 2,500	1"	1"	7

Over Rs. 2,500 one additional tap for every additional Rs. 1,000 in the annual valuation of the holding, and, when necessary, a corresponding increase in the size of ferrule or tee piece in the municipal main and in the diameter of the communication pipe:

Provided that though the communication pipe shall not ordinarily be more than 1" larger in diameter than the ferrule, yet the municipal engineer or any other authorised officer may, under special circumstances, fix the size of the communication pipe with reference to the length of the pipe and the prevailing pressure.

12 (1) On every communication-pipe, a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a surface cover box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

13 (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern.

(3) Subject to the provisions of rule 17, no meter must be tested or interfered with in any way without the permission of the Chairman.

14 Neither the stop-cock nor the meter must be placed in any private premises except with the permission of the Commissioners to be embodied in an agreement to be executed by the owner of the holding.

15 The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

16 (1) Every owner or occupier of any holding in respect of which a water connection has been made shall be entitled to a supply of—

(a) 3,000 gallons of water per quarter for each rupee, and

(b) a further proportionate number of gallons per quarter for every additional fraction of rupee,

paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows —

	Per 1,000 gallons		
	Rs.	A.	P.
(a) For any excess quantity of water not exceeding one-half of the amount of the allowance in sub-rule (1).	0	8	0
(b) For any excess quantity of water exceeding one-half of the amount of the allowance prescribed in sub-rule (1), but not exceeding that amount.	0	10	0
(c) For any excess quantity of water exceeding the amount of allowance prescribed in sub-rule (1) but not exceeding twice that amount.	0	14	0
(d) For any excess quantity of water exceeding twice the amount of allowance prescribed in sub-rule (1)	1	4	0

17. The Commissioners may cut off the connection between any water-works of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(a) if the holding is unoccupied ;

(b) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorised under the Bengal Municipal Act, 1884, or under any bye-law or rule framed under the said Act, or prevents such officer from making such examination or inspection ;

(c) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman or wilfully or negligently injures or damages it ;

(d) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;

(e) if the owner or occupier of any holding which is supplied with water under these rules shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand or the same ;

(f) if the owner or occupier of the holding constructs or fixes any taps, cisterns, tanks, reservoirs, pipes or any other works in connection with the water-supply not authorised by these rules ;

(g) if the pipes, taps, ball-cocks, cisterns or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or in a state of disrepair

Provided that such disconnection or turning off of the water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing

18. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screw-down". Every tap shall be at least 3 feet above the surface of the ground beneath.

19. No cistern, tank or reservoir of any description, which is intended to be supplied with water from the municipal water-works, shall be permitted to any holding except with the sanction of the Commissioners in meeting and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock, so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

20. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away. Such provision shall include the construction of a cement-plastered masonry platform under the taps and of a pucca drain discharging freely into a public drain or other suitable outfall

Simla, the 22nd April 1925

RESOLUTION

The Government of India have read with interest the second Annual Report of the Indian Central Cotton Committee for the year ending the 31st of August 1924. The feature of the year is the progress which has been made in carrying out the Committee's research programme. In the Presidencies of Bombay and Madras, in the Central Provinces and in the United Provinces, the Committee has, by its grants, enabled valuable research work, aimed at combating diseases and pests of cotton and at improving its staple to be undertaken. The scheme for an Institute of Plant Industry at Indore, which the Committee has financed in co-operation with the Central India States, was sanctioned by the Government of India during the year, and a much needed Central Institute for cotton research has thus been provided. Technological research on cotton is being carried on under the Committee's own control, and the Technological Research Institute at Bombay commenced work during the year under report. The Spinning Laboratory was completed towards the close of the year, and was formally opened on the 3rd of December 1924 by His Excellency the Viceroy, who also laid the foundation stone of the permanent Research Laboratory. Under the Committee's scheme for research studentships, nine graduates of Indian Universities have been appointed to studentships and are working under experienced investigators in various parts of India. The object of these studentships is to build up in India a corps of qualified research workers conversant with the technique of scientific investigation as applied to cotton problems and experienced in the methods of experimental research. The Cotton Transport Act, 1923, has been put into force in the Bombay Presidency so far as the principal long staple cotton areas are concerned, and the evidence so far received goes to show that as a result of the first year's working of the Act, the cottons of these areas have greatly improved in quality, and have commanded enhanced prices to the substantial benefit of the grower. The Committee can thus look back with satisfaction upon the progress made during the year and can face the future confident that a sure foundation has been laid for much useful work. The Government of India once more desire to acknowledge the valuable services rendered by the President, Vice-President and members of the Committee and the work of the Secretary, Mr. B. C. Butt.

ORDERED that the resolution be published in the Supplement to the *Gazette of India* for general information.

ORDERED also that a copy of the resolution be forwarded to the Commerce Department, Agricultural Adviser to the Government of India, and Secretary, Indian Central Cotton Committee, for information and communication to the members of the Committee.

J. W. BHORE,
Secretary to the Government of India.

(a) impressed stamps, and
(b) adhesive stamps.

CHAPTER II.

Of Impressed Stamps.

4. (1) Hundis, other than hundis, which may be stamped with an adhesive stamp under section 11, shall be written on paper as follows, namely.—

- (a) A hundi payable otherwise than on demand, but not at more than one year after date or sight, and for an amount not exceeding rupees thirty thousand in value, shall be written on paper on which a stamp of the proper value bearing the word "hundi" has been engraved or embossed
- (b) A hundi for an amount exceeding rupees thirty thousand in value, or payable at more than one year after date or sight, shall be written on paper supplied for sale by the Government, to which a label has been affixed by the Controller of Printing, Stationery and Stamps at Calcutta, or a Superintendent of Stamps, and impressed by such officer in the manner prescribed by rule 11

(2) Every sheet of paper on which a hundi is written shall be not less than 8½ inches long and 5½ inches wide and no plain paper shall be joined thereto

(3) The provisions of sub-section (1) of rule 7 shall apply in the case of hundis

5. A promissory note or bill-of-exchange shall, except as provided by section 11 or by rules 13 and 17, be written on paper on which a stamp of the proper value, with or without the word "hundi", has been engraved or embossed.

6 Every other instrument chargeable with duty shall, except as provided by section 11 or by rule 13, be written on paper on which a stamp of the proper value not bearing the word "hundi", has been engraved or embossed.

7 (1) Where two or more sheets of paper on which stamps are engraved or embossed are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

(2) Where a single sheet of paper, not being paper bearing an impressed hundi-stamp, is insufficient to admit of the entire instrument being written on the side of the paper which bears the stamps, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument

Provided that in every such case a substantial part of the instrument shall be written on the sheet which bears the stamp before any part is written on the plain paper subjoined

8 The duty on any instrument which is chargeable with a duty of one anna under the Act or of two annas under articles 5, 19, 36, 37, 43, 49 and 52 of Schedule I, may be denoted by a coloured impression marked on a skeleton form of such instrument by the Controller of Printing, Stationery and Stamps at Calcutta or the Superintendent of Stamps

9. The officers specified in Appendix I and any officer appointed in this behalf by the local Government of a Governor's Province, are empowered to affix and impress labels, and each of them shall be deemed to be 'the proper officer' for the purposes of the Act and of these rules.

10 Labels may be affixed and impressed by the proper officer in the case of any of the following instruments, namely —

Affixing and impressing of labels by proper officer permissible in certain cases

- (i) those specified in Appendix II, and the counterparts thereof other than instruments on which the duty is less than two annas, and
- (ii) those specified in Appendix III, when written in any European language, and accompanied, if the language is not English, by a translation in English

Provided that the Local Government may direct that this rule shall apply, subject to any conditions which it may prescribe, to agreements or memoranda of agreements such as are specified in Appendix III, when written in any oriental language.

11 (1) The proper officer shall, upon any instrument specified in rule 10 being brought to him before it is executed, and upon application being made to him, affix thereto a label or labels of such value as the applicant may require and pay for and impress such label or labels by means of a stamping-machine, and also stamp or write on the face of the label or labels the date of impressing the same. In the case of instruments written on parchment, the labels shall be further secured by means of metallic eyelets.

(2) On affixing any label or labels under this rule, the proper officer shall, where the duty amounts to rupees five or upwards, write on the face of the label or labels his initials, and where the duty amounts to rupees twenty or upwards, shall also attach his usual signature to the instrument immediately under the label or labels

(3) The following officers may discharge the functions of the proper officer under sub-rule (2), namely —

- (i) Any principal assistant of the proper officer empowered by the Local Government in this behalf,
- (ii) In Calcutta, the Deputy Collector and the Superintendent of the Stamp Department of the Collector's office;
- (iii) In Karachi, the Assistant Superintendent of Stamps; and
- (iv) In Lahore, the head or any other Assistant for the time being in charge of the stamping work in the Financial Commissioner's office.

12. (1) Instruments executed out of British India and requiring to be stamped after their receipt in British India (other than instruments which, under section 11 or rule 13, may be stamped with adhesive stamps) shall be stamped with impressed labels.

(Certain instruments to be stamped with impressed labels)

(2) Where any such instrument as aforesaid is taken to the Collector under section 18, sub-section (2), the Collector, unless he is himself the proper officer, shall send the instrument to the proper officer, remitting the amount of duty paid in respect thereof, and the proper officer shall stamp the instrument in the manner prescribed by rule 11, and return it to the Collector for delivery to the person by whom it was produced

CHAPTER III.

Of Adhesive Stamps

Use of adhesive stamps on certain instruments

13 The following instruments may be stamped with adhesive stamps, namely —

- (a) Bills-of-exchange payable otherwise than on demand and drawn in sets, when the amount of duty does not exceed one anna for each part of the set
- (b) Transfers of debentures of public companies and associations.
- (c) Copies of maps and plans and printed copies when chargeable with duty under article 24 of Schedule I
- (d) Instruments chargeable with duty under articles 5 (a) and (b) and 43 of Schedule I.
- (e) Instruments chargeable with stamp duty under article 47 of Schedule I.
- (f) Instruments chargeable with stamp duty under articles 19, 36, 37, 49 (a) (i) and (ii) and 52 of Schedule I.

13-A Notwithstanding anything contained in these rules, whenever the stamp duty payable under the Act in respect of any instrument cannot be paid exactly by reason of the fact that the necessary stamps are not in circulation, the amount by which the payment of duty shall on that account be in defect shall be made up by the affixing of one-anna and half-anna adhesive stamps such as are described in rule 16, provided that a Local Government may direct that instead of such stamps adhesive court-fee stamps shall be used for the purpose

14 When any instrument of transfer of shares in a Company or Association is written on a sheet of paper on which a stamp of the proper value is engraved or embossed, and the value of the stamp so engraved or embossed is subsequently, in consequence of a rise in the value of such shares, found to fall short of the amount of duty chargeable under article 62 (a) of Schedule I, one or more adhesive stamps bearing the words 'Share Transfer' may be used to make up the amount required

Supply of deficient duty on transfer of shares

15. Stamps indicating the duty chargeable on entry as an Advocate, Vakil or Attorney on the roll of any High Court shall be affixed under the superintendence of a gazetted officer of the High Court, who shall obtain the stamp from the Superintendent of Stamps or other officer appointed in this behalf by the Local Government and account to him for it. Such gazetted officer shall, after affixing the stamp, write on the face of it his usual signature with the date thereof

Enrolment of Advocates, Vakils or Attorneys

16. Except as otherwise provided by these rules, the adhesive stamps used to denote duty shall be the requisite number of stamps bearing the words 'Four annas' or 'Two annas' or 'One anna' or 'Half anna' and such stamps may be inscribed for use either for postage or for revenue, or for both postage and revenue.

Adhesive stamp or stamps denoting duty of one anna or half an anna

17 The following instruments when stamped with adhesive stamps shall be stamped with the following descriptions of such stamps, namely —

Special adhesive stamps to be used in certain cases

- (a) Bills-of-exchange, cheques and promissory notes drawn or made out of British India and chargeable with a duty of more than one anna, with stamps bearing the words 'Foreign Bill'
- (b) Separate instruments of transfer of shares and transfers of debentures of Public Companies and Associations with stamps bearing the words 'Share Transfer'

- (c) Entry as an Advocate, Vakil or Attorney on the roll of any High Court with stamps bearing the word 'Advocate,' 'Vakil' or 'Attorney,' as the case may be.
- (d) Notarial acts with foreign bill stamps bearing the word 'Notarial.'
- (e) Copies of maps or plans and printed copies certified to be true copies with court-fee stamps.
- (f) Instruments chargeable with stamp-duty under articles 5 (a) and (b) or 43 of Schedule I: with stamps bearing the words 'Agreement' or 'Brokers' 'Note,' respectively.
- (g) Instruments chargeable with stamp-duty under article 47 of Schedule I with stamps bearing the word "Insurance."

CHAPTER IV

Miscellaneous

18. When an instrument bears a stamp of proper amount, but of improper description, the Collector may, on payment of the duty with which the instrument is chargeable, certify by endorsement that it is duly stamped

Provision for cases in which improper description of stamp is used

Provided that, if application is made within three months of the execution of the instrument, and the Collector is satisfied that the improper description of stamp was used solely on account of the difficulty or inconvenience of procuring one of the proper description, he may remit the further payment of duty prescribed in this rule

19. The Collector may require any person claiming a refund or renewal under Chapter V of the Act, or his duly authorised agent, to make an oral deposition on oath or affirmation, or to file an affidavit, setting forth the circumstances under which the claim has arisen, and may also, if he thinks fit, call for the evidence of witnesses in support of the statement set forth in any such deposition or affidavit

Evidence as to circumstances of claim to refund or renewal

20. When an application is made for the payment, under Chapter V of the Act, of an allowance in respect of a spoiled or misused stamp, or on the renewal of a debenture, and an order is passed by the Collector sanctioning the allowance or calling for further evidence in support of the application, then, if the amount of the allowance or the stamp given in lieu thereof is not taken, or if the further evidence required is not furnished, as the case may be, by the applicant within one year of the date of such order, the application shall be struck off, and the spoiled or misused stamp (if any) sent to the Superintendent of Stamps or other officer appointed in this behalf by the Local Government for destruction.

Payment of allowances in respect of spoiled or misused stamps or on the renewal of debentures

21. When the Collector makes a refund under section 55, he shall cancel the original debenture by writing on or across it the word 'Cancelled' and his usual signature with the date thereof.

Mode of cancelling original debenture on refund under section 55

22. On the conviction of any offender under the Act, the Collector may grant to any person who appears to him to have contributed thereto a reward not exceeding such sum as the Local Government may fix in this behalf.

Rewards

NOTIFICATION.

HEALTH.

The 1st May 1925.

No. 618.—The following draft of a further amendment in the rules published with the Home Department Notification, No. 1902, dated the 14th October 1910, which it is proposed to make in exercise of the powers conferred by sub-section (1) of section 213 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), is published as required by sub-section (4) of the said section, for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 5th July 1925

Any objection or suggestion which may be received in respect of the draft before the said date will be considered by the Governor General in Council —

Draft Amendment

For rule 50 of the said rules, the following rule shall be substituted namely —

“ 50 (1) No petroleum as defined in the Indian Petroleum Act, 1899 (VIII of 1899) (except such petroleum as is necessary for use as fuel for the ship during the voyage and the return voyage to India), or explosive as described in the Indian Explosives Act, 1884 (IV of 1884), nor any inflammable oils, spirits, jute or coal (except such coal as is required for the voyage and the return voyage to India), nor any commodity likely, by reason of its quantity quality or mode of stowage, to be prejudicial to the safety of the pilgrims, shall be carried on board any pilgrim ship

(2) Where petroleum is carried in bulk for use as fuel for any pilgrim ship—

It shall have a flash point of not less than 150° Fahrenheit by Abel's close test and shall be carried in cellular bottoms under engine and boiler compartments, or under ordinary holds, or in peak tanks, deep tanks, or bunkers of approved construction

Provided that the oil fuel storage tanks and installations in connection therewith fully comply with the conditions described in the Instructions to Surveyors contained in the Board of Trade Circular No. 1647 (Oil Fuel Installation in Passenger Steamships), dated January 1924

With each supply of oil taken on board a written guarantee shall be supplied by the vendor, and signed by a responsible official in his employ, of the actual close test flash point, the type of instrument by which the test was made being in every case specified. These particulars shall be entered in the engine room log ”

MAINAMATI SURVEY SCHOOL.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2 The Principal is charged with the general control of the school and the maintenance of discipline

3 The full course of instruction extends over two years either the full course may be taken, or the first year's course only At present the session for the first year's course begins from the 1st August, terminating on the 31st July of the following year.

4 The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year

5 It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements

6 The qualifications for admission to the first year's course are —

- (a) A sound knowledge of elementary arithmetic
- (b) Ability to write simple English and vernacular
- (c) Fitness for arduous field-work.
- (d) A certificate of character from the head of the institution where he was last educated

NOTE—Preference will be given to those who have passed the Matriculation Examination or received higher education

7 The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases

8 Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded

9 Candidates who do not possess a fair knowledge of English will not be ordinarily promoted to the second year class

10 All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re 1 for every three days' delay If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5

11. The following monthly fees, payable for twelve months, are charged —

				Rs	A	
School fees	3	0	
House-rent	0	8	
Reading room fees	0	2	
Athletic fees	0	8	Charged for eleven months in the year

12. The full messing fees shall be charged every month during the school session, which is calculated to be about ten and-a-half months yearly

13 The school remains closed on all gazetted holidays and for a long vacation for six weeks from about the middle of September. During the vacation every boarder shall pay a contribution not exceeding Re 1 a month towards the cost of maintaining mess servants

14 Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows :—

				Rs.
Admission to school	2
Ditto hostel	2 (Hindu students only).
Ditto athletic club	1

16 Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

17 Shortly after admission each student must provide himself with a set of drawing instruments consisting of a pair of compasses, one bow-pencil, one drawing pen, a decimal scale, a rectangular protactor and a pair of set squares.

18 Each student must provide himself with his own bedding, including a mosquito-curtain

Chittagong, the 6th May 1925

Sheriff's Sale Proclamation.

TO be peremptorily sold pursuant to an order of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction, dated 28th day of April 1924, made in execution of an Order of the aforesaid court, dated the 23rd day of August 1922, in suit No 2427 of 1919 (wherein Goposwar Auddy is the plaintiff and Jitendra Nath Auddy is the defendant) by the Sheriff of Calcutta in his sale-room on the ground floor of the High Court by public auction on Friday, the 26th day of June 1925, at 12 o'clock noon the undermentioned property belonging to the defendant Jitendra Nath Auddy, viz —

Lot — All that undivided one equal half part or share of the defendant Jitendra Nath Auddy in all that upper roomed brick-built messuage tenement and dwelling house together with a piece or parcel of land therunto belonging containing by estimation one cottah, be the same a little more or less, being premises No 16, Bancharam Akoor's Lane, being holding No 234, block No VII in the South Division of the town of Calcutta and bounded on the north and west by Bancharam Akoor's Lane, on the east by the dwelling house of Prasanna Kuma Roy and Mohendra Nath Ghose and on the south by the bustee land belonging to the plaintiff Goposwar Auddy. An annual Government revenue of 1 anna 11 pies is payable to the Collectorate of Calcutta.

It appears from searches made at the Calcutta Registry office from 1865 to date that there are not encumbrances affecting the above property.

The amount for the recovery of which the sale has been directed is Rs 1,176 1-6 being the balance of the taxed costs and interest payable by the defendant by the said order, dated the 23rd day of August 1922, and the costs of and incidental to the application, resulting in the said order, dated the 23rd day of August 1922, and the costs of the execution proceedings.

The conditions of sale may be seen at the office of the Sheriff of Calcutta on any day before the sale between the usual office hours and will be produced at the sale.

ONKARMULL JATIA, Sheriff

Ambica Churn Dey, Attorney for the defendant
Jitendra Nath Auddy.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees

predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

CALCUTTA, the 18th May 1925.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th May 1925.

Summary.—During the week moderate rain fell over the greater part of the province. Sowing of autumn crops continues in the West Bengal districts. Prolonged wet weather interfered with the weeding of jute and paddy and lowered the prospects of standing crops in some low land tracts of North and East Bengal. Dry weather at this stage would benefit their growth. The average price of common rice for the province has risen by about 0.25 per cent as compared with that of the previous week.

MAINAMATI SURVEY SCHOOL.

(Post-office Mainamati, district Tippera.)

Admission Rules (Provisional).

THE Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, four miles from the Comilla railway station in the Tippera district.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3 The full course of instruction extends over two years either the full course may be taken, or the first year's course only. At present the session for the first year's course begins from the 1st August, terminating on the 31st July of the following year

4 The session for the second year's course extends without a break from the first Monday in November to the middle of September of the following year.

5 It is a residential institution, and the students are required to reside in the school premises and must conform to the rules sanctioned by Government. Students may live with their parents or with approved guardians with the special permission of the Principal. The messing charges for Hindu students average about Rs. 10 per month. Owing to the paucity of Muhammadan students they are allowed to make their own messing arrangements

6 The qualifications for admission to the first year's course are —

- (a) A sound knowledge of elementary arithmetic.
- (b) Ability to write simple English and vernacular
- (c) Fitness for arduous field-work.
- (d) A certificate of character from the head of the institution where he was last educated.

NOTE—Preference will be given to those who have passed the Matriculation Examination or received higher education

7. The maximum age of the candidates for admission to the first year's course should be under 21 years on the 1st January of the year of admission, but an exception to this rule may be made in special cases

8. Application for admission into the first year's course must be accompanied by a registration and examination fee of Rs. 3 and should reach the Principal's office on or before the 30th June. The registration and examination fee shall, in no case, be refunded

9 Candidates who do not possess a fair knowledge of English will not be ordinarily promoted to the second year class.

10 All payments, whether on account of tuition fees, boarding and lodging, must be made at the Principal's office on or before the 15th of each month. After that date no payment shall be taken, unless accompanied by a fine of Re 1 for every three days' delay. If the payment is not made during the month for which it is due, the defaulting student's name shall be struck off the school roll, and he will not be re-admitted until he has paid all arrears, together with any fines which may be due from him, and a re-admission fee of Rs. 5.

11 The following monthly fees, payable for twelve months, are charged —

			Rs.	A	
School fees	3	0
House-rent	0	8
Reading room fees	0	2
Athletic fees	0	8

Charged for eleven months
in the year

12. The full messing fees shall be charged every month during the school session, which is calculated to be about ten and-a-half months yearly.

13 The school remains closed on all gazetted holidays and for a long vacation for six weeks from about the middle of September. During the vacation every boarder shall pay a contribution not exceeding Re 1 a month towards the cost of maintaining mess servants.

14 Leave for short periods not ordinarily exceeding ten days in a year may be granted to students by the Principal in special cases. Students present at the school but unable to do any work on medical ground are excused from attending the class on the recommendation of the resident medical officer, but frequent leave on petty excuses may render a student medically unfit for the course and his name may be struck off the roll.

15. The admission fees are as follows.—

			Rs.
Admission to school	2
Ditto hostel	2 (Hindu students only).
Ditto athletic club	1

16 Every student shall pay a caution-money deposit of Rs. 5. This sum will be refunded to the student when he finally leaves the school, after deducting any charges for loss or damage done to school or hostel property or non-payment of any dues.

17 Shortly after admission each student must provide himself with a set of drawing instruments consisting of a pair of compasses, one bow-pencil, one drawing pen, a decimal scale, a rectangular protactor and a pair of set squares

18. Each student must provide himself with his own bedding, including a mosquito-curtain

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DACCA, the 25th May 1925

H. D. BANERJI, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 27th May 1925.

Summary.—During the week under review heavy rain fell in the Dacca and Chittagong Divisions causing damage to young jute and paddy plants in certain low land tracts; elsewhere the fall was generally light to moderate. Ploughing for and sowing of winter paddy in seed beds are progressing fairly. Sowings of autumn crops still continue in some West Bengal districts, while weeding is proceeding slowly in the highland tracts of Eastern Bengal. The average price of common rice for the province has risen by about 0·94 per cent. as compared with that of the previous week.

No 236-C—The following draft of the rules which it is proposed to make in exercise of the powers conferred by section 12 of the Cotton Ginning and Pressing Factories Act (XII of 1925), is published for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken into consideration on or after the 1st July 1925.

Any objection or suggestion which may be received in respect of the draft before the said date will be considered by the Governor General in Council —

*Draft Rules under the Cotton Ginning and Pressing Factories Act.**Act No. XII of 1925.*

In exercise of the power conferred by section 12 of the Cotton Ginning and Pressing Factories Act, 1925 (XII of 1925), the Governor General in Council is pleased to make the following rules —

- 1 (1) These rules may be called the Indian Cotton Ginning and Pressing Factories Rules, 1925.

Short title and commencement

(2) They shall come into force on the first day of August 1925.

2. In these rules—

Definition

“Act” means the Cotton Ginning and Pressing Factories Act, 1925 ;

“Section” means a section of the Act.

3 The owner or lessee of every cotton pressing factory shall apply to the authority appointed to receive returns under sub-section (1) of section 5 for the allotment of the mark required by section 4 to be used for such factory. Such application shall be made, in the case of factories in existence at the commencement of these rules, on or before the 1st September 1925, and, in case of factories constructed thereafter, not less than one month before work commences in the factory.

Provided that the authority aforesaid may at any time allot the mark to be used in a factory in respect of which no application has been made and may intimate the allotment to the owner of such factory.

4. (1) The special mark allotted to each factory shall consist of a number denoting the district and a letter denoting the province in which the factory is situated together with a number denoting the

Special mark

factory

(2) The letters denoting the province shall be as follows

For presses situated in the Madras Presidency the letter	...	M
For presses situated in the Bombay Presidency the letter	...	B.
For presses situated in Bengal the letter	...	L.
For presses situated in the United Provinces the letter	...	U
For presses situated in the Punjab the letter	...	P
For presses situated in the Central Provinces the letter	...	C.
For presses situated in Bihar and Orissa the letter	...	Q.
For presses situated in Assam the letter	...	A
For presses situated in the North-West Frontier Province the letter	...	F
For presses situated in Ajmer-Merwara the letter	...	J
For presses situated in Delhi the letter	...	D.

(3) The number denoting the factory shall run consecutively within each province.

5 No special mark once allotted shall be transferred to another factory.

6 The serial number shall consist of two parts separated by a star. The first part shall consist of two numerals being the last two integers of the calendar year in which the cotton year has commenced and the second part shall be the running number of the bale according to the press factory register. The cotton year shall commence on the first day of September in each calendar year and shall terminate on the thirty-first day of August next following, except in the Madras Presidency where the dates for the commencement and ending of the cotton year shall be the first day of February and the 31st day of January respectively.

7 On and after the 1st October 1925, every bale of cotton pressed in a cotton pressing factory shall be marked in the following manner —

The special mark and the serial number of the bale shall be indelibly punched or stamped on any part of the central hoop of the bale in such a manner as to be clearly decipherable. Provided that if the bale is lashed with less than three hoops the marks shall be punched on either of the hoops (if two hoops be used) or near the middle of the hoop if one hoop only be used. The letters and numbers used shall in no case be less than one-quarter-of-an-inch in length. English letters and numbers only shall be used. The factory mark shall be separated from the serial number by a star, and the following order shall be observed —

Manner of marking

Number denoting district—letter denoting province—number denoting factory—
Star—numerals denoting cotton year—Star—running number of bale.

Illustration.

A bale of cotton pressed at a factory in a district in the Bombay Presidency in February 1926 is marked “11 B 161 * 25 * 3456”. In this mark 11 B 161 is the factory mark 11 denoting the district, B the province and 161 the number allotted to the factory, 25 * 3456 is the serial number, 25 representing the cotton year commencing on September 1st, 1925 and 3456 the running number of the bale pressed in the factory.

8 The statements to be compiled by Local Governments under sub-section (2) of section 5 shall be published weekly in the local Official Gazette and in the supplement to the *Gazette of India* in the form appointed for the province concerned in the annexed Schedule.

Simla, the 30th April 1925

No F-178-13-m 21 — The following resolutions, dated the 24th February 1925, made by the Secretary of State for India in Council under sub-section (2) of section 96 B of the Government of India Act, are published for general information —

In exercise of the powers conferred by sub-section (2) of section 96 B of the Government of India Act, the Secretary of State for India in Council has, with the concurrence of a majority of votes at a meeting held this 24th day of February 1925, made the following amendment to the Civil Service Regulations, with effect from 1st April 1924, namely —

For Article 475 B of the said Regulations the following shall be substituted, namely .—

“475 B. Special additional pensions may be granted by a local Government to military officers liable to transfer to the supernumerary list who have rendered approved service in certain high civil posts, on the following conditions —

“(1) Additional pensions may be granted at the following rates —

“(i) At the rate of 66/ 13s 4d a year for each completed year, not exceeding three, of effective service in any civil post or posts which on 1st January 1922 carried pay not less than Rs 4,000 a month ,

“(ii) At the rate of 33/ 6s 8d for each year, not exceeding three, of effective service in any civil post or posts which on 1st January 1922 carried pay not less than Rs. 3,000 a month ,

provided that the additional pension admissible under this rule shall not exceed 200%, and that the total pension of an officer in receipt of pension under this rule shall not exceed 1,000%, or, if the additional pension be wholly at the lower rate, 900%.

“(2) In the case of an officer serving in a qualifying post carrying progressive or time-scale pay with a maximum of Rs. 3,000 or Rs. 4,000, that portion only of his service during which he has drawn the maximum pay of the post shall qualify for additional pension at the lower or higher rate, respectively.

“(3) Service in a post qualifying for the higher rate of additional pension may count for the lower rate, provided that no period of service shall count for both lower and higher rate of pension.

“(4) Effective service for the purpose of this Article shall be interpreted as in Article 475A.”

In exercise of the powers conferred by sub-section (2) of section 96B of the Government of India Act, the Secretary of State for India in Council has, with the concurrence of a majority of votes at a meeting held this 24th day of February 1925, made the following amendment to the Superior Civil Services (Revision of Pay and Pension) Rules made under the said section on 9th December 1924, namely —

In Rule 3 of the said rules, after the word “pay” the words “and pensions” shall be inserted

Rule 15 of the said rules shall be omitted

These amendments shall be deemed to have come into force with effect from 1st April 1924

LAND SALE NOTICE.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated in metre-gauge miles 3 to 5, northern sections, in villages Jhowdia and Majdia, originally acquired for the construction of N B State Railway, in the district of Pabna, will be put up to sale at 12 o'clock on 21st July 1925, corresponding with the Bengali 5th Sraban 1332 B S

The purchasers of the several plots of land will be subject to the following conditions.—

- 1st—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway boundary, or to plough the land nearer than three feet from the same
- 2nd—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once
- 3rd—If the amount of purchase-money exceeds Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale
- 4th—The plots of land will be sold (as a temporarily-settled estate of the district) to the highest bidder subject to annual assessment of revenue to be settled at the time of the sale.
- 5th—The sale will become final on receipt by the Collector of the orders of the Commissioner confirming it (and a regular conveyance will then be granted to the purchaser)

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remittance or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premium paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant General, Central Revenues, Imperial Secretariat Buildings, Calcutta

Bills introduced in the Bengal Legislative Council, Report of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No 187T L, dated Daryeeling, the 30th May, 1925 — His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information —

THE BENGAL HIGHWAYS BILL, 1925.

A

BILL

*to provide for the better maintenance and control of
Government roads in Bengal*

Whereas it is expedient to provide for the regulation and safety of traffic on Government roads in Bengal, for the prevention of obstruction and encroachments, and of nuisances on or near such roads, for the preservation of such roads, and for the temporary closing of such roads for repairs or other works, or for public purposes,

It is hereby enacted as follows —

Short title,
extent and
commencement

1. (1) This Act may be called the Bengal Highways Act, 1925

(Clauses 2—4.)

(2) It shall extend to the whole of Bengal

(3) It shall come into force on such date as the Local Government, may, by notification in the *Calcutta Gazette*, direct

Definition

2. In this Act, unless there is anything repugnant in the subject or context,—

“ Government road ” means a road vested in, or under the control and administration of, the Public Works Department of the Local Government, and includes—

- (a) the slope, berm, borrow-pits and side-drains of any such road,
- (b) all lands and embankments vested in, or under the control and administration of, the said Public Works Department, and attached to a Government road,
- (c) all bridges, culverts or causeways built on or across any Government road, and
- (d) all fences and posts on any Government road or on any land attached to a Government road, and all road-side trees on such land

Temporary closing of Government road

3. The Local Government may, by notification in the *Calcutta Gazette* and by public notice, displayed in a conspicuous portion of the road, declare any Government road or part thereof to be closed temporarily for the purpose of repairing such road, or for the purpose of constructing any sewer, drain, culvert or bridge, or for any other public purpose

[Cf Ben Mun Bill Cl 222 and the proviso to Cl 457 (I)]

Provided that the Local Government shall, before declaring any such road or part thereof to be closed, be bound to provide other reasonably sufficient means of access to holdings adjacent to such road or part, if no such means of access already exist

Power to make rules

4. (1) The Local Government may make rules—

[Cf Ben Act III of 1884, s 350 (a)]

- (i) for the regulation and safety of traffic on Government roads,
- (ii) for the prevention of obstruction and encroachments and of nuisances on or near such roads;
- (iii) for the preservation of such roads, and
- (iv) for the temporary closing of such roads for repairs or other works, or for public purposes

(2) All rules made under this section shall be published in the *Calcutta Gazette* and, on such publication, shall have the same effect as if enacted in this Act

(Clause 5)

Penalties

5. In making any rule under this Act, the Local Government may direct that a breach thereof shall be punishable with a fine which may extend to fifty rupees, and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence [Cf Ben Mun Bill, cl 498]

STATEMENT OF OBJECTS AND REASONS.

The Bill is framed to meet the difficulty which now exists of controlling traffic on provincial roads in Bengal

In the case of District Board roads the Local Self-Government Act provides for safeguarding District Board roads and their appurtenances and for diverting a road in case of necessity such as that mentioned in clause 3 of the proposed Bill

Officers in charge of provincial roads have hitherto been hampered by want of legal authority in maintaining and carrying out work essential for the upkeep and improvement of roads in their charge and this Bill provides that their actions shall have the support of law

CALCUTTA, the 29th May 1925

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 3rd June 1925.

Summary.—Excepting heavy showers in parts of North and East Bengal, there was light rainfall accompanied by dry weather in the rest of the province. Dry weather has helped the standing crops on lowlands to recover from the evil effects of wet weather of past weeks. Preparatory tillage for the transplanted winter rice and sowing of paddy in nurseries are progressing briskly. Sowing of autumn crops still continues in some West Bengal districts. The average price of common rice for the province has risen by about 0.65 per cent as compared with that of the previous week.

Rules.

1 Inmates of Girls' Refuge in Calcutta shall not be allowed to receive visitors or letters without the express permission of a Deputy Commissioner of Police. Inmates whose attendance is required before the police or before a Court shall be permitted to leave the Refuge for this purpose only on receipt of a written requisition signed by a Deputy Commissioner of Police or of a summons issued by a Court of competent jurisdiction. Inmates shall be accompanied by the Lady Superintendent if practicable.

2 The Lady Superintendent shall take every inmate to the Lady Doctor at the Dufferin Hospital for examination as soon as possible after admission. Inmates found to be suffering from specific diseases shall be kept as far as practicable separate from the other inmates. Inmates suffering from minor ailments requiring medical attention shall be taken by the Lady Superintendent to the Dufferin Hospital (Out-patients' Department) for treatment as out-patients. In case of serious illness, inmates shall be taken to the nearest hospital for admission and immediate intimation shall be sent to a Deputy Commissioner of Police.

3 In the case of the death of any inmate, the circumstances of the case shall be immediately reported to the Commissioner of Police.

4 The Lady Superintendent, assisted by the Matron, shall take every care to prevent the exercise of evil influences by inmates of bad character on the other inmates.

5 Each inmate shall have a separate bed with a floor space of not less than 8 x 5 feet per bed. They shall wear the clothing supplied by the Lady Superintendent. Every effort shall be made to instil in their minds the habits of cleanliness and tidiness.

6 Plain wholesome food shall be supplied to the inmates according to their caste scruples.

7 Suitable employment, with proper intervals for rest and recreation, shall be found for the inmates. The employment shall include housework, sewing, etc. A portion of the day shall be devoted to giving the inmates such simple education as is consistent with their age and capacity.

8 The Refuge shall be kept under the purdah system, and no male visitors shall be permitted to interview any of its inmates except in the Lady Superintendent's office and in her presence.

HIGH COURT NOTICES.

CIVIL.

The 5th June 1925.

No. 7877G—The following Addendum to the "Rules of the High Court, Calcutta, Appellate Side, 1922" is published for general information.

By order of the High Court,

H. C. STORK,
Registrar.

Insert the following as clause (c) to Rule 29 (2) in Chapter V, at page 26 —

- (c) Where analogous appeals have been presented in separate batches, each batch of such appeals presented by the same appellant or by the same Vakil representing different appellants shall be considered as a separate batch of analogous appeals and the cost of the preparation of the printed paper-book shall be deposited for each batch of such appeals separately calculated according to the provisions of clause (b), in the case of single appeals presented by different Vakils or appellants in person such costs shall be deposited as provided in clause (a) for each such separate appeal notwithstanding that such appeals may be analogous to others.

In supersession of the Rules published in the *Gazette of India* on the 13th September 1924 the following Rules have been framed by the High Court under section 10 of the Letters Patent, 1865, and are added as Chapter IA of the Rules of the Original Side —

1. Persons who are not entitled to be admitted as Advocates under the provision of Rule 1, Chapter I, may be admitted as Advocates of the High Court under the following Rules appearing in this Chapter

2 From and after the 10th November 1924, and until the expiration of seven years therefrom, or such further period as the Court may determine, a Vakil or Attorney of this Court of not less than ten years' standing, on application by petition stating that he desires to be admitted as an Advocate of this Court and that his name is borne on the Roll of Vakils or Attorneys of this Court, as the case may be, and that his application, if any, for admission as an Advocate has or has not been refused by any other Court in India, may be admitted as an Advocate of this Court. Such application shall be supported by the certificate of one of the Registrars of this Court to the effect that the applicant's name is borne on the Roll of Vakils or Attorneys of this Court, as the case may be, and such certificate shall also state the date of his enrolment

3 From and after the 1st of July 1925, and until the expiration of seven years therefrom or of such further period as the Court may determine a Vakil of this Court of less than ten years' standing, on application by petition containing the statements mentioned in the last preceding Rule and supported by a certificate of the Registrar of this Court in its Appellate Jurisdiction, to the effect that his name is borne on the Roll of Vakils of this Court and mentioning the date of his enrolment, may be admitted as an Advocate of this Court, provided that he produces the certificates hereinafter mentioned, viz —

- (a) A certificate signed by the Secretary of the Board of Examiners, mentioned in Rule 15, that he has satisfactorily passed an examination in the following subjects, viz —

- (1) Commercial Law, including Negotiable Instruments, Sale of Goods, Affreightment, Insurance and Arbitration
- (2) Company and Insolvency Law, together with the Rules and procedure on the Original Side relating thereto
- (3) The Letters Patent (including any modifications thereof) and Rules of the High Court on the Original Side.
- (4) The Principles of the Law and Procedure in the High Court as to Guardians and Wards, and Lunacy, and in the Testamentary and Intestate, and Matrimonial Jurisdictions.

- (b) A certificate from a practising Advocate approved by the Court, as provided in Rule 14, stating that he has read for a period of 12 months in the said Advocate's Chambers in Calcutta.

4. From and after the 1st of July 1925, and until the expiration of seven years therefrom or such further period as the Court may determine, an Attorney of this Court of less than ten years' standing, on application by petition containing the statements mentioned in Rule 2 and supported by a certificate of the Registrar of this Court in its Original Jurisdiction, to the effect that his name is borne on the Roll of Attorneys of this Court and mentioning the date of his enrolment, may be admitted as an Advocate of this Court, provided he produces the certificates hereinafter mentioned, viz.—

- (a) A certificate from a practising Advocate approved by the Court, as provided in Rule 14, stating that he has read for a period of 12 months in the said Advocate's Chambers in Calcutta.
- (b) A certificate that he has passed under these Rules an examination in Commercial Law, including Negotiable Instruments, Sale of Goods, Affreightment, Insurance and Arbitration, signed by the Secretary of the Board of Examiners mentioned in Rule 15.

5. Any person who has obtained after examination a Bachelor's degree in Law of the University of Calcutta, Allahabad, Bombay, Dacca, Madras, Patna or the Punjab, or a corresponding degree of such other University in India or elsewhere as the Court may accept as equivalent, may, on application by petition verified by an affidavit and on proof of the University degree which he has obtained, be admitted as an Advocate on production of the following certificates :—

- (a) Certificates, signed as stated in Rule 3, that he has passed an examination in the subjects mentioned in each of the following parts :—

PART I

- (1) Equity, including Trusts and Specific Relief
- (2) The Law of Contract.
- (3) The Law of Tort.

PART II.

- (1) The Law relating to Property, including the Transfer of Property Act, together with the Principles of English Law applicable thereto, the Elements of Practical Conveyancing, and the Law of Easements
- (2) The Law of Land Tenures, Land Revenue and Prescription, including the Regulations and the Bengal Tenancy Act
- (3) The Law of Succession, including the Indian Succession Act, the Hindu Wills Act, the Probate and Administration Act and the Succession Certificate Act

PART III.

- (1) Commercial Law, including Negotiable Instruments, Sale of Goods, Affreightment, Insurance and Arbitration
- (2) Company and Insolvency Law together with the Rules and procedure relating thereto on the Original Side and in the Subordinate Courts.
- (3) Civil Procedure with special reference to Discovery, Pleadings and Limitation, and the Law of Evidence.
- (4) The Letters Patent (including any modifications thereof) and Rules of the High Court on the Original and Appellate Sides, also the Law and procedure under the Indian Divorce Act (IV of 1869).
- (b) A certificate from a practising Advocate, approved by the Court, as provided in Rule 14, stating that he has read for a period of twelve months in the said Advocate's Chambers in Calcutta after passing the examinations hereinbefore prescribed.
- (c) Two satisfactory testimonials as to his good character

Provided that an applicant who has obtained after examination the Master's or Doctor's degree in Law of any of the Indian Universities mentioned in this Rule, or a degree of any other University which the Court shall accept as equivalent to either of the said degrees, shall not be required to pass in Parts I and II.

A candidate may sit for Parts I and II abovementioned at the same examination or at different examinations. He shall not sit for Part III until he has passed in both Parts I and II. A candidate must pass in each of the papers of a part at one and the same examination before he shall be deemed to have passed in that part.

6. The Registrar shall submit the petition to be admitted as an Advocate with the other necessary documents prescribed by the Rules in this Chapter to the Chief Justice and Judges.

I do hereby further certify that he is a fit and proper person to be admitted as an Advocate of this Court.

15. The Chief Justice may, from time to time, appoint a Committee of Control for the purpose of—

- (a) supervising the examinations referred to in Rules 3 to 5,
- (b) appointing a Board of Examiners for each examination, and
- (c) dealing with all questions arising in connection with such examinations

Not less than half the members of the Board of Examiners shall be Advocates of the Court.

The Committee of Control may, with the approval of the Court, from time to time, prescribe the limit of each of the subjects for examination under these Rules by reference to text-books or legislative enactments and statutes or leading cases.

16. Every person intending to appear at any of the said examinations shall give one calendar month's notice in writing to the Registrar, stating his intention and mentioning the part or parts he desires to be examined in, and if the notice be for Part III, shall state the date or dates he passed in Parts I and II. He shall, at the same time, pay to the Registrar the following fee: (1) for first appearance at any examination, Rs 300, (2) for each subsequent appearance at any examination, Rs 150, and the fees so paid shall be placed to the credit of a fund called "The Advocates' Examination Fee Fund".

17. Every person who shall have given notice of his intention to appear at any of the examinations mentioned in this Chapter, or to apply for admission as an Advocate, and who shall not have attended to be examined, or not have passed the examination, or not have been admitted, may renew the notice for examination or admission, from time to time as often as he shall think proper. Provided that every renewed notice shall be given in conformity with the Rules in this Chapter, unless the Court shall otherwise order.

18. All expenses that may be incurred on account of the examinations to be conducted under these Rules shall be defrayed by the Registrar out of the said Fee Fund. The scale of remuneration of the examiners shall be as follows.—

					Rs
For setting a paper	100
For examining an answer paper	10

The Registrar shall be *ex officio* the Secretary to the Board of Examiners and the custodian of "The Advocates' Examination Fee Fund".

19. The examinations hereinbefore referred to shall be held once in every six months at such time and place as the Committee of Control may appoint. Notice of the time so fixed shall be given by the Registrar at least six weeks beforehand by affixing the same on the Registrar's Notice Board and forwarding copies thereof to the Secretaries of the Bar Library, the Vakils' Library and the Incorporated Law Society.

20. The Registrar shall reduce all notices of intention to appear at any of the examinations mentioned in this Chapter into an alphabetical table, under convenient heads, and shall, three weeks previous to the examination, affix the same on the Notice Board at the East Gate, and also on the Registrar's Notice Board to be exhibited daily, and shall forward copies thereof to the Committee of Control, Secretary, Bar Library, Secretary, Vakils' Library, and Secretary, Incorporated Law Society of Calcutta.

The Registrar shall inform each candidate who shall have given notice of his intention to appear at any of the said examinations of the days fixed for each examination.

21. There shall be a paper on each of the subjects mentioned in Rules 3 to 5, the number of questions in each paper shall be 10, and the aggregate number of marks in each subject shall be 200. To be entitled to pass, a candidate must obtain 62 per cent. of the total marks in each paper set at the examination.

22. Any candidate bringing into an examination room any book, document, or printed or written paper whatsoever, or communicating in any way with another candidate, or copying from another candidate in the examination room, or using any unfair means whatsoever, or assisting another candidate in so doing, will be liable to be summarily ejected from the examination room, and shall not, unless the Court shall otherwise order, be permitted to appear at the same examination or at any subsequent examination.

23. Nothing in these Rules shall be construed to entitle any person to be admitted as an Advocate if he has been guilty of any fraud, dishonesty, or other disgraceful conduct or is of doubtful reputation, or is an undischarged insolvent, or has been convicted by any Criminal Court for any offence showing such moral turpitude as would, in the opinion of the Court, amount to disqualification.

24. From and after the date on which these Rules come into force, Advocates will take precedence on the Original Side and in the Court for hearing appeals for the Original Side according to the dates on which they were called to the Bar or were admitted originally as Vakils or Attorneys of the Court, provided that Barristers who have been admitted as Advocates before these Rules come into force shall take precedence according to the dates on which they were called to the Bar.

25 Subject to what is hereinbefore stated, Advocates admitted under these Rules shall be governed by the Rules of Chapter I of the Rules of the Court on the Original Side.

26 Persons admitted as Advocates under the Rules under this Chapter shall, in all respects, conform to the practice of, and shall be subject to, the same obligations and rules of professional etiquette as govern Advocates practising on the Original Side of the Court on the date on which these Rules come into force, so that no Advocate admitted under these Rules shall be entitled to act on either side of the High Court or in any Court subordinate thereto

27. Every person, when admitted and enrolled as an Advocate of this Court, shall be entitled, on payment of the prescribed fee, to obtain a certificate of admission under the signature of the Registrar and the Seal of the Court.

28 An Advocate of this Court admitted under this Chapter may, on the payment of a fee of Rs 5 in Court-fee stamps, obtain a certificate under the signature of the Registrar and the Seal of the Court that his name is borne on the Roll of Advocates of this Court

29 An Advocate admitted under these Rules who desires to have his name struck off the said Roll of Advocates shall apply by petition containing the particulars and statements mentioned in Rule 10, Chapter I, so far as they may be applicable to the case, and shall be entitled to have his name removed from the said Roll of Advocates. A name once removed under this rule shall not be restored again to the said Roll of Advocates. The procedure laid down in Rules 9 to 13 inclusive of Chapter I shall be followed in the case of an application under this Rule.

SHIPPING.

Simla, the 30th May 1925.

No 40-S. (3).—In exercise of the powers conferred by sub-section (1) of section 191 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), and in supersession of the notification of the Government of India in the Department of Commerce, No 40-S., dated the 26th January 1924, the Governor General in Council is pleased to make the following rules regarding the carriage of petroleum in native passenger ships, the same having been previously published as required by sub-section (4) of the said section namely :—

1 No petroleum which is dangerous within the meaning of the Indian Petroleum Act, 1899 (VIII of 1899), shall be shipped on board any native passenger ship proceeding or departing from British India, and no other petroleum shall be carried on board such a ship except under the following special conditions, namely —

A.—Where petroleum is carried as fuel in bulk for use of the ship—

It shall have a flash point of not less than 150° Fahrenheit by Abel's close test and shall be carried in cellular double bottoms under engine and boiler compartments, or under ordinary holds, or in peak tanks, deep tanks or bunkers of approved construction.

Provided that the oil fuel storage tanks and installations in connection therewith fully comply with the conditions described in the Instructions to Surveyors contained in the Board of Trade Circular No. 1647 (Oil Fuel Installation in Passenger Steamships), dated January 1924.

With each supply of oil taken on board a written guarantee must be supplied by the vendor, and signed by a responsible official in his employ, of the actual close test flash point, the type of instrument by which the test was made being in every case specified. These particulars shall be entered in the engine room log.

B.—Where petroleum is carried as cargo—

- (i) The master, owner or agent shall give notice to the Chief Customs Officer, or such other officer as the Chief Customs Officer may nominate in this behalf, before permitting any petroleum to be shipped.
- (ii) Each consignment of petroleum shall be covered by a declaration made and signed by the shipper in Form A (hereto annexed), if the petroleum has been imported into British India, and otherwise in Form B.

- (iii) The petroleum shall be shipped either in tins enclosed in outer wooden cases or in hermetically sealed iron or steel drums: provided that petroleum which has a flash point not below 200° Fahrenheit may also be shipped in sound well coopered wooden casks of not more than 50 gallons capacity
- (iv) The nature of every consignment of such petroleum shall be marked on the outside of the package containing it.
- (v) The petroleum shall be stored separate from all other cargo and as far as possible away from lights or fires, and none shall be stored in any hold adjoining an engine room or boiler, or in any compartment situated above the passenger spaces.
- (vi) There shall be a water-tight bulkhead between the engine room and any hold in which petroleum is stored, and the sluicevalves of such bulkhead shall be shut down and padlocked
- (vii) Save where electric light is used, no petroleum shall be shipped or discharged except between sunrise and sunset, no lights other than electric lights shall be lit in a hold in which petroleum is stored; and no smoking shall be permitted in or near any such hold
- (viii) No person shall otherwise than along with, or with the authority of an officer of the ship, be permitted to visit a hold in which petroleum is stored
- (ix) No more passengers shall be carried than can with safety be accommodated in the ship's boats in case of accident, unless the vessel is a coasting one proceeding on a short voyage and there are provided life-belts sufficient for such passengers as cannot be accommodated in the boats.
- (x) At any port in which a ship carrying such petroleum is for the time being, the Chief Custom Officer or such other officer as the Chief Customs Officer may nominate in this behalf, may take and test any consignment of such petroleum or any single case or drum thereof
- (xi) If any petroleum tested under clause (x) is found to be dangerous petroleum defined as aforesaid, the whole consignment of which the petroleum tested formed a part shall be liable to confiscation
- (xii) The officer authorised to grant a certificate in respect of a native passenger ship under section 157 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), shall not grant the same unless the master or owner of such ship produces either a certificate declaring that no petroleum is to be carried, or if petroleum is to be carried a certificate containing the consent of the Chief Customs Officer or such other officer as the Chief Customs Officer may nominate in this behalf

2 Whoever commits a breach of any of these rules shall be punishable with fine which may extend to two hundred rupees, and, when the breach is a continuing one, with a further fine which may extend to twenty rupees for every day after the first during which the breach continues

HOME DEPARTMENT.**NOTIFICATION****ESTABLISHMENTS***Simla, the 1st June 1925*

No. F.-294-24—With reference to the Home Department Notification No. F.-294-24-Ests, dated the 25th May 1925, the following regulations *et cetera* for the examination for the Indian Civil Service to be held in India during 1926 are published for general information.

H. TONKINSON,

*Secretary to the Government of India (offg.)***INDIAN CIVIL SERVICE.****NOTICE**

A competitive examination for admission to the Indian Civil Service will be held under the subjoined rules in the Senate House at Allahabad commencing on the 4th January 1926. Candidates accepted for the examination, that is, candidates who have received certificates of admission under Rule 13, should present themselves not later than 9.30 A.M., this last intimation is given in case a communication which the Civil Service Commissioners will send showing the Time Table of the written examination and the time of the candidate's *visa voce* test should fail to reach the candidate.

The number of persons to be selected at this examination will be announced hereafter.

No person will be considered from whom the Chief Secretary of the appropriate province has not received, on or before the 1st August 1925, an application on the prescribed form, a copy of which is sent herewith. No allegation that an application form or a letter respecting such form has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office Certificate of Posting. Candidates who delay their applications until a late date will do so at their own risk.

Regulations for Competitive Examinations to be held in India.

The following Regulations, made by the Secretary of State for India in Council, are liable to alteration from year to year

(1) A competitive examination for admission to the Indian Civil Service shall be held annually in India in the months of January and February or at such other time as the Governor General in Council may direct.

(2) The maximum number of candidates to be admitted to the examination may at the discretion of the Governor General in Council be limited to 200. If the number of applicants exceeds 200 and a limitation is decided upon it will be effected by Quota Committees in accordance with the following regulations.

(3) Of the candidates to be admitted if limitation is decided upon the number to be drawn from each of the regions specified in the annexed table shall not exceed the number shown against it, such number is hereinafter referred to as "the provincial quota."

Assam	5	The Madras Presidency and Coorg	33
The Bengal Presidency	...	33	The Punjab, the North-West	
Bihar and Orissa	22	Frontier Province and Delhi	25
The Bombay Presidency	...	25	The United Provinces and	
Burma	15	Ajmer-Merwara	30
The Central Provinces	...	12		

(4) If limitation is decided upon and in any region of Rule 3 the number of applicants exceeds the provincial quota, the Local Government of the Governor's Province which coincides with or is included in that region shall appoint a committee to be called the Quota Committee, the majority of the members of which shall be non-officials. The Quota Committee shall select the provincial quota for its region from among such of the persons applying for admission to the examination from that region as possess the qualifications hereinafter prescribed. The selection or rejection of an applicant by the Quota

Committee shall be final. Provided nevertheless that the Local Government may remove from the quota a candidate who is reported by a Medical Board to be physically unfit for appointment in the Indian Civil Service.

(5) In a case where the region for which the Local Government of a Governor's Province is required to set up a Quota Committee includes territory other than the Governor's Province the Local Government shall be responsible for the due representation of that other territory on the Quota Committee.

(6) A person desiring to be admitted to the examination shall apply, before such date as the Governor General in Council may prescribe, in the region of Rule 3 in which his parents reside at the time of the application or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at a university only, for a like period. His application must be made to the Chief Secretary of the Governor's Province which coincides with or is included in that region,

Provided that no candidate shall make more than one application in any year,

Provided further that persons resident in a State in India shall apply through their Durbars to the Chief Secretary of the province in which they wish to serve or of the province included in the region in which they wish to serve, and that for the purposes of Rule 3, if limitation of the number of candidates is decided upon, such persons shall be considered by the appropriate Quota Committee and if chosen by that Committee shall constitute a part of the provincial quota for that region.

(7) Application shall be made at such time and in such manner as the Governor General in Council may prescribe

(8)* A candidate must be either a British subject or a ruler or subject of a State in India in respect of whom the Governor General in Council has made a declaration under section 96A of the Government of India Act. If the candidate (being a British subject) or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must, at the time of the candidate's birth, have been a British subject or the subject of a State in India, and if alive, must be, or if dead, must have continued to be until his death, a British subject or a subject of such State

(9) A candidate must have attained the age of 21 and must not have attained the age of 23 on the first day of January in the year in which the examination is held.

(10) A candidate must be free from disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Indian Civil Service

(11) A candidate shall satisfy the Civil Service Commissioners that his character is such as to qualify him for employment in the Indian Civil Service.

(12)* A candidate must hold a degree of a university incorporated by law in British India or of the Mysore University, or the senior diploma of the Mayo College, Ajmer

(13) No candidate shall be admitted to the examination unless he holds a certificate of having been accepted for admission, given by the Quota Committee in a region in which a Quota Committee has been set up and given by the Local Government in any other region.

(14) Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons who are not themselves acquainted with the candidate's work at school or at the University, or otherwise, will be disregarded

(15) A candidate will pay a fee of Rs. 5 with his application form, and a candidate chosen for admission to the examination will pay a further fee of Rs. 100.

(16) The examination will include the following subjects. Each subject will carry the number of marks shown against it.

(17) The civilization associated with a language can only be taken by candidates who also offer the language itself

(18) In subject 5, vernacular language, a candidate may offer any one of the following languages —Assamese, Bengali, Burmese, Gujarati, Hindi, Kanarese, Malayalam, Marathi, Oriya, Punjabi, Sindhi, Tamil, Telugu, Urdu.

(19) A candidate for any of the subjects numbered 36 to 47 must have undergone laboratory training in an institution authorised to prepare candidates in that subject for a University degree and must send in a voucher to that effect from the head of the institution, two years' laboratory training being required for a science on the higher grade and one year's training for a science on the lower grade. For candidature for Geography or Experimental Psychology or Engineering or Agriculture (subjects 48, 50, 53, 54) a certificate of one year's training in an institution authorised to prepare candidates in that subject for a University degree is required

(20) As Vernacular Literature a candidate may offer the literature of any one of the following languages —Bengali, Burmese, Gujarati, Hindi, Marathi, Tamil, Telugu, Urdu.

(21) From the marks assigned to candidates in each subject, such deduction will be made as the Civil Service Commissioners may consider necessary in order to secure that no credit is allowed for merely superficial knowledge.

(22) If a candidate's handwriting is not easily legible, a deduction will be made on this account from the total marks otherwise accruing to him.

(23) A list of the competitors shall be made out in order of their proficiency as disclosed by the aggregate marks finally awarded to each competitor, and in that order so many competitors, up to the determined number of appointments as are found by the Civil Service Commissioners to be qualified by examination, shall be designated to be selected candidates for the Indian Civil Service, provided that the Governor General of India in Council is satisfied that they are duly qualified in other respects. Should any selected candidate become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled or not. In the former case the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate

(24) Selected candidates will be on probation for two years in the United Kingdom

INDIA OFFICE,

London, S W 1

N.B.—The Secretary of State for India in Council proposes to amend regulation 8 by inserting the words "of Indian domicile" after the words "British subject" where they first occur, and also to alter regulation 12 to read as follows —

"A candidate must hold a degree of a University approved by the Governor General in Council or the senior diploma of the Mayo College, Ajmer"

The list of approved Universities will be published shortly and will include all Universities incorporated by law in British India, the Mysore University and the Osmania University, Hyderabad

Examination of selected candidates for the Indian Civil Service.

Regulations made under section 97 of the Government of India Act for the probation in the United Kingdom and the further examination of Selected Candidates for the Indian Civil Service.

* * The following regulations made by the Secretary of State for India in Council are liable to alteration from year to year —

(1) Candidates selected at the Open Competition held in London will be required to remain in the United Kingdom on probation for one or two years, as may be decided by the Secretary of State for India in Council

(2) Candidates selected at the Open Competition held in India and candidates selected in India otherwise than by competitive examination will be required to proceed to the United Kingdom on probation for a period of two years.

ONE-YEAR PROBATIONERS

(3) One-year probationers will, at the end of the year of probation, undergo an examination called the Final Examination. The subjects and the marks allotted to them are as follows —

Compulsory Subjects

1	Indian Penal Code ...	200	5	The Principal vernacular language or the substituted subject ...	600
2	Code of Criminal Procedure	200			
3	The Indian Evidence Act ...	200	6.	Riding	200

TWO-YEAR PROBATIONERS.

(4) Two-year probationers will, during their period of probation, undergo two examinations—the Intermediate Examination at the end of the first year and the Final Examination at the end of the second year

(5) The subjects of the Intermediate Examination and the marks allotted to them are as follows. All the subjects are compulsory.

				Marks.					Marks.

ONE-YEAR AND TWO-YEAR PROBATIONERS.

(7) The principal vernaculars prescribed for the various provinces are shown in the following table —

<i>Province.</i>	<i>Vernacular.</i>	<i>Province.</i>	<i>Vernacular.</i>
Madras	... Tamil or Telugu.	Burma	... Burmese
Bombay	... Marathi.	Bihar and Orissa	... Hindi.
Bengal	... Bengali.	Central Provinces	Hindi.
United Provinces	Urdu.	Assam	... Bengali.
Punjab	... Urdu.		

(8) An Indian assigned to Madras whose mother tongue is one of the principal vernaculars of the province must offer the other for examination. An Indian assigned elsewhere whose mother tongue is the principal vernacular language of his province must substitute in place of the principal vernacular language the following subject or subjects —

One-year probationers—

British History.

Two-year probationers—

British History at the Intermediate Examination, and European History at the Final Examination

(9) A candidate whose mother tongue is Hindi or Urdu may not offer either of these languages as the principal vernacular language

(10) Candidates who at the Final Examination in riding satisfy the Commissioners that they are sufficiently at home in the saddle for the efficient performance of any duties required of members of the Indian Civil Service will be awarded marks ranging between 101 and 200, according to the degree of proficiency displayed.

Candidates who fall short of this adequate proficiency but show such minimum proficiency as is evidence that with a moderate amount of practice they can attain full proficiency, will receive marks ranging between 1 and 100, they will be allowed to proceed to India and will on their arrival there be subjected to such further tests in riding as may be prescribed by their Local Government, and shall receive no increase to their initial salary until they have passed such tests to the satisfaction of that Government

A candidate who fails at the end of the period of probation to satisfy the Civil Service Commissioners that he has reached the minimum standard of proficiency in riding will be liable to have his name removed from the list of selected candidates.

Selected candidates will also be examined in riding at such time or times as the Commissioners may appoint during the course of the probationary period.

(11) Such deductions as the Civil Service Commissioners may consider necessary will be made from the marks assigned to candidates at the Intermediate and Final Examinations in order to secure that no credit is allowed for merely superficial knowledge.

(12) The Civil Service Commissioners will prepare lists of the candidates in order of merit, the order for the one-year probationers being based on the sum of the marks obtained by the candidates at the Open Competitive and Final Examinations, the order for the two-year probationers being based on the sum of the marks obtained by the candidates at the Intermediate and Final Examinations

(13) The selected candidates whose performance in the compulsory subjects of the Final Examination is such as to satisfy the Civil Service Commissioners, and who have also satisfied the Commissioners of their eligibility in respect of nationality, age, health, character, and conduct during the period of probation, shall be certified by the Commissioners to be entitled to be appointed to the Indian Civil Service, provided that they shall comply with the regulations in force at the time, for that Service.

(14) If any candidate is prevented by sickness or any other adequate cause from attending the Final Examination, the Commissioners may, with the concurrence of the Secretary of State for India in Council, allow him to appear at the Final Examination to be held in the following year, or at a special examination. A selected candidate absent for such adequate cause from the Intermediate Examination may, under similar conditions, be allowed to appear at the Intermediate Examination a year later or at a special examination, or may be excused the Intermediate Examination and allowed to appear for the Final Examination in regular course

Any candidate who at the Intermediate Examination shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

ANNOUNCEMENTS

made by the Civil Service Commissioners with the authority of the Secretary of State for India in Council

(i) *Selected candidates will be allotted to the various provinces upon a consideration of all the circumstances, including their own wishes, but the requirements of the Public Service will rank before every other consideration.*

(ii) *An allowance of £300 a year, or, in the case of Selected Candidates possessing an Indian domicile, an allowance of £350* a year will be given to any candidate who passes his probation at one of the Universities or other Institutions that have been approved for the purpose by the Secretary of State for India in Council*

In the case of Selected Candidates on probation for one year the allowance will be payable in four equal instalments on the following dates respectively December 24th after his selection, March 25th, June 25th and after signature of Covenant on appointment to the Service

In the case of Selected Candidates on probation for two years the allowance will be payable in eight equal instalments, the first on the December 24th after selection, the second to the Seventh on the six following quarter days and the eighth after signature of Covenant on appointment to the Service

The payment of the various instalments of the allowance except the final instalment, and, in the case of the two-year probationers, the instalment payable at the end of the first year of probation, will be conditional on the receipt by the Secretary of State through the Civil Service Commissioners of a certificate that the candidate has fulfilled up to date the requirements of the authorities and shown satisfactory conduct at the approved Institution.

If an Indian Government Scholar becomes a selected candidate for the Indian Civil Service, his scholarship stipend shall cease to be paid with effect from the 1st October of the year in which he becomes a selected candidate. He may, however, provided he has executed the agreement referred to in (iv) below, be granted on, or at any time after, the 1st October, an advance on account of the instalment of the allowance payable on the 24th December

The whole probation must ordinarily be passed at the same Institution. Migration will not be permitted except for special reasons approved by the Secretary of State

N B—The Secretary of State for India gives notice that the amount of the allowances will be reconsidered in 1925, with a view to a possible reduction with effect from the instalment payable in December, 1926.

(iii) *A First Class passage to India will be engaged for Selected Candidates with a view to their proceeding to India during the November following their Final Examination.*

(iv) *Each Candidate will be required before receiving the first instalment of his allowance to execute an agreement binding himself and one surety jointly and severally to refund all moneys he may have received from the Secretary of State for India in the event of—*

(1) *his failure to pass the Final Examination within the time prescribed by the Regulations, and to satisfy the Civil Service Commissioners of his fitness for admission to the Indian Civil Service, or*

(2) *his subsequent failure to execute the usual Covenant, and to proceed to India as and when he shall be directed by the Secretary of State for India*

(v) *All candidates obtaining Certificates will be also required to enter into covenants, by which, amongst other things, they will bind themselves to make such payments as under the rules and regulations for the time being in force they may be required to make for the pensions of their families. The stamps payable on these covenants amount to £1*

(vi) *The seniority in the Indian Civil Service will be determined by the results of the examinations taken during the course of probation*

(vii) *Candidates who fail to satisfy the Civil Service Commissioners at the Final Examination held in any year will be definitely rejected, and will not be allowed to present themselves for re-examination, unless it shall appear to the Secretary of State in Council, after reference to the Civil Service Commissioners, that such failure is due to circumstances wholly exceptional and beyond the control of the candidate.*

(viii) *"Overseas pay" will not be admissible to Indian members of the Indian Civil Service selected at Open Competitive Examinations held in London in 1925 and subsequent years*

Civil Service Commission,
January, 1925.

* The attention of candidates selected at examinations held in London is, however, directed to paragraph (viii)

**Indian Civil Service Competitive Examination to be held in India in
January 1926.**

*Syllabus of the examination in which the Civil Service Commissioners give an indication
of the lines on which the subjects will be treated.*

1. *Essay*—An essay to be written in English on one of several specified subjects.
2. *English*.—A paper of questions to test the understanding of English and the workmanlike use of words.
3. *Present Day*.—Questions on contemporary subjects, social, economic and constitutional, mainly though not exclusively concerned with India. A liberal choice of questions will be given. Effective and skilful exposition will be rewarded.
4. *Everyday Science*—In this subject such knowledge will be expected as a candidate will have who has studied science intelligently at school and has since then kept his eyes open. A liberal choice of questions will be given.
5. *Vernacular Language*—The test will include translation from the vernacular, set composition in which an English passage is given to be put into the vernacular and free composition in which the candidate writes in the vernacular in his own words on a prescribed subject.
6. *Viva Voce*.—The examination will be in matters of general interest, not in matters of academic interest, it is intended to test the candidate's alertness, intelligence and general outlook.

LANGUAGES WITH ASSOCIATED CIVILIZATIONS.—Subjects 7-14. In the questions on the civilization, history and literature will, as far as possible, be brought into close relation. The questions on literature will require first-hand knowledge of the authors; and the authors dealt with will be those which candidates ought to have read. Passages of literature may be set for comment on matters of social, political, legal, or other historical importance.

7. *Arabic Language*.—Translation, free composition and set composition in the classical language.

8. *Arabic Civilization*—The main stress in both history and literature will be on the period from the middle of the 6th century A. D. to the middle of the 13th Century A. D.

9. *Persian Language*—Translation, free composition and set composition in the classical language.

10. *Persian Civilization*—The main stress in both history and literature will be laid on the period 1000 A. D. to 1500 A. D. Candidates will be expected to have a general knowledge of Persia before 1000 A. D. and from 1500 A. D. to the present time.

11. *Sanskrit Language*—Translation, set composition, free composition, questions on Vedic grammar relating to grammatical forms occurring in the passages set for translation or to general grammatical questions suggested by them. Both Vedic and Classical Sanskrit passages will be set for translation, composition will be required in Classical Sanskrit alone. A knowledge of the Prakrit used in plays will be expected.

12. *Sanskrit Civilization*—Will include the history of the civilization and thought of India from the Vedic period to 1200 A. D.

13. *Pali Language*.—Translation, free composition, set composition.

14. *Pali Civilization*—Will include the history of Buddhist civilization in India from 600 B. C. to 100 A. D.

ENGLISH LITERATURE.—Subjects 15-18. Candidates for any period should be prepared to show some first-hand knowledge of some of the works of the authors named below for the period and of their place in the history of their country. Questions may also be asked about other writers. Questions will not be set on the history of the language—

PERIOD 1.—1580-1680 Spenser, Shakespear, Bacon, Milton, Hobbes.

PERIOD 2.—1680-1744 Dryden, Bunyan, Swift, Addison, Defoe, Pope.

PERIOD 3.—1744-1832 Fielding, Johnson, Goldsmith, Burke, Sheridan, Scott, Wordsworth, Byron, Lamb.

PERIOD 4.—1832-1914 Macaulay, Tennyson, Dickens, Thackeray, Carlyle, Ruskin, Thomas Hardy, H. G. Wells.

19. *Vernacular Literature*—The questions will be directed in the main to test a first hand knowledge of the best known works in the vernacular, but questions on works of lesser importance will not be excluded. Candidates should have such knowledge of history as is necessary to understand the literature in its relation to the activities of the people.

HISTORY—Subjects 20-24. Candidates should know something of the principles and the facts of geography in relation to history. They must be prepared to draw sketch maps.

20 *Indian History*.—Period 1. Hindu India from the first Aryan immigration to the end of the 12th century, history and culture together with the history of Buddhism outside of India.

21. *Indian History*.—Period 2. Muhammadan India, from the beginning of the 11th century to 1748 (death of the Mogul Muhammad Shah); together with the contemporaneous history of the Moslem powers outside of India—the Saracens, the Turks, etc.

22. *Indian History*.—Period 3. India during the British period, from 1600 to the present day, together with the contemporaneous history of the British Empire. [Although a fixed date is given for the beginning of the period, candidates will be expected to know in general outline how the initial position was reached.]

23. *European History*.—The limits of time are 1600 and 1914. Although a fixed date is given for the beginning of the period candidates will be expected to know in general outline how the initial position was reached. The history of countries closely associated with Europe will be included so far as it influences British history, especially in relation to India.

24 *British History*—The limits of time are 1400 and 1914. British history will be taken as a whole, politics, economics, and constitution will be considered as mutually affecting each other and all together as the outcome of the common life of the nation. Candidates will be expected to know so much of European history as will make the external action of this country fully intelligible and will explain those movements in Britain which had their beginnings elsewhere, e.g., the Renaissance, the Reformation and the reactions in this country of the French Revolution. From 1750 onwards the outstanding incidents and movements in the history of British possessions will assume more importance.

25. *Economics*—General Economics, including industrial history with special reference to India. The subject will be treated as a whole and candidates should be prepared to illustrate the theory by the facts and to analyse the facts by the help of the theory. The history of economic thought will be included.

26. *Politics*.—This subject will include political theory and political organisation.

Candidates will be expected to show a knowledge of political theory and its history, political theory being understood to mean not only the theory of legislation, but also the general history of the State in connection with kindred studies such as Jurisprudence, Public International Law and Economics. Questions involving illustrations from Indian history may be set.

Political organisation will include Constitutional Forms (Representative Government, Federalism, etc.) and Public Administration, central and local. The history of institutions is not included, but candidates will be expected to know the earlier stages from which existing institutions have directly developed, and in this section also illustration from Indian history may be expected.

27 *Law*—Constitutional law, jurisprudence, contracts, torts, Indian Evidence Act, Indian Penal Code.

30 *Logic*.—The subject will be interpreted in a wide sense. Epistemology in its bearing on logical problems will be included, together with formal logic and scientific method. Questions may be set on mathematical logic, i.e., on the logic of mathematics, symbolic logic, and the logic of probability, and also on the history of logic. A considerable choice of questions will be allowed.

MATHEMATICS—Subjects 32-33. The examination will be designed to test understanding of the subject and ability to apply it rather than ability to reproduce proofs of propositions. No great skill in manipulation will be expected.

Questions involving the use of mathematical instruments may be set at both stages.

32 *Lower Mathematics*—Logarithms, numerical equations, graphs, approximation, infinite series, complex numbers, solution of triangles.

Geometry in two and three dimensions according to the method of Euclid. Analytical geometry in two dimensions (method of Descartes). The construction of plans, elevations and sections of solid bodies (method of Monge). The method of vectors, including scalar and vector products with applications to the other parts of Lower Mathematics.

Differential co-efficients; maxima and minima; integrals; the application of the infinitesimal calculus to curves.

Projectiles, harmonic motion; momentum; energy; power. Equilibrium of rigid bodies in two dimensions; link polygons; virtual work. Simple machines, e.g., tackle, cranes, engine governors, brakes. Fluid pressure, expansion of a perfect gas, air-pump.

33 *Higher Mathematics*—Lower Mathematics together with :—

Uniform convergence, infinite products, exponential and trigonometric functions of a complex variable.

The elements of the geometry of surfaces.

Taylor's series, partial differentiation; areas and volumes by integration, moments of inertia, the treatment of differential equations occurring in elementary mechanics.

Centres of mass, simple cases of linked mechanisms. Equilibrium of forces in three dimensions; loading of beams, elementary treatment of potential. The motion of rigid bodies in two dimensions. Stability of floatation.

34. *Astronomy*.—Celestial co-ordinates. Astronomical instruments descriptively treated; method of using them and of determining their principal errors. Orbit of the earth. The Ecliptic. Time. Latitude and Longitude. Motion of the moon, simpler calculations, eclipses. Parallax. Refraction. Abberation. Precession and nutation

Stellar maps and catalogues, the nautical almanac; the principal constellation. Descriptive discussion of planets, comets, double stars, nebulae. The simpler processes of computation; reduction of observations and of measurements made on photographic plates.

25. *Statistics*.—(1) Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus—frequency distributions, averages, percentiles, and simple methods of measuring dispersion, graphic methods; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, the practice of the simplest graphic and algebraic methods of interpolation.

(2) Practical methods used in the analysis and interpretation of statistics of prices, wages and incomes, trade transport, production and consumption, education, etc., the more elementary methods of dealing with population and vital statistics, miscellaneous methods used in handling statistics of experiments or observations

(3) Elements of modern mathematical theory of statistics, frequency curves and the mathematical representation of groups generally, accuracy of sampling as affecting averages, percentages; the standard deviation, significance of observed differences between averages of groups, etc., the theory of correlation for two variables

A considerable choice of questions will be given, especially as to paragraph 2, and it will be possible for a candidate without advanced mathematical knowledge to obtain full marks by answering questions under paragraphs 1 and 2.

NATURAL SCIENCES.—Subjects 36-47 The standard of the higher division of a science will be that which is required in the main subject for an honours degree at the universities. The standard for the lower division of a science will be that required in a subject subsidiary to the main subject whether required at the final degree examination or at a preceding examination

40, 41. *Lower and Higher Botany*—Vegetable Physiology will be included in each division.

42, 43. *Lower and Higher Geology*.—Mineralogy will be included in each division

48 *Geography*—Not excluding topics which concern geography jointly with other subjects such as economics, history, physics, botany and geology. There will be practical test which will necessitate a knowledge of cartographical methods and notations, and for this test drawing instruments may be required.

51 *Physical Anthropology*—The subject includes prehistoric archaeology and technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work, consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special but not exclusive, reference to peoples of rude culture, including prehistoric civilization.

52. *Social Anthropology*—Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture, including prehistoric civilization.

53 *Engineering*—Strength of materials, theory of structures, mechanism and dynamics of machines, heat and thermodynamics, surveying, hydraulics including hydraulic machines, electricity and magnetism.

The subject will be treated in a general manner and the questions will be confined to the more elementary parts of the subject. The candidate will be expected to be familiar with graphical methods and to have some skill in mechanical drawing.

54. *Agriculture*—The subject will be treated in relation to Indian conditions. Agricultural chemistry, agricultural botany, and agricultural zoology will be included

NOTES

NOTE 1—From the marks assigned to candidates in each subject such deduction will be made as the Civil Service Commissioners may consider necessary in order to secure that no credit is allowed for merely superficial knowledge

NOTE 2—In view of the importance of legible handwriting in the public service, deductions which may be of considerable amount will be made from the marks of candidates whose handwriting is not easily legible

NOTE 3—In valuing the work of the candidates the Civil Service Commissioners will give credit for good English in all the 54 subjects of the examination, and not only in subjects 1 and 2 which are specially devoted to the language. Among the qualities of good English may be mentioned orderly, effective and exact expression, combined with due economy of words

NOTE 4—Pamphlets containing the question papers used at examinations held in Allahabad have been published by His Majesty's Stationery Office, Imperial House, Kingway, London, W.C.-2, and may be purchased either from that Office or in India that of the examination of 1922 from Messrs Longmans, Green and Company, 6 Old Court House Street, Calcutta, 167, Mount Road, Madras, or 336 Hornby Road, Bombay, and that of the examination of 1923 from the following addresses—Thacker Spink and Co, Calcutta and Simla, Thacker and Co, Ltd, Bombay, Higginbothams, Ltd, Madras and Bangalore. Price 5 Rupees. A pamphlet of the examination of 1924 is being published

NOTE 5—Copies of the Syllabus may be obtained on application to the Chief Secretary to the Government of the province in which the applicant resides.

APPLICATION FORM.

For the use of men seeking admission to the competitive examination for appointment to the Indian Civil Service to be held in the Senate House at Allahabad and commencing on 4th January 1926.

Copies of this form may be obtained on application to the Chief Secretary of the Province.

A copy of the Regulations for the examination is sent herewith. Candidates should consult it to see if they are eligible before filling up this form.

This form is to be filled up and returned to the Chief Secretary of the appropriate Province (see rule 6) in time to reach him on or before 1st August 1925. No application form received after that date will be accepted.

If a candidate who fills up and returns this application form does not receive an acknowledgment of it within a reasonable time he should inform the Chief Secretary of the Province.

Should any of the particulars furnished be found to be false within the knowledge of the candidate he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will be similarly penalised.

NOTES.

Nationality (Rule 8).—If the candidate is a British subject* and he and both parents were born within the British Empire he is eligible as to nationality

If the candidate is a British subject but he or his father or mother was born outside the British Empire he is eligible provided his father has not since the birth of the candidate owed allegiance except to the British Empire or an Indian State. Whether the father's allegiance has changed between the British Empire and an Indian State is immaterial. Whether the candidate is the subject of an Indian State as well as of the British Empire is immaterial.

If the candidate is not eligible under the above paragraphs and he is the ruler or subject of an Indian State a declaration under section 96-A of the Government of India Act is required to make him eligible. Whether he is a British subject as well as the subject of an Indian State is immaterial.

A candidate for whom a declaration under section 96-A is necessary must take early steps in order that the declaration may be in the hands of the Civil Service Commissioners before they issue the communication directing candidates where and when to attend for examination.

Age (Rule 9).—A candidate must send in with this form a certificate from his University showing his date of birth as recorded on entering the University. A Matriculation certificate will be accepted if it contains the date of birth. The certificate will be retained by the Civil Service Commissioners and not returned.

Medical Examination (Rule 10).—A candidate's medical examination will take place as soon as possible after he has been found otherwise acceptable for admission to the examination. A candidate summoned for interview by a Quota Committee or a Local Government should ask at the interview if he is required to attend for medical examination before returning home.

Character (Rule 11).—A candidate must send in with this form copies of three certificates (and not more) of good private character, one from his University or College and two from responsible persons unconnected with his University or College. Copies only are to be supplied at this stage; they will be retained by the Civil Service Commissioners and not returned. Successful candidates will be required to produce the originals.

University Degree (Rule 12).—A copy of the candidate's degree certificate is to be sent in with this form. Successful candidates will be required to produce the originals.

Fees (Rule 15).—A fee of five rupees is to be paid with this form. On acceptance for admission to the examination a candidate will pay a further fee of 100 rupees and will then receive a certificate entitling him to admission to the examination.

Training Voucher (Rule 19).—Candidates who offer any of the subjects numbered 36 to 48, 50, 53, 54 must send in with this form the voucher required by rule 19. The voucher must state that the institution in which the work has been done is authorised to prepare candidates in that subject for a degree.

* The meaning of British subject is made clear by the following extract from the British Nationality and Status of Aliens Act, 1914, as amended by the Acts of 1918 and 1922 —

Section 1—Sub-section (2)—The following persons shall be deemed to be natural-born British subjects, namely —

(a) Any person born within His Majesty's dominions and allegiance; and

(b) Any person born out of His Majesty's dominions whose father was, at the time of that person's birth, a British subject, and who fulfils any of the following conditions that is to say, if either—(i) his father was born within His Majesty's allegiance; or (ii) his father was a person to whom a certificate of naturalization had been granted; or (iii) his father had become a British subject by reason of any annexation of territory; or (iv) his father was at the time of that person's birth in the service of the Crown; or (v) his birth was registered at a British consulate within one year or in special circumstances, with the consent of the Secretary of State, two years after its occurrence; or in the case of a person born on or after the first day of January, nineteen hundred and fifteen, who would have been a British subject if born before that date, within twelve months after the first day of August, nineteen hundred and twenty-two; and

(c) Any person born on board a British ship whether in foreign territorial waters or not.

Provided that the child of a British subject, whether that child was born before or after the passing of this Act, shall be deemed to have been born within His Majesty's allegiance if born in a place where by treaty, capitulation, grant, usage, sufferance, or other lawful means, His Majesty exercises jurisdiction over British subjects.

Provided also that any person whose British nationality is conditional upon registration at a British consulate shall cease to be a British subject unless within one year after he attains the age of twenty-one, or within such extended period as may be authorised in special cases by regulations made under this Act—(i) he asserts his British nationality by a declaration of retention of British nationality, registered in such manner as may be prescribed by regulations made under this Act; and (ii) if he is a subject or citizen of a foreign country under the law of which he can, at the time of asserting his British nationality, divest himself of the nationality of that foreign country by making a declaration of alienage or otherwise, he divests himself of such nationality accordingly.

Sub-section (2)—A person born on board a foreign ship shall not be deemed to be a British subject by reason only that the ship was in British territorial waters at the time of his birth.

DEPARTMENT OF COMMERCE.

RESOLUTION.**TARIFFS.**

Simla, the 6th June 1925.

No 5-T (2).—The Government of India have received and considered the Report of the Tariff Board called for in Resolution No. 38-T., dated the 10th April 1924, of the Commerce Department on the application for protection received from the Magnesium Chloride Industry. They accept the finding of the Board that the applicants have not made good their claim for protection.

2 The report was made available for sale to the general public on Thursday, the 4th June 1925.

ORDER.—Ordered that a copy of the above resolution be communicated to all Local Governments and Administrations, all Departments of the Government of India, the Director-General of Commercial Intelligence, the Indian Trade Commissioner in London and to the Secretary, Tariff Board.

Ordered also that it be published in the *Gazette of India*.

D T CHADWICK,

Secretary to the Government of India.

DEPARTMENT OF INDUSTRIES AND LABOUR.

Simla, the 6th June 1925.

RESOLUTION

The Governor General in Council, with the sanction of His Majesty's Secretary of State for India in Council, is pleased to direct that the following further amendments shall be made in the rules for regulating the grant by Local Governments of licences to prospect for minerals and of mining leases in British India, published with the resolution of the Government of India in the Department of Commerce and Industry, No 7552-7581-121, dated the 15th September 1913, as subsequently amended.—

(1) After rule 45 the following rule shall be inserted —

“45A No assignment of a mining lease or transfer of any right or interest thereunder shall be sanctioned by the Local Government except to a person holding a valid certificate of approval and subject to the condition that the total area (including the area to be assigned or transferred) held under mining leases by the assignee or transferee or those joint in interest with the assignee or transferee within the territories administered by the Local Government shall not exceed 150 square miles in the case of natural petroleum or 10 square miles in the case of minerals other than natural petroleum.”

(2) In rule 50 (vi) the words “to a person holding a valid certificate of approval” shall be omitted.

ORDER.—Ordered that the resolution be published in the Supplement to the *Gazette of India* for general information.

A. A. L. PARSONS,

Secretary to the Government of India.

CALCUTTA UNIVERSITY.**NOTICE.****Sreegopal Basumallik Fellowship on Vedanta Philosophy.**

APPLICATIONS are invited for the appointment of a Lecturer as the Sreegopal Basumallik Fellow on Vedanta Philosophy, of the Calcutta University, for the year 1925.

The Lecturer will be required to deliver a course of at least twelve lectures in English, in December 1925, on Vedanta philosophy, dealing specially with the place occupied by the Vedanta in the philosophical system of the civilised world and of its merits as compared with Western schools of thought. The Lecturer must be well conversant with both the oriental and occidental systems of philosophy.

The honorarium of the Lecturer shall be Rs 4,000.

The Lecturer will have to make over to the University a complete copy of his lectures after their delivery. The University has set apart an additional sum of Rs. 1,000 towards the cost of publication of the lectures.

Applications for the Fellowship should be submitted to the Registrar in writing *on or before the 31st August 1925, together with a synopsis of the lectures* proposed to be delivered.

The applications must also be accompanied by a statement of the qualifications of the candidates and the courses of study in Philosophy (Western and Eastern) pursued by them and by two testimonials

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits, and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Central Revenue, Imperial Secretariat Buildings, Calcutta.

Dacca, the 11th June 1925

H. D. BANERJI, for Director of Agriculture, Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 10th June 1925.

Summary.—During the week general rain fell throughout the province. The fall was heavy in parts of Rajshahi and Chittagong Divisions and generally light elsewhere. Occasional showers with alternate sunshine helped the growth of standing crops and facilitated field operations on the whole, although continuous wet weather damaged the lowland crops in parts of North and East Bengal. The average price of common rice for the province has risen by about 0.25 per cent as compared with that of the previous week.

No 282.—The 16th June 1925 —Babu Rabindra Lal Acharya, Sub-Registrar attached to Dacca, was posted temporarily to Barisal in the district of Bakarganj, with effect from the 19th May 1925, on being relieved of his officiating appointment as Sub-Registrar of Rahmatpur in the same district

No. 283 --The 16th June 1925 —Maulvi Abdul Khaleque Khan, Sub-Registrar, is appointed to be Sub-Registrar of Rahamatpur in the district of Bakarganj, with effect from the 11th May 1925, on being relieved of his officiating appointment as Joint Sub-Registrar of Barisal in the same district

No. 284.—The 16th June 1925 —Maulvi Saiyid Zaki Reza, Sub-Registrar of Azimganj in the district of Murshidabad, on leave, is appointed to be Sub-Registrar of Kalna in the district of Burdwan

No. 285.—The 16th June 1925.—Babu Akshay Kumar Guha, Sub-Registrar of Meherpur in the district of Nadia, is allowed leave on average pay for four months (entire period being on account of privilege leave at his credit) under rule 81 (b) (ii) of the Fundamental Rules, with effect from the afternoon of the 7th June 1925.

No. 286.—The 16th June 1925.—Maulvi Abdul Aziz Khan, probationary Sub-Registrar, attached to Krishnagar in the district of Nadia, is appointed to act until further orders as Sub-Registrar of Meherpur in the same district, with effect from the afternoon of the 7th June 1925, *vice* Babu Akshay Kumar Guha, Sub-Registrar, on leave.

No. 287.—The 16th June 1925 —Babu Jatindra Mohan Nath, officiating Sub-Registrar of Alfadanga, in the district of Jessore, was on leave on average pay for seven days under rule 81 (b) (iii) of the Fundamental Rules, with effect from the 4th April 1925.

No. 288.—The 16th June 1925.—Maulvi Abdur Rashid, Sub-Registrar of Sujanagar in the district of Pabna, was on leave on average pay for three days under rule 81 (b) (ii) of the Fundamental Rules, with effect from the 24th November 1924.

No 289.—The 16th June 1925.—Maulvi Saiyid Amir Hussain, Sub-Registrar of Patashpur in the district of Midnapore, is allowed leave on half average pay for one month under rule 81 (d) of the Fundamental Rules, in extension of the leave granted to him in this department notification No 256, dated the 6th June 1925

COMMERCE DEPARTMENT.

NOTIFICATION.

No 4125Com.—The 17th June 1925.—In exercise of the power conferred by section 18 of the Indian Mines Act, 1923 (1V of 1923), the Governor in Council is pleased to declare that the provisions of that section shall apply to all coal mines and to mines other than coal mines at which more than twenty persons are employed.

J. A. WOODHEAD,

Secretary to the Government of Bengal.

MARINE DEPARTMENT.

NOTIFICATIONS

No. 67 Marine.—The 13th June 1925.—In exercise of the power conferred by section 21 of the Indian Merchant Shipping Act, 1923 (Act XXI of 1923), and with the previous sanction of the Governor-General in Council, the Governor in Council is pleased to make the following rules to regulate the granting of certificates of competency to engineers (including motor engineers), in supersession of the rules published under notification No. 32 Marine, dated the 25th March 1918, as amended by subsequent notifications.

J. A. WOODHEAD,

Secretary to the Government of Bengal.

CHAPTER I.—General Rules.

1 Certificates of Competency granted to persons who pass requisite Examinations.—Certificates of Competency will be granted to those persons who pass the requisite examinations and otherwise comply with the requisite conditions. For this purpose Examiners have been appointed and arrangements have been made for holding the examinations whenever necessary at the port of Calcutta.

2. The term "certificate" in these rules means any certificate referred to in section 12 of the Indian Merchant Shipping Act, 1923. A list of the British Possessions issuing certificates (see section 12 (b) of the Indian Merchant Shipping Act, 1923) is given in Appendix A. Certificates are designated "ordinary" or "motor" according to whether they relate to service in steamships or "motor ships".

3. Value of Certificates.—Until the 1st July 1925, Ordinary Certificates will entitle the holders to go to sea, in the grades certified, as Engineers of any vessels in the British Mercantile Marine. After that date they will not be available for service in ships propelled by internal combustion engines unless endorsed for the purpose, as provided for in rule 37.

Motor Certificates will entitle the holders to go to sea, in the grades certified, as Engineers of any vessels in the British Mercantile Marine propelled by internal combustion engines using oil, spirit, gas or other similar motive agent, but they are not available for service in steamships unless endorsed for the purpose, as provided for in rule 37.

4. Colonial Local Certificates.—The holder of a Colonial Certificate of Competency not granted under the Merchant Shipping Act, or of a Certificate granted after examination on board one of His Majesty's Ships, who wishes to be examined for a Government of Bengal Certificate of the same grade, must prove that he has performed the amount of service required by these regulations for that grade, and complied with the conditions laid down as to testimonials.

All Colonial Certificates of Competency, whether local or issued under Order in Council, must be given up before a further Certificate is issued by the Government of Bengal.

5 Certificates of Service.—An officer who has attained the rank of Engineer Lieutenant or Engineer Sub-Lieutenant in His Majesty's Navy, or in the Royal Indian Marine, is entitled without examination, if an Engineer Lieutenant, to a Certificate of Service as First Class Engineer, and, if an Engineer Sub-Lieutenant, to a Certificate of Service as Second Class Engineer. These officers may be examined for Certificates of Competency on the same conditions as Engineers in the Mercantile Marine.

An officer who has attained the rank of Chief Artificer Engineer in His Majesty's Navy is also entitled without examination to a Certificate of Service as Second Class Engineer.

6. Examination of Engine Room Artificers.—Artificer Engineers, Chief Engine Room Artificers, Engine Room Artificers, and Mechanics in the Royal Navy may be examined for Certificates of Competency on the same conditions as Engineers in the Mercantile Marine.

7 Application by Naval Officers.—The Lords Commissioners of the Admiralty have directed that applications from officers of the Navy for Certificates of Service, or for permission to be examined for Certificates of Competency, must, in the case of officers on the active list, be made through the Commanding Officer to the Secretary to the Admiralty, and, in the case of officers who are on half-pay or who have retired, direct to the Secretary to the Admiralty, who in either case will forward the applications to the Board of Trade.

It is not necessary for applications of Chief or other Engine Room Artificers and Mechanics, who have left the Royal Navy and who desire to be examined for Certificates of Competency as Engineers in the Mercantile Marine, to be forwarded either through their Commanding Officers or through the Admiralty. Men who are still serving in these ratings in the Royal Navy should make their applications through their Commanding Officers.

Artificer Engineers, however, being Warrant Officers, should make their applications in the same manner as that laid down for other officers of the Royal Navy.

8. Time and Place of Examination.—The times and places at which examinations are held are those as from time to time notified in the *Calcutta Gazette*.

N.B.—The examination days are liable to occasional alteration.

9 Application for Examination.—Every applicant for examination must fill up a form of application (Exn. 3), and pay the appropriate fee, at Port Office, signing the declaration on the form of application in the presence of the Chief Examiner. This must be done at least sufficiently early to ensure the form, properly filled in, together with the applicant's certificate of apprenticeship, testimonials, discharges, etc., being lodged with the Examiner of Engineers not later than the day before the day of examination. At least a week's notice should be given by applicants for Motor Certificates, and these notices must be immediately reported by the Examiners to the Chief Examiner.

The Examiner is, as a rule, responsible for seeing that the applications are in order and that the applicants' qualifications are sufficient, but in special cases, if necessary, before allowing an applicant to sit, he will, after seeing that all the required information is clearly stated in the papers, forward them with his observations to the Shipping Master for the verification of services, or to the Chief Examiner of Engineers for instructions, as the case may require, who will either deal with the case or transmit it to the Government of Bengal for decision.

10. Inquiries.—Persons wishing to inquire as to their eligibility for examination must fill up an application form, submit their papers, and pay the appropriate fee in the same way as applicants for examination.

11. Proof of Nationality.—Every applicant for a Certificate of Competency of any grade will be required to produce proof of nationality.

Proof of British nationality will, in ordinary circumstances, involve the production of a birth certificate or of a certificate of naturalisation. If an applicant for examination cannot produce such a certificate he should be asked to furnish such documentary evidence of nationality, or of birth and nationality of parents, as he may be able to obtain, and, if necessary, the case should be referred to the Chief Examiner for consideration.

If the applicant is not a British subject he will, as a rule, be able to produce some official document testifying to his nationality. If there is any doubt as to the authenticity of such document, the Examiner should consult the nearest Consular Officer of the nation to which the applicant belongs. If necessary, the case should be remitted to the Chief Examiner for consideration.

12. Age.—Should any doubt exist as to the age of an applicant, he will be required to produce a certificate of birth.

13 Fee must be paid.—Applicants for examination, and persons inquiring as to their eligibility for examination, will be required to pay the examination fee before any step is taken towards inquiring into their services or testing their qualifications, etc. If any applicant is found not to be qualified, the fee will either be returned to him or placed to his credit until he is qualified.

14 Payment of Fees, and Penalty for Offering Gratuity.—The fee for examination must be paid to the Port Officer. If an applicant offers a gratuity to any servant of the Department, he will be regarded as having committed an act of misconduct, and will not be allowed to be examined for twelve months, either at the port where the offence was committed or at any other port.

15. Table of Fees.—The following fees, respectively, are payable on each occasion on which an applicant presents himself for examination, either for a Certificate of Competency as Engineer, or for the Endorsement of a Certificate:—

	Rs.	A.	P.
Second Class Engineer's Certificate, or its Endorsement ...	20	0	0
First Class Engineer's Certificate, if the applicant holds a valid and appropriate Second Class Certificate of Competency ...	20	0	0
First Class Engineer's Certificate, if the applicant does not hold a Second Class Certificate as above described ...	40	0	0
Endorsement of First Class Engineer's Certificate, if the applicant previously held a Second Class Certificate appropriate to the Endorsement desired ...	20	0	0
Endorsement of First Class Engineer's Certificate, if the applicant had not previously held a Second Class Certificate of this description ...	40	0	0

16. **Fees not returned on Failure.**—If a candidate fails in his examination no part of the fee he has paid will be returned to him.

17. **Sea Service must be Verified.**—Service which cannot be verified by proper entries in the articles of agreement of the ships in which the applicants have served cannot be counted. In all cases the applicants' names must have been duly entered on the ship's Articles as Engineers in their proper ranks.

As discharges and testimonials may have to be forwarded to the Shipping Master for verification, it is desirable that they should be handed in, together with the form of application, as many days as possible before the date of the examination at which the applicant desires to attend. In the absence of the necessary verification the applicant cannot be examined.

In all cases in which certificates of discharge in the home or other trade which have not been officially issued at a Mercantile Marine Office are produced as evidence of any part of an applicant's qualifying service, they should be submitted to the Shipping Master for verification.

18. **Service in Foreign Vessels.**—The testimonials of service of foreign or British Engineers serving in foreign vessels, which cannot be verified by the Shipping Master, must be confirmed either by the Consul of the country to which the ship in which the applicant served belonged, or by some other recognised official authority of that country, or by the testimony of some credible person on the spot, having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case must be decided on its merits; and if the sufficiency of the proofs given appears to be at all doubtful, the point must be referred to the Chief Examiner.

19. **Calculation of Service.**—The applicant's service as shown on his discharges should be reckoned by the calendar month, *i.e.*, the time included between any given day in any month and the preceding day of the following month, both inclusive. The number of complete months from the commencement of the period, ascertained in this way, should be computed, after which the number of odd days should be counted. The day on which the agreement commences as well as that on which it terminates should both be included and all odd days should be added together and reckoned at 30 to the month.

20. **Gaps in Service.**—The Examiner should be particularly careful to ascertain that there are no gaps in the applicant's service during which his conduct is not properly accounted for, before he is allowed up for examination.

21. **Testimonials; Workshop Service.**—All applicants will be required to produce, in addition to the official discharge certificates, testimonials as to their workshop service and as to their service at sea. The testimonials as to workshop service must be signed by the employer, and must testify to the applicant's conduct and ability, and state what kind of work he was engaged on (*e.g.*, fitting, erecting, turning, machine work, etc.) and for how long. (See rule 38.)

22. **Testimonials; Sea Service.**—It is desirable that the whole of the applicant's sea service should be covered by testimonials certifying to his sobriety, experience, ability, and general good conduct, but the usual testimonials will be required for at least the last 18 months at sea preceding the date of the application to be examined. They must be signed by the Master and Chief Engineer, or in the case of testimonials to Chief Engineers by the Superintendent Engineer, and must clearly state whether the applicant was on regular watch, and in regular charge of a watch on the main engines or boilers, also, if not engaged on both engines and boilers, the length of time he served on each separately. It is desirable that testimonials should be endorsed by the Superintendent Engineer.

In cases where a testimonial from the Chief Engineer or from the Master is for any sufficient reason not obtainable, one from the Superintendent Engineer or from the Managing Owner, or Secretary, or Chairman of a large company may be substituted, but, in every such instance, the testimonial must declare that the facts stated are in accordance with the reports made by the Chief Engineer, or the Master, as the case may be, or else that they are within the writer's personal knowledge.

If, in any case, testimonials appear to have been withheld for improper or inadequate reasons, full particulars should be reported by the Examiner to the Chief Examiner.

23. **Physical Defects.**—When an applicant is observed to be hard of hearing, or is labouring under any other obvious physical defect, the signatories of his testimonials are required to mention that defect specifically, and to state whether it in any way interfered with the efficiency of the applicant as an engineer on watch. When these modified testimonials are such as completely to satisfy the Examiner that the defect is not such as to interfere with the efficient discharge of the applicant's duties as engineer, the examination is proceeded with, otherwise the case is referred to the Chief Examiner.

24. **Penalty for Misconduct.**—Applicants who have neglected to join their vessels after having signed Articles, or who have deserted their vessels after having joined, or who have been found guilty of gross misconduct, will be required to produce satisfactory proofs of two years' subsequent service and good conduct at sea, unless the Government, after having investigated the matter, should see fit to reduce the time. Particulars of all such cases should be referred to the Chief Examiner.

25. Foreign Engineers.—Foreign engineers cannot be examined for a First Class Certificate unless they have performed the sea-service stated in rule 34, with the requisite British Certificate. The service may have been performed in foreign vessels if the applicant can produce satisfactory testimonials as to conduct and character, and is able to prove that the service has been in the required capacities, and that during the period of service he has held a British Certificate of Competency of the grade required by the Regulations (*see* rule 18).

26 Knowledge of English Essential.—All candidates including foreigners and British subjects of foreign extraction, must prove to the satisfaction of the Examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel.

27 Issue of Certificate.—If the candidate passes he will receive a form (Exn. 16) authorising the Port Officer to whom it is addressed to issue the Certificate. The candidate's testimonials and other papers will be returned to him when the examination is finished. It is therefore important that the port at which the Certificate is to be issued should be the same on both the form Exn. 16 and the form of application, Exn. 3. If circumstances should make any alteration necessary, the Examiner should see that it is made in both forms; otherwise delay in the issue of the Certificate may be caused.

28 Service found to be insufficient.—If, after a candidate has passed the examination, it is discovered on further investigation that his services are insufficient to entitle him to receive a Certificate of the grade for which he has passed, the Certificate will not be granted to him; but if the Government are satisfied that the error in the calculation of the candidate's services did not occur through any fault or wilful misrepresentation on his part, he may either have the fee returned to him or have it placed to his credit. Should his services entitle him to a Certificate of a lower grade it may be granted to him, and the difference, if any, between the fee paid by him for the superior Certificate and the fee payable for the inferior Certificate will be returned to him or placed to his credit. The superior Certificate will not be granted until the candidate has performed the amount of service in which he was deficient, and has been re-examined in all the subjects, unless the Government see fit to dispense with the re-examination.

29 Copy of Lost Certificate.—An applicant for a certified copy of a lost Certificate, either of Competency or Service, must fill in a form of application, Exn. 23, giving the particulars required, and hand it to the Port Officer. A declaration as to the circumstances in which the Certificate was lost must be made by the applicant before a Magistrate.

CHAPTER II — *Qualifications required for the various grades.**

30 Second Class Engineer.—A candidate for a Second Class Engineer's Certificate, whether Ordinary or Motor, must be not less than 21 years of age.

- (a) **Workshop Service.**—A candidate must have served as apprentice Engineer for four years at least in the United Kingdom or five years in India and prove that during this period he has been employed in the manner set forth in rule 38.

Service as journeyman is accepted in lieu of apprenticeship.

If the character of the workshop service performed is not of the standard prescribed, additional service will be required as explained in rule 39.

If the total period of the candidate's workshop service, as calculated in accordance with these Regulations, is less than four or five years as the case may be, the candidate may make up the deficiency by service at sea, either (1) on day work on board foreign-going steamships of not less than 66 nominal horse-power, and/or motor ships of not less than 373 brake horse-power, or on regular watch on the main propelling machinery of such ships, or (2) on regular watch on the main propelling machinery of home trade steamships of not less than 66 nominal horse-power, and/or motor ships of not less than 373 brake horse-power, such service to be counted as equivalent in the case of (1) to two-thirds, and in the case of (2) to four-ninths of service as apprentice Engineer or journeyman. No day work at sea performed before the age of 21 years will be accepted.

* These qualifications are shown in tabular form in Appendix I

- (b) **Sea Service.**—In addition to the above workshop service or the alternative sea service, a candidate must have served at sea for a period equivalent to 18 months in foreign trade, as engineer or regular watch on the main propelling machinery of steamships or not less than 66 nominal horse-power, and/or motor ships of not less than 373 brake horse-power. Time served in the home trade is reckoned at two-thirds of the time similarly served in foreign trade. For an Ordinary Certificate, at least two-thirds of the required period of service must have been performed in steamships, and for a Motor Certificate at least two-thirds must have been performed in motor ships. The remainder of the service, in each case, may be performed in either steam or motor ships.

31. **Second Class Certificate : Syllabus of Examination.**—A candidate for a Second Class Certificate, whether Ordinary or Motor, is required—

- (a) to write legibly, spell correctly, and express himself, generally, in creditable English.
- (b) to show sufficient knowledge of the metric system, etc., and of mathematics for dealing successfully with simple problems relating to mechanical principles, beams, safety and relief valves, consumption of fuel and stores, capacities of bunkers, tanks, etc., speed of vessels, strength of pipes and receivers, subjected to internal pressure, stresses in shafting and other parts of the machinery, etc.
- (c) to be familiar with the physical characteristics of the metals and other materials commonly used by sea-going Engineers :
- (d) to have a creditable knowledge of the facts relating to steam, heat, combustion and the formation of smoke.
- (e) to understand the use, construction, and principles involved on the action of the pressure gauge, thermometer, barometer, salinometer, and other meters commonly used by Engineers on board ship :
- (f) to be able to state the causes, effects, and usual remedies for incrustation and corrosion :
- (g) to know how to make good the results to the machinery of ordinary wear and tear, how to test the fairness of shafting, how to correct defects due to corrosion, flaws or accident, and how a temporary or permanent repair could be effected in the event of derangement or total breakdown
- (h) to understand the construction of centrifugal, bucket, and force pumps, the principles on which they act, and the general requirements concerning bilge and ballast pumping systems :
- (i) to understand the construction and working of steering-engines and gears, electric light engines and dynamos, electric motors, refrigerating machinery, hydraulic machinery, and such internal combustion engines as are used to drive ships' launches, emergency and auxiliary machinery on board ship.
- (j) to be able to apply the indicator, calculate the mean pressure and horse-power, and understand, generally, the fluctuation of pressure in the cylinder as shown by the diagrams obtained
- (k) to have a fair knowledge of the rudiments of projection, and be able to make a dimensioned working drawing of some simple part of the machinery with which he ought to be familiar, or to complete and develop a given example

32. **For an ordinary Certificate.**—The candidate must also be prepared to be examined in the following subjects —

- (a) the methods of constructing marine steam engines and boilers, as used in the workshops, the processes to which the several parts are submitted, or which are incidental to their manufacture ; and the methods employed in fitting the machinery on board ship
- (b) the various designs of paddle and screw steam engines (including turbines) now adopted ; the functions of each important part, and the attention required by the different parts of the machinery on board ship
- (c) the methods of testing and altering the setting of the slide valves, and the effect produced in the working of the engines by definite alteration of the valves' setting :
- (d) the construction and working of evaporators, feed heaters and feed filters
- (e) marine boilers of various modern designs ; the manner of staying them, and also of preventing their movement when the vessels in which they are fitted are rolling heavily, etc. ; the determination, by calculation, of a suitable working pressure for a boiler of given dimensions
- (f) the use and management of boiler fittings and mountings, with special reference to the water gauges (*see Appendix F*) and safety valves, the precautions necessary to be taken when raising steam, and when opening stop valves to admit steam to steam pipes, etc. :
- (g) the installations generally employed, respectively, for forcing draught, super-heating steam, and burning oil fuel ; the attention they require when working, and the care necessary for their maintenance in satisfactory condition.

33 **For a Motor Certificate.**—The candidate, in addition to compliance with rule 31, is required—

- (a) to be able to give a clear explanation of the principles on which oil, gas, or other internal combustion engines work, including the methods of ignition, to point out the differences between them, and to show, by means of sketches and otherwise, that he understands the details of the construction of those in general use;
- (b) to be familiar with the various methods of supplying air and fuel to the cylinders of engines of different types; the construction of the apparatus for carburetting, atomising or gasifying the fuel; the means of cooling the cylinders, pistons, etc.; and construction and working of air compressors
- (c) to have a satisfactory knowledge of the methods of constructing marine internal combustion engines, as used in the workshops, the processes to which the several parts are submitted, or which are incidental to their manufacture, and the methods employed in fitting the machinery on board ship.
- (d) to know what attention is required to be paid to the various parts of the machinery, and to understand the use and management of the different valves, pipes and connections;
- (e) to be able to state and describe the chief causes which make the engines difficult to start, and to explain how he would proceed to remedy any defects arising therefrom, also, to show that he understands the mechanism of the starting and reversing arrangements, and is competent to deal with any defects therein
- (f) to be able to explain the principle, construction and arrangement of primary and secondary batteries, and induction coils, so far as is necessary for the efficient management of an oil engine.
- (g) to possess a good working knowledge of the construction and management of auxiliary steam boilers and machinery
- (h) to be familiar with the nature and properties of the various oils, etc., generally used in internal combustion engines, and to understand what is meant by "flash" point, also to have a knowledge of the explosive properties of the gas or vapour given off by these oils, etc., when mixed with a definite quantity of air, and to be thoroughly conversant with the danger of exposing a naked light to such gas or vapour, or of allowing any leakage from the oil tanks, gas producers, pipes, vapourisers, etc., particularly into the vessel's bilges and other unventilated spaces
- (i) to understand thoroughly the precautions to be taken against fire or explosion from oil or gas, and how to deal with fire should it break out, also to be familiar with the action of wire gauge diaphragms, when placed in pipes and connections to oil tanks, etc., for the purpose of preventing the explosion or ignition of the oil vapour therein.

34 **First Class Engineer.**—A candidate for a First Class Engineer's Certificate, whether Ordinary or Motor, must not be less than 22½ years of age.

Sea Service.—The candidate must—

- (a) have served at sea in foreign trade for eighteen months, on regular watch on the main propelling machinery, as Senior Engineer in charge of the whole watch (*see* rule 42), or
- (b) have served at sea in the home trade for 2 years and 3 months as First Engineer; or 3 years as Second Engineer, or 3 years and 9 months as Third or Fourth Engineer, being Senior Engineer in charge of the whole watch on the main propelling machinery; or
- (c) possess, or be entitled to, a First Class Certificate of Service.

Subject to the provisions of rules 36 and 37, the whole of the required period of qualifying service must have been performed while in possession of a Second Class Certificate of the same description (Ordinary or Motor) as that for which the candidate wishes to be examined, and it must have been performed in steamships of not less than 99 nominal horse-power and/or motor ships of not less than 560 brake horse-power. At least two-thirds of the required service must have been in ships of the type (steam or motor) to which the desired Certificate relates, the remainder of the service may have been in either steam or motor ships.

35 **First Class Engineer: Syllabus of Examination.**—The candidate is required—

- (a) to display a superior knowledge of all the subjects specified in rule 31 and in either rule 32 or rule 33 as the case may be;
- (b) to show that he understands how to maintain in good working condition any machinery or other appliances which may be placed in his charge, how to provide against defects and breakdowns; and also to show that he is competent to carry out or direct any ordinary repairs or renewals that may be required

- (c) to be acquainted with the usual structure of an ordinary steel ship, and understand how to preserve in good condition such parts as the bilges, bunkers, tanks under the boilers, etc. :
- (d) to be able to recognise from an indicator diagram any irregularity in the working of the engine which it may show, to know how this might be rectified, and to be able to sketch approximately the difference any alteration in the working of the valves, etc., would produce in the diagram.
- (e) to be able to make a satisfactory working drawing of one or more of the principal parts of the machinery, or other appliances with which he ought to be familiar, or to complete and develop a given example, and supply the figured dimensions and other particulars necessary to enable the part or parts depicted to be made from the drawing.

For an Ordinary Certificate.—The candidate is also required—

- (f) to be thoroughly conversant with the principles and practice of surface condensation, superheating, and the working of steam expansively, and with the economical and efficient use of coal and oil fuel

For a Motor Certificate.—He is also required—

- (g) to know how the flash point of an oil is ascertained, and be capable of determining experimentally that of any sample when the necessary apparatus is provided.

36. **First Class Certificates without Second.**—The Government of Bengal may see fit to allow an applicant who, in consequence of service abroad, has had no opportunity to obtain a Second Class Certificate, either Imperial or Colonial, to be examined for a First Class Ordinary, or Motor, Certificate, although he does not possess a Certificate of the lower grade, provided he is able to satisfy them as to the satisfactory character of his services, but these must be ample both as regards length and experience. As a rule, at least 4 years' sea service, a fair proportion of which must have been in a responsible capacity, and qualifying for a First Class Certificate, will be required; but all applications under this rule should be submitted by the Examiner to the Chief Examiner for consideration.

If any such candidate fails to pass the examination for the First Class Certificate, but passes that for the lower grade, he may be given a Second Class Certificate of Competency, but no part of the fee will be returned. If he fails in practical knowledge, he may be re-examined for a Second Class Certificate only, subject to the usual regulations relating to such failures.

Until the 1st July 1925, the holder of a Second Class Ordinary Certificate may be examined for a First Class Motor Certificate without previously obtaining a Second Class Motor Certificate, provided that he proves that he has served for at least 18 months at sea in a capacity qualifying for First Class, in a suitable motor vessel.

37 **Endorsement of Certificates.**—The holder of an Ordinary Certificate may, at any time, have it endorsed to the effect that he is competent for service in the appropriate capacity in motor ships, provided that he proves at least 9 months' service in foreign trade or 13 months in the home trade in a qualifying capacity, in motor ships of horse-power not less than that required by these Regulations, and passes the appropriate examination. The holder of a Motor Certificate may have it endorsed for service in steamships provided that he proves at least 12 months' service in foreign trade or 18 months in the home trade in a qualifying capacity in steamships of horse-power not less than that required by these Regulations and passes the appropriate examination.

Sea service performed in charge of a watch in vessels of the required horse-power whilst holding a Second Class Certificate, either Ordinary or Motor, will be accepted as qualifying for First Class Endorsement of either denomination, provided that in the case of an Ordinary endorsement the necessary experience has been gained on both main engines and boilers of a steamship. (*See rule 42.*)

38. **Workshop Service.**—A candidate is expected to have served not less than four years in the United Kingdom or five years in India as apprentice Engineer or journeyman, at the making or repairing of steam or internal combustion engines such as would be recognised as affording useful training for a marine engineer. No time served before the age of 15 will be accepted.

Not less than two years in the United Kingdom or three years in India of this period should have been devoted to fitting, erecting or repairing engines of suitable size, either in the works or outside, and the remaining two years may have been spent (1) on work of this nature, (2) on work in other branches of the trade, subject to the time allowances specified in the schedule below; (3) at an approved technical school, subject to the conditions specified in rule 41.

SCHEDULE OF TIME ALLOWANCES in respect of workshop service, other than fitting, erecting or repairing, but performed in connection with engines of the nature indicated above. Total maximum allowance two years.

Turning	...	Full time.
Working in drawing office	...	Full time up to one year, and beyond one year one-half time.
Brass finishing (good heavy work)	...	Full time up to one year, and beyond one year one-half time.
Boiler making or repairing	...	One-half time.
Pattern-making	...	One-half time, with a maximum allowance of one year.
Smith work	...	One-half time, with a maximum allowance of one year.
Planing, slotting, shaping, and milling	...	One-third time.
Coppersmith work	...	One-third time, with a maximum allowance of six months.

In the event of the apprenticeship time being extended to five years in the United Kingdom or six years in India or more, four years at turning followed by one year in the United Kingdom or two years in India at fitting or erecting may be accepted as qualifying.

This rule applies only to works at which the making and/or repairing of engines, boilers, etc., forms part of the regular business for which the works exist. Service at works where the repairing of engines, boilers, etc., is merely incidental to the running of plant, however large, which is used for the production of power for other machinery, etc., should be dealt with under rule 39, each case being considered on its merits.

39. Workshop Service where engines of suitable size are not made or repaired.—Workshop service other than that mentioned in rule 38, may be accepted if it is considered useful training for a sea-going Engineer, but each case must be submitted to the Chief Examiner for consideration before the applicant is examined. For every 12 months of such service accepted, the applicant must have performed at least an additional three months' service on marine engines (steam or motor), either in the works or at sea on regular watch on the main propelling machinery or on day work; and a longer additional period may be required if the deficient character of the service warrants further compensation.

40. Service in Colonial and Foreign Workshops.—Rules 38 and 39 apply to service in the United Kingdom and/or India only. Service in a Colonial or foreign workshop will not be accepted unless the Examiner is satisfied in each case that its value is substantially equivalent to that of service performed in the United Kingdom and/or India. In cases where the Examiner is not satisfied that the value is equivalent, he should refer the matter to the Chief Examiner.

Workshop service in India is in no case to be taken as equivalent to more than four-fifths of the same period of service in the United Kingdom.

41. Technical Schools.—Time spent at an approved day Technical School, where there is an engineering laboratory, is, subject to the conditions mentioned in Appendix H, accepted as equivalent to workshop service, usually in the ratio of three years in the Technical School to two years' workshop service, provided also that the applicant has taken the full engineering course, and can produce the Principal's certificate for regular attendance at all the approved classes, and for satisfactory progress.

Time spent in attending evening classes in Engineering at approved Technical Schools will similarly be allowed to count under the following conditions:—

- (1) each applicant claiming an allowance for time spent in attending evening classes at a Technical School must produce a certificate signed by the Principal of the School to the effect that he has attended regularly at a definite class or classes, which should be specified, and has made satisfactory progress. This certificate must also state the total number of hours spent by the applicant in attending each class;
- (2) time spent by the applicant in attending such classes as have a direct bearing on the training of a Marine Engineer will be reckoned at the rate of five hours to one day. The total number of days so obtained will then be accepted in lieu of a certain fraction of the same period of workshop service. This fraction will be fixed for each school at the time of approval, and will generally be two-thirds;
- (3) an applicant who has attended a Technical School in the evening, while being employed as an apprentice Engineer or journeyman during the day, must, in order that the school time may be accepted, produce satisfactory proof that he has spent the full working day in the works at which he is employed before attending the school. Such proof will usually take the form of a statement in the text-book or on a separate sheet.

Time spent in foreign technical schools can in no circumstances be recognised.

For list of approved technical schools and time allowed for attendance at each see Appendix G.

42. Sea-service.—The sea-service required by these Regulations is, unless otherwise stated, service performed in foreign-going ships propelled by engines of at least the horse-power specified for the respective grades of certificate. The nominal horse-power of a steamship, as given on the Certificate of Registry, may in all cases be accepted by the Examiners; or it may be determined by the following formula:—

$$\text{N.H.P.} = \frac{(3H + D^2 \div S) \div P}{700}$$

where H=heating surface of main boilers in square feet, measured down to the level of the fire bars, but excluding the front tube plate.

D²=square of diameter of low pressure cylinder, or sum of squares of diameters of cylinders in non-compound engines, measured in inches

S=length of stroke of engines in inches.

P=pressure of main boilers in pounds per square inch.

Service in the home or coasting trade is regarded as being equivalent to two-thirds of the same period of time served in the foreign trade except where other allowances are specified (See rules 30, 35, 38, 44, 45, 46 and 47.)

In the case of Indian coasting voyages extending beyond a distance of 500 miles from the port of departure in steamships commanded by Masters holding foreign-going certificates, such service will count as foreign voyages, and will be reckoned as full time, but the time spent in the port of departure or Home port will not be allowed to count. In all cases the length of service is deemed to commence on the date of sailing from the port of departure or Home port and to end on the date of arrival at the Home port.

"Service on regular watch" means officer's watch-keeping service on main propelling machinery for at least eight hours each day. In no case may time spent on clerical work or on fitting or overhauling machinery, either on regular watch or on day work, be regarded as qualifying watch-keeping service.

In the case of applicants for Second Class Ordinary Certificates, service to qualify must be on main engines and boilers, not less than six months being spent on each of these two sections, if the service is not performed simultaneously on both.

In the case of applicants for First Class Certificates, qualifying service means, as a rule, service as Senior Engineer in charge of the entire watch on the main propelling machinery, but service in charge of a boiler room only may be regarded as qualifying, up to a maximum of 12 months. Service as second in seniority in the engine room of a vessel propelled by two or more sets of engines may also be accepted, and this without restriction, but service in the engine room as assistant engineer below this rank may only be accepted at half the actual time value. Service to qualify must have been performed while in possession of a Second Class Certificate except in the case for which provision is made in rule 36. Candidates who qualify by service as second in seniority in the engine room or as assistant engineer below the rank will be subjected to a somewhat more searching examination than those who have performed the required amount of service while in charge of a full watch.

Every applicant should produce testimonials in respect of the qualifying period of his service signed, in each case, by the Chief Engineer under whom his service has been performed, stating his actual rank on watch, the number of engineers simultaneously on watch on the main propelling machinery, and the nature of the duties performed by him. It is desirable that each testimonial be endorsed by the Master of the vessel or by the Superintendent Engineer, testimonials signed only by the Company's Superintendent or other officials should not, as a rule, be regarded as sufficient.

43. Marine Technical Schools.—An applicant for either a Second Class or a First Class Ordinary or Motor Certificate who, within two years from the date of application to be examined, has attended an approved course, comprising general mathematical and scientific instruction at a Technical School recognised by the Government as suitable for the training of Marine Engineers, will be allowed to count time so spent as equivalent to sea service usually in the ratio of three months at the Technical School to two months at sea. Time so spent cannot be accepted as equivalent to more than one-sixth of the total sea service required for either Certificate, but an applicant who has been allowed to count such time on examination for a Second Class Certificate will not be debarred from counting similar subsequent time on applying for examination for a First Class Certificate.

In every case in which an allowance is made for time spent at a Marine Technical School, the applicant will be required to produce the Principal's Certificate for continuous and regular attendance at all the approved classes, and for satisfactory progress.

The applicant must also produce his class note books, which will be forwarded to the Chief Examiner, in order that he may satisfy himself that the applicant has followed the approved course of instruction, and that the remission of sea service claimed may be allowed accordingly.

Applicants for examination who claim remission of sea service should, as a rule, make their claim on form Exn. 3 at least a week before they desire to sit.

A list of the Marine Technical Schools recognised for this purpose is given in Appendix G.

44 Lake or River Service.—Service as watch-keeper on a lake or river vessel of not less than the required horse-power may be accepted under the following conditions for either an Ordinary or a Motor Certificate :—

- (a) the service will only count half as much as sea service, i.e., every two months of lake or river service is only equivalent to one month's foreign-going sea service,
- (b) applicants for Second Class Certificates must prove that, in addition to lake or river service, they have had at least three months' qualifying service at sea in a foreign-going ship of not less than the horse-power specified in rule 30 (b), or four and a half months' similar service in the home trade;
- (c) applicants for First Class Certificates, in addition to lake or river service in vessels of not less than the horse-power named in rule 34, must prove that they have had at least six months' qualifying service at sea, with a Second Class Engineer's Certificate, in foreign-going vessels of not less than the horse-power specified, or nine months' similar service in the home trade.

45 Service in Auxiliary Screw Ships.—Service as Engineer performed on board auxiliary screw whalers and other vessels with auxiliary power not less than that required for a Second Class Certificate may be allowed to count as qualifying for examination for a Second Class Engineer's Certificate to the extent of one-half the time the vessel is actually at sea. If the applicant is able to prove that the main engines were running for longer than this, he will be allowed to count the whole of such extended time.

46 Service in Dredgers, Fishing-boats, Tug-boats, or Pilot-vessels.—Service in sea-going dredgers, fishing-boats, or tug-boats, and in pilot-vessels when on their station or when going to or returning from the same, may be accepted under the following conditions.—Two months of such service is only equivalent to one month's qualifying service in a foreign-going vessel. Applicants for Second Class Certificates may perform all their sea service in sea-going dredgers, fishing-boats, tug-boats, or pilot-vessels, but they must have been on regular watch on the main propelling machinery, the horse-power of which must not be less than that required. Candidates for First Class Certificates must, while in possession of a Second Class Certificate, have served in vessels of at least the horse-power named in rule 34, and have been in charge of the whole of a watch on the main machinery. They must also have served, in a qualifying capacity, for not less than six months in a foreign-going ship, or nine months in a home-trade ship.

This rule will not apply to service on the steam pilot vessels at the Sandheads. Service on the regular watch on board such vessels for the period the vessels are on the station, or when going to or returning from the same, shall be accepted as equivalent to two-thirds of the time performed in foreign-going trading vessels, as in the case of steam yachts.

Where an Engineer is employed on a fishing or other vessel, and is required to do stoking or other work not usually performed by an Engineer in the Mercantile Marine, such service cannot be accepted as qualifying.

The Examiners should in all cases satisfy themselves that service on fishing boats, when claimed as qualifying for a certificate as Engineer, is of a nature similar to that performed by Engineers in the Mercantile Marine.

47. Service in Yachts.—Service performed in yachts, either within or beyond home-trade limits, may be accepted as equivalent to two-thirds of the time performed in foreign-going trading vessels, provided that the applicant's name is entered on the vessel's articles, and that he can prove, to the satisfaction of the examiner, that the time claimed was actually served at sea.

Applicants for Second Class Certificates may perform all their service in yachts, but the applicant must have been on regular watch on the main machinery, and the vessel must be of not less than the horse-power stated in rule 30 (b).

Applicants for First Class Certificates must have served in vessels of the requisite horse-power, and must have been in regular charge of the main machinery. They must also have served for at least three months in a qualifying capacity on board a suitable foreign-going ship. This additional service will, however, not be required in the case of an applicant who has served for 27 months as First Engineer, or for three years as a Second Engineer, of a yacht of the requisite power.

48. Service in cable ships.—A candidate for examination, a part of whose qualifying service has been performed in cable ships, will be required to produce, in addition to the usual evidence, of sea service, a statement or certificate from the owners of the vessel showing the amount of time actually spent at sea. If the time so spent constitutes or exceeds two-thirds of the total time on articles, this total time may be accepted in full as qualifying service, but in the event of the actual sea service falling below this proportion, the deficiency must be made up by additional service at sea before the total time on articles can be accepted in full as qualifying service.

CHAPTER III.—*Conduct of the Examinations.*

49 Strangers not Admitted.—No persons will be allowed in the rooms during the examinations, other than those whose duties require them to be present.

No instructors will be allowed on the premises.

50. Commencement and Duration of Examinations.—The examinations will, as a rule, commence at 10-30 A.M., and will be continued from day to day, until all the candidates are examined.

51. Candidates to be Punctual.—Candidates are required to appear at the examination room punctually at the time appointed.

52. Candidates' Places.—Candidates should be so placed as to prevent one copying from another, and no communication whatever between the candidates should be allowed.

53. Tables to be Cleared.—Before commencing the examination, the tables and desks must be cleared of all scraps of paper, or books that are not used in the examination, and care should be taken that the candidates while in the examination room do not have in their possession any book or paper, except as specified in rules 59 and 60. A sheet of blotting paper will be issued to each candidate with the first examination paper, and it must be returned to the examiner when the last paper is completed each day. The examiner should be careful to see that the blotting paper has not been used by the candidate in solving his problems, or for conveying information to other candidates.

54. Drawing Instruments.—Drawing boards and T squares will be provided by the Government, but the applicants will have to bring with them any drawing instruments they may require.

55. One set of the arithmetical questions should be given to the candidate for the morning's work at 10-30 A.M. and one for the afternoon's at 1-45 P.M., and collected not later than 1 and 4-30 P.M.

56. Order of Examinations.—At the examinations for First and Second Class Ordinary and Motor Certificates, papers on Practical Mathematics, Drawing, and Engineering Knowledge are given, and the candidates are finally questioned verbally on their Practical Knowledge.

Mathematics and Drawing are omitted in the case of examination for the Endorsement of a Certificate for converse service in the same grade

Each paper on Practical Mathematics and Engineering Knowledge contains six questions. The papers will, as a rule, be distributed in the following order:—

Time	Second Class	First Class
First day —		
Morning	Engineering Knowledge 1st Paper...	Engineering Knowledge 1st Paper
Afternoon	Engineering Knowledge 2nd Paper	Engineering Knowledge 2nd Paper
Second day —		
Morning	Drawing	Practical Mathematics 1st Paper
Afternoon	Drawing	Practical Mathematics 2nd Paper
Third day —		
Morning	Practical Mathematics 1st Paper ...	Drawing.
Afternoon	Practical Mathematics 2nd Paper ...	Drawing
Fourth and following days	Verbals . ..	Verbals

57. Examination Papers, when to be opened.—Envelopes containing examination papers are on no account to be opened by any person other than the Examiner, and by him only at the commencement of the examination. He should see that the packet has not been tampered with, and he is expected to take special precautions to preclude the possibility of unauthorised person having access to the papers. All question sheets should be returned to the Chief Examiner at the conclusion of each day's work, except those relating to examinations for Extra First Class Certificates, which may be retained until the conclusion of the examination in question.

58. Rules to be observed during the Examination.—

I. Candidates must not have with them any books, notes, memoranda or paper other than that supplied for use at the examination. If any candidate has brought any such notes, etc., with him he must hand them to the Examiner before beginning his work.

II. Perfect silence must be observed during the examination.

III. Candidates are advised to read the questions carefully, and to confine their attention to the problems as presented, without dealing with extraneous matter. This advice is applicable to all parts of the examination, but especially to the Drawing.

IV. The numbers of the questions to which the working has reference should be clearly indicated, but the questions themselves should not be copied. All work should be done in ink, except as specified on the subject-paper for drawing.

V. Suitable recognition will be given for clear statements, reasoning and calculations in solving the problems.

VI. Candidates will be required to write a report, or letter, in which English composition and legible handwriting will be taken into account; and bad grammar, faulty spelling and errors of punctuation will be discredited.

VII. Additional sheets of paper will be provided by the Examiner, if required. Only one side should be used, and the candidate should sign his name, and write the port and date, at the foot of each sheet. These particulars should also be given on the cover of each answer-book and on each sheet of drawing paper used.

VIII. Reference to the mathematical tables provided for the purpose is allowed, except in respect of questions which distinctly state that such reference is not permissible.

IX. Candidates may, if they wish, use slide-rules for checking their calculations, but in each case the full working necessary for arriving at the result must be shown in ink, otherwise no significance will be attached to the answer.

X. The question papers and mathematical tables, which are the property of the Government, must not be written upon or defaced in any way.

XI. No candidate may leave his seat or the examination room without permission; and if he leaves the room he will not be permitted to go on with any sheet or problem which he had in hand before leaving the room.

XII. Candidates must not communicate with each other or use any unfair means.

XIII. A candidate guilty of any breach of these rules will be subjected to all the penalties of failure, and may be excluded from further examination for such period as the Government may decide.

59 **Mathematical Tables** (Rule VIII).—All candidates for examination may use the examination room books of mathematical tables which must always be kept under the charge of the Examiner, who will be careful to observe that it is not used to conceal memoranda prepared for these examinations. No other books will be allowed unless the question set specially states that a book may be referred to.

60 **Leaving Examination Room** (Rule XI).—In the event of a candidate being permitted to leave the room, the Examiner should substitute other questions for those which have not been attempted.

61. **Penalty for Breach of Rules** (Rule XIII).—The circumstances attending any breach of the Rules or Regulations, or any disorderly or improper conduct in or about the examination room, should be reported immediately to the Chief Examiner, who will in due course advise the Examiner as to any penalty the Government may decide to inflict.

62 **Marking Worked Papers.**—The value of the work done in all four sections of the first and second class examinations (Practical Mathematics, Drawing, Engineering Knowledge, Verbals) will be assessed and recorded in accordance with the following scale —

Marks	0— 49	= Weak, denoted by symbol W.			
"	50— 59	= Consider	"	"	" C
"	60— 74	= Good	"	"	" G.
"	75—100	= Superior	"	"	" S.

In order to pass, a candidate's work should be "Good" in all four sections, but it *must* be "Good" or "Superior" in verbals. A "Consider" in either the Practical Mathematics, Drawing or Engineering Knowledge paper may be counterbalanced by a "Superior" in any of the other sections. Two "Considers" or one "Weak" will entail failure.

63 **Verbals.**—The Examiner should deal with practical, rather than theoretical questions in this division of the examination, and no candidate should be failed in the verbal examination without having been well cross-questioned on the points on which failure takes place.

Questions on the management of engines and boilers at sea, the duties of the supervising engineer, the work to be done to the engines, boilers and auxiliary machinery in port, and the periodical examinations of the working parts, should form part of the verbal examination.

It is considered of great importance that candidates for examination should have an extensive knowledge of the particulars of actual casualties which have occurred at sea, and be able to state how these might have been prevented, and how they were remedied.

Should a candidate have had no personal experience of any defects, and be unable to describe casualties to machinery which may have occurred in the experience of others, he should be closely questioned as to his knowledge of boiler and engine construction and repair.

As it is possible for a candidate to obtain pass marks in Practical Mathematics, although apparently unable to calculate horse-power from indicator diagrams, strength of boiler seams, etc., and, further, as a drawing may be passed as such although containing faults of a practical description, examiners should, as far as practicable, scrutinise the worked papers, and in each candidate's verbal examination include questions on such practical deficiencies as may appear in his papers.

The points on which a candidate fails in verbals must be reported on Exn. 37.

64. **Examination Results.**—The results of examinations should be communicated to all candidates.

65. Voluntary Retirement to be discouraged.—Voluntary retirement from any examination should be discouraged. Each first and second class candidate should be taken through the whole examination, at least on first presenting himself, in order that his ability in all four sections of the examination may be ascertained and recorded.

66. Failure in Examination.—Failure in subjects ignorance of which might lead an Engineer to do something actually unsafe in the management of any part of a ship's machinery (*e.g.*, questions on manipulation and reading of the water-gauge, the danger of fire and explosion in motor vessels, etc.), will be regarded as failure in practical knowledge, and any candidate so failing may not present himself for re-examination until he can produce proofs of six months' further service at sea in a qualifying capacity, as engineer on watch on the main engines or boilers of a foreign-going ship, or its equivalent in the home trade (nine months), subsequent to the date of failure.

Should a candidate fail through ignorance of fundamental principles or on account of general defectiveness throughout the examination, he should not be re-examined until after a lapse of six months. In such a case, if the candidate's deficiencies indicate the necessity for further study rather than practical experience, he need not be required to perform additional sea service.

In ordinary cases of failure, the candidate may present himself for re-examination at any time, but if he fails three times in any part or parts of the examination within any period of three months, he will not be re-examined until after a lapse of three months from the date of the last failure.

In any cases of failure the re-examination must embrace all the subjects

67 Reports of Examinations.—Reports of examinations on form Exn. 37, together with the candidates' applications (form Exn. 3) duly completed, their lower grade Certificates, if any, and all examination papers which have not already been forwarded, should be sent to the Chief Examiner as soon as the examinations are finished. The candidates' discharges and testimonials, except such as are directly addressed to the Examiners, should be returned to them.

68 Issue of certificates of competency.—Certificates of competency shall be made and issued by the Government in the forms hereunto annexed.

69 The certificate to be in duplicate.—Every certificate of competency shall be made in duplicate and one copy shall be delivered to the person entitled to the certificate and the other shall be kept and recorded by the Port Officer, Calcutta.

EXAMINATION IN PRACTICAL MATHEMATICS

*Specimen papers for both Ordinary and Motor Examination.***Second Class.****First Paper.**

Do not deface or make any marks whatever on this paper.

Memoranda to be used in working the problems will be found on the first page of the answer book.

Do not copy the questions, but be careful to work the problems on the appropriate numbered pages of the answer book

The following six questions are for both Ordinary and Motor Examination:—

1 If the effective diameter of a paddle wheel is 17 feet, how far does the ship advance when the crank shaft turns through 21.47 radians, allowing for 9 per cent. slip?

2 Find the area of water level of a cylindrical boiler, whose diameter and length are 12 feet and 11 feet, respectively, if the distance from the crown of the boiler to the water level is 3 feet 2 inches.

3. How does the strength of a rectangular beam vary in proportion to its length, breadth and depth, respectively?

A beam $2\frac{1}{2}$ inches deep and $1\frac{1}{2}$ inches broad, will safely stand a load of 510 pounds at its middle, the supports being 4 feet apart. How much would a beam of the same material, $6\frac{1}{2}$ inches deep and 3 inches broad, safely carry if the distance between the supports is 6 feet 8 inches?

4 A safety valve weighing 21 pounds is loaded by means of a lever and weight. The distance between the fulcrum and the centre line of the valve is 3 inches. The lever weighs 4 pounds and its centre of gravity is 10 inches from the fulcrum. If the valve blows off at a pressure of 85 pounds per square inch when a weight of 48.1 pounds is placed at a distance of 1 foot 10 inches from the fulcrum, what is the diameter of the valve?

5 A vertical cylindrical tank, fitted with a hemispherical bottom, is 70 inches in diameter. It contains 35 hundredweights of oil of specific gravity 0.89. What is the depth of oil at the centre?

6 Define specific gravity.

A 7 inches square log, 6 feet in length, floats in fresh water. If its specific gravity is 0.55, find what weight of lead would be required on top of it, to cause the log to float awash.

Second Paper.

The following three questions are for both Ordinary and Motor examination.—

7 What is "Acceleration," and how is it measured?

A body is projected vertically upward with a velocity of 1,200 feet per second. Find the greatest height to which it will rise, and the time taken.

8 A mild steel tie-bar is 18 feet long, and is made of angle bar 3.5 inches \times 2.5 inches \times 0.42 inch. If the total pull on the bar is 19 tons, find the stress in pounds per square inch, and the extension of the bar. Take $E=13,500$ tons per square inch.

9 The thickness of the shell plating of a cylindrical boiler is $\frac{7}{8}$ inch, the diameter of the boiler is 8 feet, the strength of the joint compared with the solid plate is 74 per cent and the tensile strength of the plate is 28 tons per square inch. What would be the factor of safety with a working pressure of 155 pounds per square inch?

The following three questions are for Ordinary examination only :—

10. The boilers of a vessel contain 218 tons of water, and at the commencement of a voyage they were filled with fresh water. At the end of that voyage, owing to a leak in the condenser, the density of the water in the boilers was 3·75 thirty-seconds. If the average density of the water in the hotwell had been 0·15 thirty-seconds, how many tons of water have been evaporated during the voyage?

11. What is meant by mean referred pressure?

The diameters of the cylinders of a triple expansion engine are respectively 25, 46 and 69 inches, and the mean effective pressures are respectively 56·2, 21·1, and 10 pounds per square inch. Find the mean pressure referred to the low pressure cylinder, and the indicated horse-power with a piston-speed of 820 feet per minute.

12. Steam is admitted to a cylinder at a pressure of 185 pounds per square inch by gauge, and the cut off takes place at 0·37 of the stroke, the clearance being equal to 4·9 per cent. of the stroke volume. Find the *absolute* pressure when the piston has passed through 0·86 of its stroke, taking the effect of clearance into consideration.

The following three questions are for Motor examination only —

10. The fuel injection valve of a two-stroke cycle engine opens when the crank is 6 degrees in advance of the dead centre, and closes when the crank is 34 degrees past the centre. For what length of time is the valve open on each occasion, when the engine runs at 140 revolutions per minute?

11. An engine is using 100 pounds of oil fuel per hour, the calorific value of the oil being 18,400 British thermal units per pound. If the exhaust gases contain 28 per cent. of the heat generated, what is the equivalent horse-power passing away with the exhaust?

12. The diameter of the cylinder of a four-stroke cycle engine is 381 millimetres, and the stroke of the piston is 530 millimetres. Calculate the indicated horse-power at 205 revolutions per minute, the mean effective pressure being 97 pounds per square inch.

First Class.

First Paper.

Do not deface or make any marks whatever on this paper

Memoranda to be used in working the problems will be found on the first page of the answer book.

Do not copy the questions but be careful to work the problems on the appropriate numbered pages of the answer book.

The following six questions are for both Ordinary and Motor examination —

1. What is angular velocity?

The angular velocity of an engine flywheel is 15·5 radians per second. If the stroke of the engine is 3 feet, find the piston speed in feet per minute.

2. A truck weighing 3 tons, and having a resistance on the level of 16 pounds per ton, is dragged up an incline of 1 in 20 at a speed of 50 feet per minute. Find the horse-power exerted.

3. Write down the formulæ used in finding the maximum bending moment in the following cases, and explain how they are obtained —

(a) a beam, supported at the ends, and loaded at mid-length.

(b) a cantilever, loaded at its free end.

In each case the weight of the beam is to be taken into account

A cantilever, 10 feet long and weighing 0·25 hundredweight per foot run, is loaded at its free end with a weight of 200 pounds. Determine the maximum bending moment.

4. Two ships leave a port for another, 320 miles away. The slower ship leaves 6 hours ahead of the other, which is 3 knots faster, but arrives 5 hours after the faster ship. What are the speeds of the ships?

5. A cylinder cover weighing 17 hundredweights is lifted by means of a chain having a hook at each end and a ring in the middle. The hooks are attached to eyebolts screwed into the cover 4 feet 6 inches apart. If the tension on the chain when the cover is suspended is 0·58 of a ton, what is the total length of the chain in feet?

6. A ship of 7,900 tons displacement and having a water-level area of 12,560 square feet, passes from sea water of a density of 1,026 to river water of a density of 1,007. During this time 123 tons of coal are burned. What is the total alteration in draught.

Second Paper.

The following three questions are for both Ordinary and Motor examination —

7. Define Stress, Strain, and Modulus of Elasticity. A round iron bar, $\frac{1}{2}$ inch in diameter and 7 feet 5 inches long, stretches $\frac{1}{32}$ inch when a load of 4 hundredweights 40 pounds is suspended from its extremity. Determine the stress, strain and modulus of elasticity of this bar.

8. The longitudinal shell seam of a boiler is lapped and has three rows of rivets, the pitch of the outer rows being double that of the middle row. The plates are $\frac{1}{2}$ inch thick, and the diameter of the rivets is $\frac{1}{4}$ inch. The strength of the plates in tension is

29 tons per square inch, and that of the rivets in shear, 23 tons. If the calculated strengths of the plate and rivet sections are equal, what is (a) the pitch of the rivets, and (b) the percentage strength of the joint as compared with the solid plate?

9 A hollow shaft, $14\frac{1}{2}$ inches in external diameter, is coupled to a solid shaft $12\frac{1}{2}$ inches in diameter. Both shafts are made of the same material and each weighs 394 pounds per foot run. If the torsional stress in the outer fibres of the hollow shaft when running is 8,000 pounds per square inch, find what it will be in the case of the solid shaft.

The following three questions are for Ordinary examination only:—

10 A slide valve has a travel of $6\frac{1}{2}$ inches and an angle of advance of 30 degrees. How far is the valve from its mid-position when the crank has turned through an angle of 35 degrees from either centre?

11 If the boiler efficiency is 67 per cent., and that of the engine 17 per cent., how much coal supplying 13,560 thermal units per pound would be used per horse-power per hour?

12 The high-pressure cylinder of a double-acting triple expansion steam engine is 28 inches in diameter, the stroke is 53 inches and the revolutions 90 per minute. The boiler pressure is 180 pounds per square inch, and the back pressure 6.3 pounds per square inch, both by gauge. The cut-off takes place at 0.4 of the stroke. Neglecting the effects of clearance, and assuming that pressure varies inversely as volume, calculate (a) the mean effective pressure and (b) the horse-power developed in this cylinder.

The following three questions are for Motor examination only.—

10 A four stroke cycle engine has a stroke of 2 feet, and the fuel injection valve opens when the crank is 6 degrees before the top dead centre, and remains open until the crank is 35 degrees past the centre. For how many inches of the piston's travel is this valve open?

11 An engine, the mechanical efficiency of which is 77 per cent., is using oil of calorific value 18,000 British thermal units per pound. If the heat units passing away in the exhaust gases and the cooling water represent, respectively, 28.5 and 28.2 per cent. of those in the fuel consumed, how many pounds of oil are being used per brake horse-power per hour?

12 The cylinder of a four-stroke cycle Diesel engine is 615 millimetres in diameter, and the stroke of the piston is 700 millimetres. Sketch the indicator diagram you would expect to take from this cylinder when the engine is running at 150 revolutions per minute, and calculate the indicated horse-power. If the daily oil consumption is 1.135 tons, what is the hourly consumption per indicated horse-power.

APPENDIX D.

Examination in working drawing.

The subjects for examination in drawing given for Second Class will be of a more simple character than those for First Class. The general requirements will, however, be similar.

The candidate will be expected to show that he is capable of making a dimensioned drawing of a part of the machinery, such that, if the drawing were sent home from a foreign port, the part in question could, if necessary, be accurately reproduced and the new article fitted in place on board the ship on her return, without alteration.

Specimen papers for both Ordinary and Motor Examination.

Second Class.

General instructions.

- 1 Draw the object clearly in pencil, but insert the dimension arrow-heads and figures in ink.
- 2 Working drawings to scale are required, and not pictorial representations.
- 3 Insert all the dimensions necessary for the construction of the object in the workshops, including those given in the question, and those purposely omitted.
- 4 Dimensions may be given in feet and inches, or in metrical units.
- 5 Do not draw more parts than are specified below.
- 6 The diagram to which the question refers is printed on the back of this sheet.
- 7 Credit will be given for correct projection.
- 8 The material of which different parts are to be made should be indicated on the drawing.
- 9 You must not have with you any books, notes, photographs, or paper other than that supplied to you for use at this examination.

Bilge Distribution Valve Box.

The diagrams which follow represent half of a bilge distribution valve box, and a section of one of the covers.

Draw—

- (a) a longitudinal section of the whole of the box, adding one of the valve seats,
- (b) a plan, and
- (c) an end elevation

Particulars of the studs and bolt holes should be given, but none of the covers, valves or spindles need be drawn.

First Class.**General Instructions (as for Second Class).****Bilge Distribution Valve Box.**

The diagrams which follow represent half of a bilge distribution valve box, and a section of one of the covers.

Draw—

- (a) a longitudinal section of the whole of the box, adding the cover, spindle, and all other details pertaining to one of the valves,
- (b) a plan; and
- (c) an end elevation.

Particulars of the bolt holes should be given.

Plate 1.**APPENDIX E.****Examination in Engineering knowledge**

Form to be filled up by all candidates at the examination

EXN. 15 B. Port..... Class for which examined.....

Date..... Candidate's Name.....

What engineering and science subjects have you studied, and what certificates in these subjects do you hold? Mention the technical schools you have attended, and the length of time spent at each.

Specimens papers for Ordinary Examination**Second Class.****First Paper.**

Do not deface or make any marks whatever on this paper.

The questions are not to be copied. The answers should be written on form Exn. 15 or extra paper which will be provided if required.

All the questions should be attempted

1. Write a report addressed to a Shipowner or Superintendent, describing defects in engines and boilers which have come under your notice (or about which you have received information), the causes of the defects and the methods of repair adopted, and suggesting preventive measures.

NOTE—Attention should be paid to composition, spelling and punctuation, as it is important that a Second or Chief Engineer should be able to write technical reports in good English.

2. Describe a method of securing a liner in a large cylinder. In the case of a jacketed cylinder, how are the ends made steamtight?

3. Explain the action of a double-ported slide valve, and illustrate your answer by means of sketches.

4. Give reasons why an internal combustion engine does not use so much fuel oil per horse-power hour as a steam engine with oil-fired boilers.

5. Sketch and describe a flexible and sliding coupling as used in connection with a marine geared turbine. State where this type of coupling is fitted, and explain the necessity for its use.

6. How are the stern tubes supported and secured in a modern twin screw merchant ship? Illustrate your answer by means of sketches.

Second Paper.

7. Describe any special appliances which are used to produce the high vacuum required in the condenser of a marine turbine.

8. Describe a feed heater of the contact type and explain its action. In what position in the engine room is it placed, and for what reasons? What effect, if any, can the use of such a feed heater have upon pitting and corrosion in the boilers?

9. What is the composition and density of ordinary sea water? Under what conditions are salt and scale, respectively, deposited in a boiler?

10. Describe the conditions under which grooving at shell seams is likely to occur. Show how you would effect repair in a serious case of grooving at a shell seam. Illustrate your answer by means of sketches.

11. Enumerate in due order the appliances and fittings through which fuel oil passes on its way from storage tank to boiler furnace.

12. Describe some of the precautions which should be taken in order to prevent accident due to water-hammer action in steam pipes.

First class.**First Paper.**

Do not deface or make any marks whatever on this paper.

The questions are not to be copied. The answers should be written on form Egn. 15b or extra paper which will be provided if required.

All the questions should be attempted.

1. Write a report addressed to a Shipowner or Superintendent, describing defects to engines and boilers which have come under your notice (or about which you have received information), the causes of the defects and the methods of repair adopted, and suggesting preventive measures.

NOTE—Attention should be paid to composition, spelling, and punctuation, as it is important that a Second or Chief Engineer should be able to write technical reports in good English.

2. Define the term "ratio of expansion" as applied to a compound engine. How is the total ratio of expansion affected by clearance in each cylinder?

Sketch the combined indicator diagrams of a compound engine.

3. Explain clearly why it is usual, in the case of an inverted engine, to arrange for greater lead at the bottom, and greater steam lap at the top of the slide valve. What is the effect of positive lap on the exhaust side of the valve?

4. Describe, with sketches, a thrust block as used in connection with a Parsons marine turbine. Explain clearly how the propeller thrust is transmitted to the hull of the ship in the case of (a) direct acting turbines, and (b) geared turbines.

5. Describe the construction of double reduction gearing. Explain clearly how the gear is protected from axial thrust, and why this is necessary. Give an account of the principal defects which have occurred in connection with the working of these gears.

6. Why should ballast tanks be either full or empty, but not in partly filled condition? Explain why it is undesirable to fill or empty two or more ballast tanks simultaneously.

Second Paper.

7. What are the scale-forming materials contained in sea-water, and at what temperatures are they deposited?

What is the maximum density at which you would work boilers at sea, and for what reasons?

8. What are the functions of an air pump? Describe an ordinary single acting bucket air pump, with its fittings and connections. Sketch the indicator diagrams you would expect to take from both ends of the pump.

9. Sketch the girders in place on the crown of a combustion chamber, and show in detail how the stays are fitted. Give the dimensions necessary for calculating the working pressure.

10. Explain how cutting a manhole in the shell plate weakens a boiler. Sketch and describe two methods of fitting compensating plates commonly used. How is the size of the plates determined?

11. What advantages are claimed in connection with the transmission of power from the engines to the propeller shaft by electricity? How is this accomplished?

12. What are the properties of carbon dioxide which render it useful as a refrigerating medium? Briefly describe the working cycle of a refrigerator in which it is used.

Specimen papers for Motor Examinations

Second Class.

First Paper.

Do not deface or make any marks whatever on this paper.

The questions are not to be copied. The answers should be written on form Ecn 15b or extra paper which will be provided if required.

All the questions should be attempted.

1. Write a report addressed to a Shipowner or Superintendent, describing defects in main and auxiliary internal combustion engines which have come under your notice (or about which you have received information), the causes of the defects and the methods of repair adopted, and suggesting preventive measures.

NOTE.—Attention should be paid to composition, spelling, and punctuation, as it is important that a Second or Chief Engineer should be able to write technical reports in good English.

2. Sketch and describe the cylinder head for a large Diesel engine. Mention the principal defects to which cylinder heads are liable.

3. Describe a fuel pump for a marine Diesel engine, and explain its action. Show how the quantity of fuel is regulated to suit different loads.

4. Show how ignition is accomplished by electricity, by means of a hot bulb, and by the heat of compression, respectively. Mention the type of engine with which each method is used.

5. How is an intercooler constructed? With which types of air compressors are intercoolers used? Mention the periodical examinations to which they should be subjected.

6. How are the stern tubes supported and secured in modern twin screw merchant ships? Illustrate your answer by means of sketches.

Second Paper.

7. State approximately the calorific value of Diesel oil. What proportion of this heat would you expect to be converted into useful work.

8. Sketch the indicator diagram you would expect to take from the cylinder of a four-stroke Diesel engine, and explain the working cycle with reference to the diagram.

9. Explain clearly how scavenging is effected in a Diesel engine.

10. Describe, with sketches, the construction of any type of boiler with which you may be familiar.

11. Mention the precautions which should be taken against fire or explosion in a vessel propelled by internal combustion engines. How would you deal with an outbreak of fire?

12. Describe a compound-wound electric generator, and explain its action.

First Class.

First Paper.

Do not deface or make any marks whatever on this paper.

The questions are not to be copied. The answers should be written on form Ecn. 15b, or extra paper which will be provided if required.

All the questions should be attempted.

1 Write a report addressed to a Shipowner or Superintendent, describing defects in main and auxiliary internal combustion engines which have come under your notice (or about which you have received information), the causes of the defects and the methods of repair adopted, and suggesting preventive measures.

NOTE.—Attention should be paid to composition, spelling, and punctuation, as it is important that a Second or Chief Engineer should be able to write technical reports in good English.

2 Describe a fuel pump for a marine Diesel engine, and explain its action. Show how the quantity of fuel is regulated to suit different loads. In what respects, if any, does a fuel-pump used for mechanical injection differ from one used in connection with blast injection?

3 Describe the arrangement of pistons, rods, etc., in a large engine of the opposed piston type, and explain their action. What is the difference between the arrangements of the principal working parts in engines of the Junkers, and of the Fullagar types?

4 State approximately the mechanical efficiencies of engines of the two-stroke and of the four-stroke types. Account fully for any difference which may exist between these efficiencies.

5 Give a description of an electrically driven steering gear. Explain its action, and the manner in which it is controlled. Show how the rudder is released when struck by a heavy sea, and how it is automatically returned to its former position.

6 Why should ballast tanks be either full or empty, but not in partly filled condition? Explain clearly why it is undesirable to fill or empty two or more ballast tanks simultaneously.

Second paper.

7 State approximately the calorific value of heavy oil as used in Diesel engines. What proportion of this heat would you expect to be converted to useful work? Give an account of what becomes of rest of the heat, stating the proportion in each case. In what manner might some of the heat usually wasted be applied to useful objects?

8 Sketch the indicator diagrams you would expect to take from the cylinders of—

- (a) a four-stroke Diesel engine.
- (b) a two-stroke Diesel engine
- (c) a Bolinder engine
- (d) a petrol motor,

and explain the working cycle with reference to the diagram in each case. The pressures should be approximately to scale.

9 Explain clearly how both port and valve scavenging are effected in Diesel engines. Discuss the relative merits of both systems. Illustrate your answer by means of diagrammatic sketches.

10. Describe the construction of any type of water-tube boiler. Illustrate your answer by means of sketches, showing the position of all necessary fittings, and give a complete index of the various parts.

11 What are the precautions which should be taken against fire or explosion in a vessel propelled by internal combustion engines? How would you deal with an outbreak of fire? Describe a suitable fire-extinguishing apparatus, and explain its action.

12 Describe a compound wound electric generator. What attention does it require when working? What care is necessary for its maintenance in satisfactory condition? What is the object of the compound winding, and how is it accomplished?

APPENDIX F.

Reading the water-gauge.

Notwithstanding that the reading of the water-gauge is made a special feature in the examination of Engineers, many boiler casualties result from the Engineer of the watch either not understanding the construction of the water-gauge fittings or not satisfying himself by actual trial that the cocks, pipes, etc., are clear.

Unless a candidate under examination is able to prove that he understands how to verify the indications of the water-gauge, he should not be passed in practical knowledge, and, as failure in practical knowledge involves the candidate going to sea for another six months before being eligible for re-examination, the Examiner should explain to such candidate his error, after failing him, in order to prevent further casualties resulting from his want of knowledge on this subject.

The sketches, Figures 1, 2, 3, 4 and 5, Plate I, represent the usual methods of attaching water-gauge mountings to marine boilers, the smoke-boxes being omitted, for convenience, from Figures 3, 4 and 5. The important features in each gauge and the method of verifying its indications are dealt with separately in the following remarks.

Plate 2.

Referring to figure 1 only.

In this case the water-gauge cocks are attached direct to the boiler, and the accuracy of the gauge when the boiler is under steam can be tested as follows.—

First.—Let B remain open, then close cock D and open cock E, and if steam issues it proves that cock B and the passage through the top fitting and gauge glass are clear. If no steam or water issues, either cock B or the passage through the top fitting and gauge glass is choked and the gauge cannot act properly until the obstruction is removed.

Second.—Close cock B and open D and E, and if water issues, cock D is clear. If no water or steam issues, either cock D or the passage from the boiler through the lower fitting is choked and must be cleared before the gauge can act properly.

Referring to Figure 2 only.

In this case the gauge cocks are attached to a bent pipe of comparatively large diameter (at least 3 inches in the bore), the upper end of which communicates with the steam space, and the lower end with the water space of the boiler. Owing to the bore

of the pipe being large, it is not likely to become choked or stopped under the ordinary conditions of working. The water-gauge is, therefore, in practically the same condition as if it were attached direct to the boiler, as in Figure 1. This gauge, when at work, is tested in precisely the same manner as the one shown in Figure 1.

Screw plugs are inserted at P.P. and Q.Q. by the removal of which the apertures in the pipe can be cleared, if necessary, by the insertion of a wire or rod when steam is down.

Referring to Figure 3 only.

In this gauge there is an open communication from A to C through the column Y, and in order to "blow through the glass" it is only necessary to shut cocks D and B alternately, keeping E open. But to "blow through the water-gauge," including the pipes H and I, it is necessary, after blowing through the glass as described above, to shut A and C alternately, at the same time keeping B, D and E open for such time as will ensure the complete discharge of the contents of the gauge and its connections. When B, D and C are clear and A choked, the steam lodging in the glass and in the pipe I leading from column Y to A becomes condensed and the water flowing through C to take its place rises in column Y and in the glass to a level above that of the water in the boiler. In other words, the gauge shows a false level. If now E be opened and water is blown out, then on E being again closed the water in the gauge will rise higher than before and be still further misleading. On the other hand, when B, D and A are clear and C choked, the water, if any, in the glass is trapped and no longer rises and falls with the water in the boiler or with the motion of the vessel, it, however, slowly rises in the glass owing to the condensation of the steam in the upper part of the gauge until such time as E is opened, when the whole of the water in the glass is blown out, and on E being closed, the glass does not show any water, notwithstanding that the water in the boiler may be at the proper level. When the test cocks T.T.T. are attached to column Y, as shown in Figure 3, they cease to be reliable when either cock A or C or the pipe in connection therewith is choked, or nearly choked.

Referring to Figure 4 only.

Sometimes the water-gauge fittings are arranged as shown in Figures 4 and 5, with no passage up the column, the central portion (N) of the column being simply a pillar or connecting piece of any convenient section between the upper and lower portions to which the cocks B and D are attached.

By this arrangement double communications are obviated and there is no need for what is known as "double shut off" in testing the accuracy of the gauge. When, however, the gauges are constructed in this manner, the cocks B and D are unreliable as test cocks in the event of there being no glass in the gauge. This feature should be carefully noted. Moreover, when in working condition, the reduction of pressure in the glass which arises when E is opened causes the water in pipe H to rise above its normal level. This objectionable feature should also be noted.

Referring to Figure 5 only.

Sometimes there is a bend, L, in the steam pipe I leading from cock A to cock B. This has occasionally escaped observation when new boilers have been fitted on board ship. In most cases this bend arises from the pipe being led in an abnormal direction to escape other pipes, beams or fittings near the smoke-box. With such a bend the condensed steam collects in the pipe and falls to the bottom of the bend, and in time it completely fills the pipe from J to K. The steam from K down to the level of the water in the glass is thereby trapped and, as condensation proceeds, leads to a reduction of pressure in the pipe below that of the boiler and an equivalent rise of the water in the bend and also in the gauge glass. When the vessel is quiescent the water in the gauge glass increases in height until cock E is opened or until the pressure in the boiler is so much in excess of that in the lower part of pipe I as to cause the water in the bend to be blown into the gauge glass. In either case instantaneous change of water level in the glass ensues.

In the ordinary course of working, the phenomenon described above is more or less modified by the presence of air in the upper part of the gauge and by the rise and fall of the water in the boiler and gauge glass arising from the rolling or pitching motions of the vessel.

Other Special Points to be noted.

When the cocks A and C are omitted, as in Figure 2, it is owing to the bore of the stand pipe being sufficiently large to enable it to be regarded as part of the boiler. Such pipes require, however, to be examined and cleared at intervals by passing a rod through the holes provided for the purpose at P.P. and Q.Q.

Cocks at A and C are not necessary for the testing of gauges arranged as shown in Figures 4 and 5. Examiners ought, however, to make sure that candidates are aware of the impossibility of testing the reliability of the indications of water-gauges arranged as in Figure 3 when the cocks A and C are absent, and of the effect which the choking of cock A or C or pipe H or I has on the indications of the test cocks T.T.T. attached to column Y.

Probably more than half the steamers afloat are fitted with water-gauges as shown in Figures 3 and 4, and it is therefore specially important that engineer candidates should thoroughly understand their construction, the principle on which they act, and the steps which must be taken to keep them in an efficient condition.

When fitting a gauge glass into its place, it is specially important that it should not be placed so high as to prevent a clearing rod being inserted at G, Figures 1, 2, 3, 4 and 5. This defect, especially if it occurs in a water-gauge attached to a boiler subject to priming, permits a rapid accumulation of scum around the top of the glass and results in the choking of the orifice leading from cock B to the gauge glass in each of the figures.

When a gauge glass is too short, or is placed either too high or too low in the fittings, it is also liable to become choked by the packing material being forced over its ends by the glands whilst being screwed up.

The use of unsuitable or insecure internal pipes in connection either with the ordinary glass gauge cocks of the description shown in Figure 1, or with test cocks which are jointed to the boiler itself, should also be carefully guarded against.

Boiler casualties have resulted from the cocks B and D having the parts wrongly placed as shown in Figure 6, Plate II. In one case of that kind, which forms the subject of Report No. 208 under the Boiler Explosions Acts, the engineer in testing the water-gauge omitted to see that the passages in the cocks B and D were clear *when the handles were in their proper working position*. This defect could easily have been discovered if proper attention had been paid to the condition of the cocks. A defect of this nature may be due to faulty construction originally, or to the handle of the cock having been overstrained, and the neck twisted. Whether the passages in the plugs are fair and clear can, however, be verified in a few minutes. As an illustration, the water cock D, Figure 6, Plate II, can be verified by blowing through E with B shut and then moving the handle of D to one side until it is just closed, and then to the other side until it is again just closed, the proper working position of the handle is about equally distant from each of the above positions. The other cocks can be verified in the same manner.

Plate 3.

Another serious casualty occurred through the handle of the cock A, Figure 3, having been twisted from its original position relatively to the orifice of the cock, resulting in the cock being shut when apparently open.

When a water-gauge, that is clear in all its parts, has been thoroughly blown through, the water in the glass rises above the level at which it formerly stood, immediately the drain cock E is closed, but if left undisturbed for a time it gradually falls to its former position. The amount of rise which occurs on these occasions depends chiefly on the temperature of the contents of the boiler and on the length of the pipes by which column Y is connected top and bottom to the boiler, but in cases where the gauge is of the description illustrated in Figures 3, 4 and 5, it amounts in high pressure boilers to about 4 inches, while the time occupied by the water in returning to its former level ranges from 30 to 40 minutes. The cause of this rise is twofold, namely (a) the displacement of the comparatively cold water in pipe H by hotter and proportionately lighter water from the boiler, and (b) a slight condensation of the steam and a corresponding fractional reduction of pressure in pipe I. The cause of the gradual subsidence of the water in the glass to its former level is also of a dual character, namely, (a) the cooling of the water in pipe H, and (b) the diminution in the condensation of steam in pipe I owing to the collection therein of air released from the steam condensed.

These results will, however, be somewhat modified if the water in the boiler is of higher density than in pipe H, and this will nearly always be the case owing to the condensation of the steam in the glass and upper fittings of the water gauge, causing the water in the lower part to be fresher than that in the boiler.

The Examiner should impress upon candidates the necessity for periodically blowing through the water-gauge on each boiler (no matter what the form may be) in a systematic and thorough manner, and, in cases where a boiler is fitted with two water-gauges, of keeping both in constant use, finally, he should further impress upon them the necessity for keeping the water-gauges well-lighted, clean, and in all respects efficient.

Technical Schools recognised by the Government of Bengal

The following is a list of Technical Schools attendance at which is recognised by the Government as affording remission of some period of the service required to qualify a candidate for examination for a Certificate of Competency as Engineer

(I) Day Classes.

When nothing is stated to the contrary, time spent in attending the day classes in Mechanical Engineering of a recognised Technical School is accepted as equivalent to workshop service in the ratio of three years of the former to two of the latter, provided the applicant was over fifteen years of age (or fourteen years of age in the case of students at Junior Technical Schools) and can produce the Principal's certificate for continuous and regular attendance at all the approved classes and for satisfactory progress. Such time cannot as a rule be accepted as equivalent to more than two years' workshop service

Rankin, Kt., Barrister-at-Law, a Judge of the High Court of Judicature at Fort William in Bengal, is granted, with effect from the 25th April 1925, or the subsequent date on which he avails himself of it up to the commencement of the High Court's annual vacation of 1925, leave on full allowances for two months and one day, and leave on half allowances for the remainder of the period.

Simla, the 2nd April 1925.

No F-896-24.—The following proclamation of the Government of the Colony of Mauritius extending their Maintenance Orders (Facilities for Enforcement) Ordinance No 58 of 1920, as amended by their Ordinance No 20 of 1922 to British India, is published for general information —

Proclamation No 8.

IN THE NAME of His Majesty GEORGE V, by the Grace of God, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, Defender of Faith, Emperor of India,

&c., &c., &c., &c., &c.

A. GRANNUM.—By His Honour EDWARD ALLAN GRANNUM, Esquire, Companion of the Most Distinguished Order of Saint Michael and Saint George, Officer Administering the Government of the Colony of Mauritius and its Dependencies,

LS

&c., &c., &c., &c., &c.

Whereas it is enacted by article 12 of the Maintenance Orders (Facilities for Enforcement) Ordinance, 1920, as amended by the Maintenance (Facilities for Enforcement) Ordinance, 1922, that 'where the Governor is satisfied that reciprocal provisions have been made by the Legislature of any British possession of any territory under His Majesty's protection for the enforcement within such possession or territory of Maintenance Orders made by Courts in Mauritius, the Governor may, by proclamation, extend this Ordinance to Maintenance Orders made by Courts within such possession or territory and on any such proclamation being published, this Ordinance shall apply to such Maintenance Orders as if they had been made in England or Ireland';

And whereas I am satisfied that reciprocal provisions have been made by the Indians Legislature for the enforcement within British India of Maintenance Orders made by Court in Mauritius;

Now, therefore, in virtue of the power vested in me by the above-mentioned enactment, I do hereby extend the Maintenance Orders (Facilities for Enforcement) Ordinance, 1920, as amended by the Maintenance (Facilities for Enforcement) Ordinance, 1922, to Maintenance Orders made by Courts within British India.

GOD SAVE THE KING!

Given at Government House, Port Louis, this third day of February, one thousand nine hundred and twenty-five.

By Command of His Honour the Officer Administering the Government.

H. W. PRICHARD,
Acting Colonial Secretary.

H. TONKINSON,

The 4th June 1925.

No. F.-937-24.—The following amendments to the revised rules fixing the salaries, allowances, furloughs, retiring pensions and (where necessary) expenses for equipment and voyage of the Chief Justice and other Judges of the Indian High Courts, which were published with the notification of the Government of India in the Home Department No. F. 70, dated the 29th December 1922, and subsequently amended, were made by the Secretary of State in Council on the 21st April 1925 and are published for general information. They take effect from the 1st July 1924

1. In Rule 1 of the said rules the following shall be inserted after clause (b) of the definition of "Actual Service" :—

"(c) joining time for a Judge on transfer from one High Court to another".

2. The following new rule 4-A shall be inserted after Rule 4 —

"Section 1-A.—Joining time.

4-A. "A Judge transferred from one High Court to another may be allowed joining time to the extent admissible to a Government servant under the administrative control of the Governor General in Council."

3 The following new rules 37—40 shall be inserted after rule 36 —

"37 When a Government servant, appointed to be a Judge, travels by railway to join his post, he may, at his option and in lieu of drawing travelling allowance under the ordinary rules governing a journey on transfer applicable to him, travel in a reserved first class compartment.

The Government servant, when he avails himself of this concession, must pay to Government the fare which he would have paid if no accommodation had been reserved, and must, in addition, pay in cash to the station master of the station from which the journey commences, the fares for any members of his family accompanying him, whether they share his reserved accommodation or not. When Government pays full tariff rates for the accommodation, all such fares will be credited to Government.

38. When a person not already in Government service is appointed to be a Judge, he may, when travelling by railway to join his post, travel in a reserved first class compartment on the condition described in rule 37

39 When a Judge travels by railway—

(i) when proceeding on or returning from leave, or

(ii) when retiring from the service or proceeding to join another post after resigning office, he may travel in a reserved first class compartment on the condition described in rule 37

40. When a Judge is transferred from one High Court to another, there shall be paid to him the expenditure actually incurred by him on his journey by railway or by steamer to the place of the sitting of the other High Court for the transport of the following persons and goods —

(i) The Judge himself by a reserved first class compartment or a reserved first class cabin (if one is available),

(ii) any members of the family of the Judge normally resident with him who do not travel in the reserved compartment or cabin by passenger train or steamer at first class rates, for the purpose of this rule the family of the Judge means his wife, his legitimate children and his step-children residing with him,

(iii) personal servants, not exceeding eight in number by passenger train or steamer at lowest class rates,

(iv) personal effects, not exceeding the expenditure which would be incurred in the transport of 60 maunds of goods by road and by goods train or steamer, and the expenditure incurred in embarking and disembarking such personal effects, and

(v) conveyance and two horses or a motor car by passenger train or by steamer at owner's risk.

SUIT No 1665 OF 1924

**In the High Court of Judicature at Fort
William in Bengal.**

ORDINARY ORIGINAL CIVIL JURISDICTION

Banku Behari Dhai & Sons *versus* Balai Chand Mitter

Sheriff's sale proclamation.

TO be peremptorily sold pursuant to the order of the High Court of Judicature at Fort William in Bengal in its Ordinary Original Civil Jurisdiction, dated the 20th day of February 1925, made in execution of the decree of this Hon'ble Court, dated the 8th day of July 1924, in the above suit by the Sheriff of Calcutta in his sale-room on the ground floor of the High Court by public auction, on Friday, the 24th day of July 1925 at 12 o'clock noon, the undermentioned property of the defendant Balu Chand Mitter —

All that undivided one fifth part or share of the defendant Balai Chand Mitter of and in all that partly three stoned and partly two stoned brick built messuage, tenement or dwelling house together with the piece or parcel of land thereunto belonging whereon or on part whereof the same is erected and built containing by estimation 4 cottas and 11 chitaks more or less situate lying at and being premises No 69 3 (formerly No 69 2), Sikdar Bagan Street, in Sootanatty in the north division of the town of Calcutta and butted and bounded in manner following, that is to say, on the north partly by premises No 7, Mohun Bagan Lane, and partly by premises No 11, Mohun Bagan Lane, on the east by a private lane, on the south by 69-2, Sikdar Bagan Street, and on the west partly by premises

No 69-4, Sikdar Bagan Street, and partly by Sikdar Bagan Street.

It appears from a search made in the Calcutta Registration office from the year 1865 to 23rd day of May 1925, that the said property of the defendant is affected by no mortgages, charges, trusts or other encumbrance whatsoever save and except one mortgage executed on 21st December 1922 by, (1) Debendia Nath Mitter, (2) Probodh Chandra Mitter, (3) Baluchand Mitter, the defendant herein, (4) Sasadina Mitter, (5) Baikuntha Nath Mitter and (6) Sreemutty Mooklakshi Dassee in favour of one Karmohan Roy Chowdhury, of No. 37, Sovabazar Street for Rs. 8,000 with interest thereon at the rate of 10 per cent per annum payable monthly with quarterly rests in account.

The sum for the recovery of which the suit has been ordered is Rs 1,853 12-2 (besides interest and costs of the execution proceedings).

The condition of sale may be seen at the office of the said Sheriff on the ground floor of the Court-House Calcutta, or at the office of Messrs Mitter and Bural attorneys for the plaintiff firm, at No 11, Old Post Office Street, Calcutta, on any day before the sale and will be produced at the sale.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted Service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominees predecease them after five years of admission. The second quinquennial valuation of the fund has been completed by the Actuary to the Government of India and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant General, Central Revenues, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 17th June 1925.

Summary.—During the week the rainfall was generally light to moderate throughout the Presidency. Preparation of lands for transplanted winter paddy and sowing of seeds in nurseries are progressing favourably. Weeding of jute and autumn paddy continues in East and North Bengal and sowing is still proceeding in some West Bengal districts. The condition and prospects of standing crops are generally satisfactory. The average price of common rice for the province has slightly risen as compared with that of the previous week.

H. D. BANERJI, for Director of Agriculture, Bengal.

Dacca, the 19th June 1925.

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for May 1925.

I. **Character of the season.**—During the month rainfall was general throughout the Province. Precipitation was above the average in fourteen districts and below normal elsewhere. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Sowing of jute and autumn paddy and ploughing of fields for transplanted winter rice were proceeding in the West Bengal districts, while excessive rain impeded the field operations in North and East Bengal.

III. **State of standing crops.**—The state of the paddy crops was generally satisfactory, but jute has been damaged by excessive rain and sudden rise of rivers in East and North Bengal.

IV. **Prospects and probable outturn.**—Excepting damage referred to above the prospects of standing crops were generally satisfactory.

V. **Damage to standing crops.**—Considerable damage to jute was done as stated above in North and East Bengal.

VI. **Condition of agricultural stock.**—The condition of agricultural stock was generally fair. Stray cases of cattle-disease were, however, reported from sixteen districts.

VII. **Failure of pasturage and fodder.**—No insufficiency of fodder was reported from any part of the Presidency.

VIII. **Prices of food-grains.**—During the second fortnight of the month the prices of common rice of the cheapest quality fell in six districts, rose in twelve and remained stationary in the rest of the Province. The price ranged from $4\frac{1}{2}$ seers per rupee at Dacca to $7\frac{1}{2}$ seers per rupee at Bankura.

IX. **Condition of agricultural population.**—The condition of the agricultural population was reported to be fair, on the whole.

R. S. FINLOW,

Director of Agriculture, Bengal.
